UNION LABOR NOMINEE WINS IN SAN FRANCISCO

SAN FRANCISCO, CAL., Nov. 3.—(Special)—Although returns from to-day's municipal election are being slowly counted, it is conceded that Eugene E. Schmitz, the Union Labor nominee for mayor, has been re-elected by about 3,000 plurality. Schmitz, who has been re-elected after serving two years in the office, made his campaign as a straight labor nominee, but secured many Republican votes.

FAKE REFORM IS REPUDIATED; REPUBLICANS BACK IN THE FOLD; BIG LOSSES BY CITIZENS PARTY

Citizens Failed to Carry Many of the Large Wards in Pittsburgh by the Majorities They Had Expected to Secure.

ALLEGHENY DID NOT HELP MUCH

Complete returns from Pittsburgh and Allegheny show that the Republicans have won a victory in the county.

The vote cast in Pittsburgh, as totaled up to the time of going to press, with the Eleventh ward missing, was as follows:

With the prestige of three victories, barrels of money and a payroll army, the Citizens thought that they could not be beaten. The people went to the polls and by their votes showed them that they refused to longer be fooled.

In Pittsburgh the Citizens were routed in most of their strongholds. Wards that they had counted upon giving them the big majorities which were to be used in overcoming the large Republican gains in the country districts were either carried by the Republicans or the majority cut low. Allegheny was expected to roll up at least 3,000 for the fusionists, but it did not. In the country districts the Republicans made even larger gains than they had anticipated.

W. L. Matheus, R.	32,605	Robert E. Stewart, R.	20,338
Joes G. Hill, D.	9,312	Harry L. Goehring, C.-D.	23,716
James W. Dickson, R.	20,418	J. B. Hamilton, R.	20,652
Thomas M. Brown, C.-D.	23,533	John A. Bielchner, C.-D.	23,360

The vote cast in Allegheny, with two precincts out of the 88 in that city not reported, was as follows:

W. L. Matheus, R.	15,025	Robert E. Stewart, R.	8,334
Joel G. Hill, D.	2,705	Harry L. Goehring, C.-D.	10,189
James W. Dickson, R.	8,534	J. B. Hamilton, R.	8,488
Thomas M. Brown, C.-D.	9,793	John A. Bielchner, C.-D.	9,697

The country districts will be sufficiently strong to overcome the fusion majority in the two cities.

An examination of the returns is interesting. The First ward was a great battle ground and, as usual, Alderman S. J. Toole routed his opponents. This time the whole power of the administration was against him. Mayor W. B. Hays had decreed that he was to be wiped off the political map. Monday night it looked as though the powers would win. Tax receipts were being freely distributed in the ward and the Greek army was massed by the Citizens for an attack on the Republicans. John P. McTighe, superintendent of police, personally appeared in the ward yesterday and endeavored to intimidate a Republican worker.

'Squire Toole kept up the fight, however, kept the men holding fraudulent tax receipts from voting, whipped the imported Greek army and won the ward by a majority of 19. The men who led the fight against him were Thomas Delaney of the Twenty-first ward and George S. Fleming of the Fourteenth ward.

The Second ward was turned over to the Citizens by Select Councilman James Platt, who represents the ward in councils and lives in the Twentieth ward. He is a member of the "combine." The majority for the fusionists was 308.

Hays Makes Poor Showing.

The Third ward gave a majority of 2 for the Citizens. The Fourth gave them a lead of 174. This made a majority of 455 in the first four wards of the city, where Murry A. Verner had claimed 1,500. The total vote was only 1,327. Select Councilman P. J. Barry in the Fifth made good for the Citizens. He promised 250 majority and gave the ticket 241.

Mayor W. B. Hays and Superintendent John P. McTighe of the police bureau made a miserable showing in the Sixth ward, their home. In February Hays had a majority of 722. Yesterday he and McTighe secured 192 majority for the Citizens. Hays carried his district by 42 and McTighe won by 74. The Republicans carried the Fourth district by 45 and the precinct by 15.

The Eleventh ward did just what had been predicted. It gave a Republican majority of 198. This is the home of Archibald Machrell, who led the fight this fall. The Citizens have been carrying this ward in former fights by 300 majority.

The Thirteenth ward will be close. The full returns had not been received from it at 1:30 o'clock this morning.

Fourteenth a Hard Blow.

The Citizens were routed in the Fourteenth ward. Brown for sheriff received a plurality of 24 and Goehring won by 2. Last fall the fusionists had a majority of 842. This year the Republicans carried nine districts and tied another, the Third. The Fourth district was lost by the Republicans by 3 and the Sixth by 9. The Seventh, the home of Councilman Christ Beckert, was carried by the Republicans with 42 votes to spare. Councilman John Lauer carried the Eighth for the Citizens by 24 votes. This district is also the home of Controller John B. Larkin. James McQuaide lost the Ninth by 16 votes. This is also the home of E. Y. Breck, chairman of the Bigelow committee. The Tenth is the home of W. J. Moore, the political partner of Councilman W. H. Stevenson. This precinct gave the Republicans a majority of 16. Alexander McKnight, Republican ward chairman, lives in the Eleventh. The Republican majority there was 65. The Twelfth is the home of W. H. Stevenson. The Republicans had a majority of 4. Select Councilman James J. Booth lost the Fourteenth for the Citizens by 12 votes. The Sixteenth, the home of Emil Kuhn, secretary of the Republican ward committee, gave a Republican majority of 14.

The Thirteenth is the home of John C. Henry, who went over to the Citizens in the closing days. When he flopped the Republicans were jubilant. His is the banner Republican district, returning a majority of 126. Yesterday Henry issued this letter to the voters of the district:

Henry Makes a Personal Appeal.

"I want to make a personal appeal to my friends in the Thirteenth district of the Fourteenth ward to support the Citizens ticket at the election tomorrow. The ring is making a personal fight against me, and I want to demonstrate to the public at large that myself and my friends control this district. All votes you can secure for the Citizens ticket I will consider it a personal compliment to me."

The Citizens carried the Fifteenth and Sixteenth wards. The Eighteenth was about a stand-off. The Nineteenth ward, the home of Thomas S. and E. M. Bigelow, gave the Citizens a majority of 91. In February the majority was 522. In the Twentieth the fusion majority is 330, against 430 in February. In the Twenty-first 111 was the majority yesterday and 643 in February. The Twenty-second yesterday gave a Republican majority of 18, while in February it gave Hays 164. The Twenty-third ward, where the Bigelow machine held up the Baltimore & Ohio ordinances, the Republican majority yesterday was 516. This ward gave Hays 293. The Thirty-seventh ward gave the Republicans about 200 this time.

On the South Side the Citizens held most of the wards they had in the spring, but the majorities were not large.

Gains in Allegheny.

Many of the Bigelow machine leaders on the North Side were badly disappointed by the turn things took late last night. The Robinson brothers—A. L., the city treasurer, and John W., select councilman, of whom it has been said "they carry the big Fourth in their vest pockets," saw all their money and effort wasted when the returns were made known. They were beaten by Charles W. Simon, the Republican leader, by about 100.

Mayor Wyman lost his ward, the Second, by 200, although he had working for him Delinquent Tax Collector Harry M. Davidson, Capt. of Police James Wilson and Councilman William E. Kimberlin, William A. Ford, Alexander Bennie, Henry Meyers and Samuel McElroy. They are all residents of the Second.

Director Thomas Scandrett, considered Wyman's best adviser, lost his ward by a small vote. Select Councilman Peter Born of the Seventh ward, a Wyman leader, was beaten in his own district.

Superintendent M. H. Campbell of the police bureau, who claimed 800 majority in the Eleventh ward, saw his estimate go glimmering when figures proved he and his party had lost the Eleventh, Campbell's home.

The boast of the Citizens that they would beat Dr. Dickson in his own district and ward seemed foolish when his vote was counted.

Francis J. Torrance exploded another of the ring's boasts by carrying his district by more than 100 votes. The Citizens said they would beat Torrance in his district.

Victory in the Sixth.

The voters of the Sixth ward repudiated the Bigelow machine and gave the Republican ticket a majority.

Chairman R. H. Jackson of the Citizens party got an awful shock when he saw the figures of the Tenth, his home ward, and had it proved to him that he was beaten. Assistant Superintendent of Po-

CLEAN SWEEP IN THE STATE

Republican Plurality for Pennsylvania Will Go Over 200,000.

AWFUL SLAUGHTER

Solid Democratic Counties Give a Handsome Republican Vote.

CLEARFIELD IS IN DOUBT

THE PITTSBURGH GAZETTE BUREAU,
Press Building.
PHILADELPHIA, Nov. 3.

"I am satisfied that the Republican plurality in the state will be 200,000. If Allegheny county comes up to expectations this estimate will be considerably increased. The result is very gratifying."

Chairman Penrose made this statement at 12:20 this morning. He added that the Republicans had won every judicial contest, the one in Clearfield being very close.

Pennsylvania has given an unexpectedly large majority for the Republican state ticket. Gains are generally reported. Estimates from the 67 counties indicate a plurality for Mathues for state treasurer of 217,784. The other members of the ticket come very close to this. There were Republican gains in 49 counties amounting to 71,006, and Democratic gains in remaining 18 counties of 5,825. There are many surprises. Lehigh county, rock-ribbed in its Democracy, has for the first time in its history elected a Republican judge by a plurality of 1,200. Luzerne county, which two years ago gave Coray, Fusionist, 1,500, was today carried by the Republicans by a majority of 300.

Chairman Penrose, at 11:30 tonight, said that his estimates yesterday on the state would have to be revised; that if the ratio of increase is maintained the

MARYLAND SHOWING REPUBLICAN GAINS

Williams, Republican, for Governor, Running Ahead of the Ticket.

[SPECIAL TELEGRAM TO THE GAZETTE.]

BALTIMORE, Nov. 3.—Not in recent years has there been so heavy a vote polled in this city as that of today. It is estimated that fully 90 per cent of the registered voters exercised the right of franchise. Because of this heavy vote and the numerous candidates on the ticket, the count is necessarily slow, nor is there any likelihood of returns being received until after midnight. Scratching was almost universal. Five of every six voters selected their favorites regardless of their political affiliation.

Early reports in the city show Republican gains, with Williams running ahead of his ticket. The astonishing size of the vote has perplexed politicians of both parties.

Dispatches throughout the state are to the effect that a large vote was polled, with Williams running somewhat ahead of his ticket. The managers of the Democratic campaign insist that they have carried the state for governor and that ties and both sides are claiming success, they will have a safe majority in the legislature on joint ballot and will elect a successor to Senator McComas. Both these claims are denied by the Republican leaders, who claim both the governor and legislature. On the returns received it is impossible to form an opinion.

BATES IS AGAIN ELECTED GOVERNOR OF BAY STATE

His Plurality Over Democratic Candidate Is Estimated at About 45,000.

BOSTON, Nov. 3.—Although somewhat pushed by the exertions of their opponents the Republicans in the state elections today re-elected Gov. John L. Bates by 45,000 plurality. The rest of the state ticket was also elected and the party will probably have the usual proportion of two to one in the legislature of 1903.

The early returns showed that Gov. Bates had made slight gains in the small towns and cities, but this was overcome by the Democrats, who polled up a big vote in Boston for Col. William A. Gaston, the Democratic candidate for governor. The hard work of the party managers in this city resulted in increasing Col. Gaston's plurality of 13,000 last year to nearly 20,000 this year.

In addition to electing their state ticket and holding the legislature the Republicans were also successful in retaining control of the governor's council which will be composed of seven Republicans and one Democrat.

Johnson's Theories Given Hard Blow in Buckeye State.

HANNA'S SEAT SAFE

Indications That He Will Have a Large Majority in the Legislature.

GREAT VICTORY IN CINCINNATI

[SPECIAL TELEGRAM TO THE GAZETTE.]

Columbus, O., Nov. 4.—In his final statement, issued at 1 o'clock this morning, Gen. Dick said:

"Returns received at midnight justify the claim that the plurality of Herrick for governor will reach 125,000. The Republicans have elected 26 senators, the Democrats four, and three are not reported. The Republicans have elected 87 representatives, the Democrats 11, and 12 are not reported. This insures the election of 113 Republicans, a majority of 83 on joint ballot."

The Republicans will carry both Lucas (Toledo) and Franklin (Columbus) counties and will probably carry Cuyahoga (Cleveland), all of which were considered close. They will also carry a majority of the close legislative districts and for the second time within the history of the state will carry Coshocton county.

As was expected the Republicans have made large gains in the country district vote. Added to this is the surprising fact that they are also gaining in the cities, where it was expected Johnson's single tax ideas would take root and bear fruit. The enthusiasm here is intense and the city is wild with marching bands of men.

Victory is Overwhelming.

CINCINNATI, Nov. 3.—(Special.)—Hamilton county has gone overwhelmingly Republican for both state and county tickets. The majority for them

LOW IS BEATEN BY M'CLELLAN

By Almost 70,000 Plurality New York Bows to Tammany.

RESULT A SURPRISE

Brooklyn, Considered Safe for Fusion Ticket, Gives Majority for Democratic Candidate.

GROUT AND FORNES WIN ALSO

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, Nov. 3.—After a remarkable campaign in which there was united against him nearly all of the newspapers and practically every minister of religion in the city, George B. McClellan, son of the civil war general, was today elected third mayor of the Greater New York over Seth Low, Fusionist, the present mayor, by a plurality of about 70,000.

Edward M. Grout was elected comptroller and Charles V. Fornes president of the board of aldermen. These two men were originally on the fusion ticket and were indorsed by Tammany, whereupon the fusionists took their names from the Low ballots and nominated other candidates. It was the nomination of Grout and Fornes by Tammany that caused Hugh McLaughlin, the veteran leader of the Kings county Democracy, to bolt and declare that he would not support men who were not Democrats. In spite of his defection, however, McClellan, Grout and Fornes carried Kings county. The management of their campaign there was taken over by State Senator Patrick H. McCarren when McLaughlin refused his aid.

A surprise was the tremendous change of public sentiment since Mayor Low's election two years ago, when he won by 31,632. At that time he carried all the boroughs but Queens, his plurality in Manhattan and the Bronx being 5,068, in Brooklyn 25,767, and in Richmond 768. In Queens, Shepard, Democrat, had a plurality of 561.

McClellan's Popularity.

Today McClellan carried Manhattan and the Bronx by about 58,000, a gain of 65,000; Brooklyn by about 6,000, a gain of 31,000, and Queens by about 5,000, a gain of more than 4,000. This makes a total net gain for McClellan of about 103,000, as compared with Shepard's vote of two years ago. Low carried only one borough—Richmond—by about 200 votes.

The result was known early and at 8:15 Mayor Low sent a telegram of congratulation to Col. McClellan.

"I congratulate you on your election. If I can be of service to you pray command me."

Turning to newspaper men present the mayor said: "I think the telegram sums up all I have to say tonight."

Col. McClellan, who is at present a member of congress, made the following statement:

"I am deeply grateful to my fellow citizens for their confidence in me. I renew the promises which I made before election. I have no bitterness of feeling for any one.

"I shall go at once to Washington to prepare for the extraordinary session and as soon as the question of Cuban reciprocity is disposed of, I shall turn my attention to the affairs of the city.

Invites Co-Operation.

"I invite the co-operation of every citizen, whether he supported me or not, and regardless of his political views, in the advancement of the city's good. This victory should encourage and unite all Democrats for the presidential contest in 1904."

Charles F. Murphy, the leader of Tammany hall, said:

"The figures speak for themselves and the people have spoken. Of course, we are pleased with the result. It bears

KENTUCKY IS DEMOCRATIC

Beckham Defeats Belknap by 15,000 to 18,000 Plurality.

FRAUD CHARGE MADE

Republican Candidate Will Contest Election on Ground That Beckham Is Ineligible.

ELEVENTH DISTRICT DID WELL

[SPECIAL TELEGRAM TO THE GAZETTE.]

Louisville, Nov. 3.—The re-election of Gov. John C. Beckham, the Democratic candidate, over Col. Morris B. Belknap, Republican, by a majority of 15,000 to 18,000 seems assured. The Republicans concede the election of Gov. Beckham. Col. Belknap will contest the election on the ground of Beckham's ineligibility.

The day in Louisville was an exciting one and the election was bitterly fought. The Republican managers claim they have proofs that in 32 precincts in this city the polling places in Republican precincts were either kept closed all or a part of the time, or removed to obscure places. They also charge ballot box stuffing, the forcible ejection of Republican election officers and the intimidating of negro voters by the policemen and firemen of the Democratic city administration. These conditions led to many fights, the most serious of which occurred between Thomas Kiley, a Democratic election officer, and Jacob Krieger, a Republican officer. Krieger, a Republican election judge, and another Republican election officer resisted an attempt to change the Republican election officers with the result that the polls remained closed until noon. Kiley went out and shortly afterward returned, accompanied by two other men. A row followed and Kiley opened fire on Krieger and his companions. Krieger stood his ground and returned the fire, one of his bullets entering Kiley's head at the right temple. At the City hospital tonight Kiley's condition was reported serious. Krieger is the son of a former bank president.

At Danville, Ky., Fountain Husby's skull was crushed during an election row. At Troy, Philip Reilly was shot by a deputy sheriff for venturing too near the polls. At Lawrenceburg, Constable James Edwards was fatally cut by Oliver Cary, during a fight in an election booth.

Of the 119 counties in the state returns have been received from 28. These give Beckham 34,054 and Belknap 28,776. Over forty of these counties are remote, some of them being nearly two days' journey from telephone or telegraph wires. Louisville and Jefferson county gave Beckham 5,200 majority over Belknap in round numbers. Yerkes, Republican, carried Louisville and Jefferson county at the last gubernatorial election by 5,100. This gain of 10,000 votes, added to Beckham's majority of 9,500 at the last election, insures him a majority of 13,500, if all the other counties in the state duplicate their vote at the last gubernatorial election. Beckham, however, has made a total gain of nearly 2,000 in his total vote from the twenty odd counties heard from.

The eleventh district composed of remote mountain counties, last year furnished 16,000 Republican majority, and will probably duplicate it this year. Returns from that district will not be completed before Thursday. Beckham's majority outside the Eleventh district is estimated at 25,000. None of the counties in the district has been heard from.

Republicans Win in Bryan's State.

LINCOLN, NEB., Nov. 3.—(Special.)—At midnight tonight returns from 14 precincts in Nebraska, outside of Douglas and Lancaster counties, give Barnes, Republican, for supreme court judge, 5,572 majority over Sullivan, Democrat. State Chairman Lindsey of the Republican committee claims that Barnes is elected by from 8,000 to 10,000.

OHIO 120,000 REPUBLICAN

Continued from First Page.

is estimated at between 27,000 and 28,000.

Herrick for governor leads the ticket and the Johnson campaign here seems to have been utterly without effect. The indications are that thousands of Democrats remained away from the polls, and many of these were outspoken in their antagonism to Johnson and some of the chief measures contained in his platform.

The Socialist party cast nearly 5,000 votes in Hamilton county. All but about 500 of them came from the workingmen in this city. About the same vote was cast by the Socialists at the state election two years ago, and the party seems to have had no growth since. All the local candidates on the Republican ticket are elected by big majorities, including the delegation to the legislature, which will go to make that body solid for Hanna's return to the senate.

The Democrats did not carry a single ward in the city and the result shows their organization at the lowest ebb in its history here.

Cuyahoga Also Republican.

CLEVELAND, Nov. 3.—At midnight Chairman Salen of the Democratic state executive committee, conceded the county to be Republican by 5,000 majority. He also conceded the election of the entire Republican county and legislative ticket. At the same time Mayor Johnson sent a message of congratulation to Mr. Herrick on his election. Eighty precincts in Cleveland gave Herrick 16,231; Johnson, 10,994.

TOLEDO, Nov. 3.—The Republicans have carried Lucas county for Herrick by a plurality of 2,200. The Republican legislative ticket consisting of one senator and four representatives, will have a plurality of 7,596 and the Republican county ticket will have pluralities ranging from 1,500 to 5,000.

YOUNGSTOWN, O., Nov. 3.—(Special.)—The Republican ticket is elected in this county by 1,200 majority, against 2,800 last year. This will elect every man on the Republican ticket. The fight was made principally on the legislative ticket. Maag, Democrat, for the legislature, will run slightly ahead of his ticket, but is defeated.

STEUBENVILLE, O., Nov. 3.—Capel L. Weems, Republican candidate for congress in the Sixteenth district, was elected by 5,000 majority today.

EAST LIVERPOOL, O., Nov. 3.—(Special.)—Incomplete returns show an average vote for an off-year and a probable majority for Herrick of 4,000 in Columbiana county. The entire Republican county and legislative ticket is elected. Johnson, Republican, for sheriff, defeats Leonard, Democrat, the present incumbent, by at least 1,500.

WASHINGTON, Nov. 3.—The only expression which President Roosevelt would make regarding the election as that he was very much gratified with the results in Ohio.

KENT, O., Nov. 3.—(Special.)—Republicans carry Kent by a gain of 279. Portage county re-elects W. H. Crafts to the legislature and the entire Republican county ticket.

WOOSTER, O., Nov. 3.—(Special.)—Returns from larger portion of precincts of Wayne county show that Johnson carried the county by about 500. Democrats elected their county ticket by a majority ranging from 200 to 300. Many voters in the rural districts did not go to the polls. Wertz, Democrat, for representative, leads the ticket. Hauk, Democrat for state senator, was elected in the Seventeenth and Twenty-eighth districts.

SALEM, O., Nov. 3.—(Special.)—Salem gave Herrick 1,112, Johnson 560; a Republican gain of 80. The Republican legislative ticket was slightly cut as compared with the head of the ticket, but shows a Republican gain.

lice John Glenn lives in the Tenth and predicted a big Citizens majority.

The country districts were slow in sending in their returns. The districts heard from generally gave big Republican gains.

Eleven of the more important towns of the county gave a Republican majority for sheriff of 1,977. The showing was as follows: Bellevue, Republican, 108; Citizens, 58; Avalon, Republican, 228; Citizens, 74; East Pittsburgh, Republican, 231; Citizens, 208; Etna, Republican, 485; Citizens, 258; Homestead, Republican, 627; Citizens, 347; Pitcairn, Republican, 219; Citizens, 109; Sewickley, Republican, 485; Citizens, 288; Sharpsburg, Republican, 408; Citizens, 185; Tarentum, Republican, 408; Citizens, 185; Turtle Creek, Republican, 190; Citizens, 140; Wilkinsburg, Republican, 1,285; Citizens, 740; totals, Republicans, 4,784; Citizens, 2,807.

The showing made in Etna, where almost two-thirds of the vote was Republican, is considered a tribute to the popularity of County Chairman Ford, whose home in at Etna.

RHODE ISLAND IN DOUBT.

Democrats Claim Election of Garvin, but Republicans Refuse to Concede It.

PROVIDENCE, R. I., Nov. 3.—(Special.)—Returns so far point to the re-election of Governor Garvin over Col. S. P. Colt, Republican nominee, by about 4,100. Sixteen of the 33 towns and six of the 58 districts in Providence give Garvin 3,840, Colt 4,914. Last year the same districts gave Garvin 3,850 and Kimball (Republican) 4,410; net Republican gain, 517.

Chairman Quinn of the Democratic state central committee claimed Garvin's election by 5,000 and the election of the entire state ticket. He conceded the legislature to the Republicans.

Chairman Holden of the Republican state central committee refused to admit defeat, claiming increased Republican representation in the general assembly and adding that returns from the cities would show big gains for Colt.

Recital by Organist Hall.

Walter E. Hall, organist at the Trinity Protestant Episcopal church, this city and organist at the Carnegie Music hall, Braddock, for the third season, last evening gave his first organ recital of the present season. The hall was crowded. Mr. Hall was assisted by Parker Robinson, the boy soloist at Trinity church.

LOW IS BEATEN BY M'CLELLAN

Continued from First Page.

out the figures we gave. If the election had been a week further off, the chances are that Devery would have polled a larger vote than Low."

The victory, great as it is for McClellan, is of more significance to Mr. Murphy, who made up the Democratic ticket and who managed the campaign. Defeat today would have meant for him deposition from his post as leader, with all its powers and opportunities and the accession to control of another faction. Indeed, plans had been made by certain independent Democrats based on the belief that Low would be re-elected, to reorganize the Democracy of the city with Tammany left out. To Mr. McCarren, also, the result meant much, for had McClellan lost, McLaughlin would have been again in control and McCarren and his friends would have had little to hope for. The carrying of Brooklyn for McClellan caused astonishment, as it was believed the cry of "no red lights in Brooklyn" would cause an increased vote for Low in that borough.

An Interesting Fight.

The campaign was one of the most interesting in the history of New York city. From the day Mayor Low was renominated his supporters urged his re-election on the ground that no partisan question was involved, but that every man should vote to uphold the existing administration because it had given the city a business-like conduct of affairs and because it had done much to stamp out the "red light" evil of the East Side. It was argued by fusionist orators that the return of Tammany men to office would mean a "wide-open town," unrestricted in lawlessness and the renewed terrors of the infamous "cadet system." Mr. McClellan was attacked by the speakers for the fusionists because they alleged he had sold the name his father prized to cloak the designs of evil men. To these statements the Democrats replied with the charge that Low's nonpartisan claims masked an attempt to secure control of the city in the interest of Gov. Odell; that all of the credit for the good business administration under Low belonged to Grout, who was on the Democratic ticket, and that every Democrat should cast his ballot for McClellan in view of the important bearing this city's vote would have on the presidential election next year.

Jerome's Change of Front.

Both candidates made nightly speeches. Low's principal supporting orator was District Attorney Jerome, who bitterly opposed the mayor's renomination on the ground that he was unpopular, but who, after the nominating convention, made frequent speeches for the Fusion ticket. For McClellan, Bourk Cockran returned to political activity and made several speeches.

Scarcely second in interest to the defeat of Low, is the effect of the result of the vote on the fortunes of the octogenarian, Hugh McLaughlin, who for more than a quarter of a century had been the undisputed leader of the Kings county Democracy, and who now finds that his former lieutenant, McCarren, was to so manage McClellan's campaign that a Democratic plurality resulted in spite of McLaughlin's spirited opposition.

Murphy's Political Fortune Made.

Charles F. Murphy has become in a night a Democratic leader of national importance. Although only 48 years old his bold management of the Tammany campaign, his apparently reckless invasion of Brooklyn and the fulfillment of his prophecy of Democratic victory, when to nearly every other Democratic leader in the city the prospects seemed perilous, made him absolute master of the party machinery in all the five boroughs of the city. His victory probably means the retirement of David B. Hill from the Democratic leadership of the state, thus placing Mr. Murphy in control of the New York state delegation to the next Democratic national convention.

In the state legislature there will be a Democratic delegation from New York city obedient to Mr. Murphy's word. This representation will make him master of the Democratic caucus in both the senate and the assembly, and will place the direction of Democratic policy in Albany in his hands.

In New York city itself the young leader, for he is young, as Tammany leaders go, will dictate to a very large extent how the $106,000,000 of the budget of 1904 shall be spent.

District Attorney Jerome will be the only thorn in Mr. Murphy's side for the next two years. The district attorney's term of office lasts until the end of Mr. McClellan's term as mayor.

Mr. Murphy fought his way up from the ranks, acquiring experience and fortune as he advanced. He knows Tammany, its leaders and its methods through and through.

Cutting Expresses Surprise.

Robert Fulton Cutting at the Citizens union headquarters gave out a statement in which he expresses astonishment over the result and his belief that "the partisan administration which Mr. McClellan proposes cannot maintain the standard set by Mr. Low."

Meanwhile, he says, the Citizens union will occupy itself in preparing for the next election. He is persuaded that its services will be required at that time.

With Commissioner Greene at police headquarters watching the returns, was District Attorney Jerome. When the election of McClellan was assured Mr. Jerome was asked if he had anything to say.

"Not a funeral note," he replied. Later, however, a statement which he had made before Low was nominated, in which he said that the mayor, if renominated, would be beaten by a majority of from 25,000 to 40,000 was shown him.

"That was my calm judgment of the conditions," he said, "but when I got into the fight my instinctive judgment was lost. It simply resolved itself into a question whether $7500 could put out a naked principle to be supported by an unlovable man."

Commissioner Greene said he would surely resign his office on or before December 31.

"Big Bill" Devery polled nearly 3,000 votes today. Here are the last words to the "down trod:"

"I am out of politics now, never to re-enter until the newspapers of New York Tammany on a ticket. That will be February 37, 2,000 years from now. I gave labor of this city its chance and it turned me down. I am through."

DAUPHIN IS SAFE.

Kunkle, Republican Candidate for Judge, Will Have Big Plurality.

HARRISBURG, Nov. 3.—(Special.)—The Republicans have swept Dauphin county after the most exciting campaign ever seen in this locality. The county ticket is elected by 2,000 plurality and the city ticket will have between 2,500 to 4,000 plurality.

The fight was on judge, for which the candidates were ex-Representative George Kunkel, Republican; William M. Hain, Democrat, and Judge Pinkerton, anti-machine. Kunkel has carried the city by 1,500 and he will have 500 plurality in the country districts.

Seven Republican workers in this city were arrested today on charges of bribery and alleged illegal voting, and one anti-machine worker for illogal voting. All of them were promptly bailed for a hearing tomorrow before Mayor McCormick.

"STOKER" AGAIN ELECTED

Dennis Mulvihill, the Pride of Bridgeport, Once More Its Mayor.

BRIDGEPORT, CONN., Nov. 3.—Mayor Dennis Mulvihill, known as the "Stoker Mayor," was carried in a triumphal procession tonight during the celebration of his re-election today. With him practically the entire Democratic ticket was carried into office.

Mulvihill defeated George E. Hill, the Republican candidate, by 2,182 votes in the greatest poll in the city's history.

...AND DISASTER CLAIMED ...VICTIMS IN THE DENSE FOG

...en Killed and a Num... ...f Persons Injured in the Darkness.

...H OF MOTORMAN KYLER

Miner Ozsan Walked in Front of Car—Deaf Mute Receives Fatal Injuries—Over 100 Passengers Have Narrow Escape from Frightful Accident.

Pittsburgh was wrapped in a fatal pall of dense fog yesterday. For an hour during the afternoon the sun peeped through the mists, but with the approach of evening the smoke indened haze settled once more upon the city. People groped their way through the streets and street cars proceeded cautiously with clanging gongs. Death and disaster stalked through the mist, persons being killed and injured as a result of the unnatural darkness of the day.

Lights burned in all downtown offices. Pedestrians in the streets during the morning could not recognize their friends whom they passed on the same sidewalk. To see a distance of 30 paces was impossible. At 10 feet only the hazy outline of a man's body appeared, and at twice that distance he looked like a flitting shadow.

The darkness covered the valleys of the three rivers, hanging over the downtown portion of Pittsburgh and Allegheny and all the suburbs in the low-lying districts. In the East End there was scarcely more light. Mt. Washington and the hilltop districts of Allegheny and the South Side being alone fortunate to be blessed by the rays of the rising sun. In the country it was ideal Indian summer weather.

Steamboats Tied Up.

On the rivers the steamboats were forced to tie up. The railroads were severely handicapped and in the yards of the Union station, the Pittsburgh & Lake Erie and the Baltimore & Ohio railroads little shifting could be done, and the employes used the greatest caution. Despite the precautions, two serious street car wrecks occurred.

Shortly after noon a car on the Olympia park division of the Pittsburgh, McKeesport & Connellsville railway collided with a traction sweeper near Olympia, killing one man and seriously injuring four other persons. The dead man is William Kyler, aged 45 years, who was a motorman on one of the wrecked cars. He suffered a fractured skull and died at the McKeesport hospital.

The injured were: William Hutton of Dewey station, cut on head by broken glass and bruised; Grace Douglass of Calhoun switch, suffering from a number of bruises and nervous shock; Clyde Patterson, Buena Vista, face and head cut and other injuries about body, and Harry Snyder of McKeesport, cut by flying glass.

John Ozsen, a coal miner living at Moon Run was struck by a car on the Carnegie line at Carlin station and instantly killed. Ozsen was walking home, and hearing the clanging of the bell, became confused and stepped directly in front of the car. His body was removed to the morgue.

Jacob Reinheisen of No. 412 Page street, Allegheny, while driving down Allegheny avenue, collided with a wagon. He was thrown out, his right leg broken, and he was injured about the body. He was taken to his home.

Disaster Narrowly Averted.

A disaster was narrowly averted on the Elliott & Sheraden branch of the Pittsburgh Railways company's lines by a curbstone, which acted as a barricade to a runaway car. While coming down Chartiers avenue, West End, a car with 102 passengers began to slip on the tracks. The brakes refused to work and the wheels glided like sledrunners over the greasy rails. At the intersection of Steuben street the car left the rails and would have plunged over a high retaining wall had the narrow curb not checked the progress of the runaway. The passengers escaped with slight injuries.

Failure to see signals caused a wreck which blockaded the Ft. Wayne tracks for two hours yesterday. The Glenfield accomodation "side-swiped" a freight train and derailed a number of cars. No person was injured.

John Rhodes of Oakland received a fractured wrist and lacerated scalp by being thrown out of his automobile, which ran into a ditch in the fog in Brighton road, Allegheny, yesterday afternoon.

A freight wreck occurred early yesterday morning on the Buffalo & Allegheny division of the Pennsylvania railroad, just above Hulton station. William Reed, the engineer, had his left arm sprained and contused. The wreck was caused by a dense fog. Train No. 74, a southbound merchandise local, had stopped at Hulton to unload freight, and was run into by extra No. 2,061, the engineer being unable to see the signals. The caboose and two cars of provisions on the local were destroyed. Engineer Reed was taken to his home in Oakmont.

Deaf Mute Fatally Injured.

P. Eller, a deaf mute of Shirley, W. Va., was struck by a passenger train on the Pennsylvania railroad, near Swissvale station, yesterday morning, and seriously injured. Eller was employed at the Kopp glass works and boarded at Swissvale. He was walking on the railroad track, and, owing to the dense fog was unable to see the train which struck him. He was hurled a considerable distance by the engine and was found some time after by a fellow workman. He is injured on the head and body and is not expected to recover.

Victims of the Fog Killed and Maimed

Many persons suffered death and injury as the result of accidents due to yesterday's dense fog.

THE DEAD.

Motorman William Kyler, 45 years old, of McKeesport.

John Ozsen, coal miner, of Moon Run.

THE INJURED.

Engineer William Reed of Oakmont; left arm sprained and bruised.

P. Eller, a deaf mute of Shirley, W. Va.; injured about the head and body, and may die.

Jacob Reinheisen of No. 412 Page street, Allegheny; right leg broken and injured about the body.

William Hutton of Dewey Station; cut on head and bruised.

Grace Douglass of Calhoun; badly bruised and suffering from shock.

Clyde Patterson of Buena Vista; face and head cut and body bruised.

Henry Snyder of McKeesport; cut by flying glass.

One hundred and two passengers badly shaken up and bruised in a runaway car in the West End.

John Rhodes of Oakland; fractured wrist and lacerated scalp.

DEDICATED BUILDING.

Japanese Pavilion Site Formally Presented at St. Louis Fair Yesterday.

ST. LOUIS, Nov. 3.—The site of the Japanese building was dedicated today, in the presence of about 500 visitors, including Suchi Tegima, Japan's commissioner general; M. Hanihara, representative of the Japanese minister at Washington, D. C., and several other distinguished Japanese gentlemen and ladies. Two representatives of the Chinese commission attended the exercises.

Speeches were made and the site tendered by world's fair officials, after which the Japanese flag and the American flag were unfurled, and all participating drank from a loving cup, which will be sent to the emperor of Japan.

Ten Oakdale Houses Entered.

Ten houses in Oakdale were entered by burglars yesterday morning and attempts were made to break into a number of other dwellings. At the home of John Cooper a gold watch and chain were taken, and at the home of S. F. Schaversiter four pocketbooks were secured. Entrance was gained to each house by prying open windows. Two weeks ago five houses in Oakdale were visited by burglars.

COMPLAINT AGAINST ANTHRACITE ROADS

Boston Coal Man Says They Discriminate Against Independent Producer.

[By Associated Press to The Gazette.]

WASHINGTON, Nov. 3.—A complaint was filed with the Interstate Commerce commission today by Edward J. Ader of Boston, against a number of anthracite coal roads alleging that their rates for transportation of anthracite coal in carloads from the anthracite region in Pennsylvania to New York, New England, Maryland and the District of Columbia are unreasonable, unjust and discriminative against the independent coal producers.

The defendants named are the Philadelphia & Reading, Lehigh Valley, Delaware, Lackawanna & Western, Central of New Jersey, New York, Susquehanna & Western, Erie, New York, Ontario & Western, Delaware & Hudson, Pennsylvania, Baltimore & Ohio, Boston & Maine and Boston & Albany. The complaint alleges that the first six roads named have, by agreement and combination, divided the gross tonnage from the anthracite fields to tidewater substantially in the following proportions: Lehigh 22.88 per cent; Central of New Jersey 17.12 per cent; Lackawanna 10.52 per cent; Erie 5.84 per cent; New York, Susquehanna and Western 4.68 per cent and Reading 29.96 per cent. It is alleged that the independent producers who refused to sell the product of their mines to the coal mining company whose capital is owned by the roads named, have been discriminated against at least 5 per cent on anthracite coal at tidewater.

A DOUBLE TRAGEDY.

Husband Killed His Wife and Himself Because She Had Laughed at Him.

NORWICH, N. Y., Nov. 3.—Calvin E. Wade, a prominent farmer of Chenango county, today shot and fatally wounded his wife and then killed himself. Wade had been vainly trying to drive a hog through a gate and had chased it about until he was out of breath and out of temper.

Finally he ran into the house and got his gun, declaring he would kill the animal. His wife laughed at him. Quick as a flash he whirled about and fired at her. She dropped as if dead. Realizing what he had done, Wade placed the muzzle of the gun to his own head and with the other barrel killed himself. His wife died shortly afterward.

A DOLLAR DOWN FOR A REGINA MUSIC BOX

The sweet, pure notes of the Regina music box alone give it distinction and make it far superior to any musical invention of the kind in existence. It is not confined to any set of tunes, as the old style Swiss box, but will play almost an unlimited number of tunes.

And a great advantage of the Regina music box is that it is so automatically constructed that it will play 24 tunes continuously without requiring anyone to change the discs or manipulate the machinery in any way.

These delightful Reginas are not expensive, but if you do not care to pay for one outright, a dollar down will do. And the music box is yours while you are paying for it.

Fill out the appended blank and mail to us. A catalogue and full information relative to the dollar payment plan will be sent you at once.

Weather—Fair. Wednesday, Nov. 4, 1903.

WE Beg the indulgence of the many women who just now have important business with the Wrap and Suit Departments of the second floor, West store. It was never intended to have all this noise and racket during store hours. But circumstances alter cases. Failure of contractors to come to time at the specified time forced different arrangements. But after the hurly-burly is over what a grand department for women's ready-to-wear things we shall have! A transformation embodying the very latest ideas for showing goods. Indeed, there will be only one other showroom like it in the country.

And now for some of today's news.

Our Handsome China Department,

to which is allied Bric-a-Brac and Cut Glass, received so many pleasant words from the many visitors yesterday, that we feel called upon to again give the list of low prices with which this handsome department of the third floor, East Store, was introduced to the public yesterday.

Besides an insight into the most perfectly appointed China Store in the whole of the State, visitors will have the opportunity of verifying our oft-repeated statement that we sell high grade Chinas, Art Wares and Cut Glass, for lower prices than such similar goods are sold anywhere in either city.

The Special Tables and Their Wares.

Scattered throughout the large floor will be found special tables laden with various fine wares, entirely too large in variety to admit of specification, and the reduced prices will be as follows:

25c Table, containing 25c, 40c and 50c articles.
35c Table, containing 75c goods in assorted wares.
50c Table, containing $1.00 goods in assorted wares.
50c Table, containing 75c and $1.00 Plates.
50c Table, containing 75c and $1.00 Tea Cups.
75c Table containing assorted wares worth up to $1.50.
$1.00 Table, containing assorted wares worth up to $2.00.
$1.00 Table, containing $1.50 Plates and Cups and Saucers.

Probably the most remarkable underprices ever named for Fine Vases, Oriental wares in all shapes and sizes, are the following:

144 Vases, $1.00 size, for 25c each.
144 Vases, $1.50 size, for 35c each.
151 Vases, $1.00 size, for 50c each.
355 Vases, $2.50 size, for 75c each.
72 Vases, $3.00 size, for $1.00 each.
66 Vases, $4.00 size, for $1.50 each.

Those much appreciated Tornado Nappies in the most brilliant of cut glass will be offered today at these reduced prices:

$2.50 Nappies for $1.75 each.
$3.00 Nappies for $2.00 each.
$4.00 Nappies for $2.50 each.
$5.00 Nappies for $4.00 each.
$6.00 Nappies for $5.00 each.
8-inch Salad or Berry Bowls, Saxonia cutting, the best $5.00 cut glass bowls in the market today, $3.00 each.

$25 Dinner Sets, $15.75.

We will place on sale today as something very special, 50 French China Dinner Sets, each containing 100 pieces, and on which you save $9.25. Perhaps you had best read this again. The regular price is $25.00. The reduced price is $15.75. The saving is $9.25.

Imported Steins, 15c.

As a fitting climax to the foregoing we announce 365 Imported Steins, Flemish Blue, with pewter tops, that have heretofore sold for 25c.

Give-Up Patterns in China—Greatly Reduced Prices.

To the uninitiated we have to say that a Give-Up patterns means a pattern that will be discontinued. It may be that we will not have the same pattern again, or it may be that the manufacturer has discontinued it. Aside from these remarkable reductions visitors today will be interested in looking over our new importations which have arrived, presenting the latest specimens in art wares both from Occident and Orient. Referring again to the Give-Up patterns it will be noted that two are in French China, sold as open stock, and one in blue English Porcelain.

French China Dinner Pattern.

This is an extra good French China, and the decorations are in delicate pink border arrangement. The open stock patterns, which means you can buy one piece or as many as desired, constitute about everything needed for the table. There are strong inducements by way of reduced prices offered the housewife and the proprietors of restaurants and boarding houses.

Large Dessert Plates reduced from $3.50 to $2.50 dozen.
Small Dessert Plates reduced from $3.00 to $2.25 dozen.
Individual Butters reduced from $1.50 to $1.00 a dozen.

Plain Imported Broadcloths and Venetians.

Thirty of the newest colorings and black to select from; handsomely woven goods, made from soft Australian Wool, $1.00, $1.25, $1.50 and $2.00 a yard. Another factor in the great selling of dress goods in both black and colors in this store is the better values for lower prices. Invite your inspection.

Silks and Velvets.

Too much can never be said in our newspaper columns in praise of our Silk variety and Velvet variety. Both have an alliance in regards to feminine dress, each has its separate function. Never so well able to supply the wants, never such an array of underprices, be they quoted on finest grades or on the medium grades.

For the handsome gown for all of society's demands, rich gauze effects in stripes and broche figures, in Persian designs. This comes in double width, $4 a yard and up to $10.

New tints in colored Crepes de Chine, and a large variety of the material, at 85c and $1 a yard.

Fancy Silks that sell most everywhere for $1 and $1.25 a yard, here in variety for 78c a yard.

Full yard wide Black Peau de Soie with a double face, rich in finish, $2.50 grade, for $1.85 a yard.

Black Crepe de Chine, handsome of finish, an 85c grade for 65c a yard.

Black Taffeta Silk, 27 inches wide, an 85c grade for 69c a yard.

Fancy Velveteen in many styles, among them the favorite gun metal and pastel effects, the even $1 a yard.

Black Velour Chiffon, this season's leading material for waists and full dresses, a $2 grade for $1.50 a yard.

Women's New Coats.

Cleverly designed, all the lengths that Fashion has pronounced in favor of, and best of all, a full measure of style and insignificant sums to pay. Examples—

$10. Thirty-inch Coats of black pebble cheviot, fitted back, double-breasted front, full sleeves with cuffs, velvet medallion collar, small shoulder cape, slashed and piped with black satin. Entirely lined with satin.

Some News of Bedding

The Bedding Department of the Basement has taken unto itself considerably more room, and you will now find bedding displayed to much better advantage than formerly. As indicative of how we get the prices down take the following:

100 Imported German Bath Robes Blankets, worth $3, very special today for $2.50 each.

100 Extra Quality Zanesville Blankets of soft fleeced white wool worth $6.50 for $5 a pair. These blankets are fleeced and bound separate.

50 mussed Bedspreads, regularly $1.25 and $1.50, to be closed out today for 85c each.

Pillow Cases in size of 45x36 inches, regularly 18c today for 12½c each.

Two Numbers in Walking Suits.

And they will serve to point out other values of equal significance.

$14.75. Walking Suits of Zibeline, either brown, oxford or blue, also novelty cloth, two styles, blouse effect and straight coat. Seven gore wide flare skirt. Will you investigate this and see if we are correct in saying they are $25 suits?

$19. Handsome Suits in pleasing mixtures, worth all of $30. Blouse coat with military cape edged with green and brown velvet, velvet military collar; large puff sleeves with turn-back cuffs, trimmed with velvet; 7-gore skirt with wide flare.

Flannels and Flannelettes.

Selling more and more of these wintry materials every day. Low down prices when demand is at its height.

Flannelettes in large assortments—the 10c grade today at the half price line—5c a yard.

2,500 yards of nicely fleeced Outing Flannels, worth 8c, but our price 6½c a yard.

1,800 yards Fondo Suitings, double width, worth 15c a yard, today 12½c a yard.

2,500 yards Embroidered Saxony and Fancy Striped Scotch Flannels, regularly 50c, today 38c a yard.

Embroideries—Reduced Prices.

We have taken a number of patterns of French Bands, called by many Convent Embroideries, and have clipped one-fourth from original prices.

There are 4½ yards to the band or strip.

Were 50c the strip, now 38c.
Were $2 the strip, now $1.50.

These goods have all the qualities that are possessed by the hand-made article. We quote only the extremes of prices, in between there is quite a range.

Baking Griddle Cakes Without Grease!

Ha! Ha! Preposterous! Also gammon. Don't be so sure, friend of griddle cakes. If you will come to our Basement today, where we are demonstrating the exceeding great utility of aluminum cooking utensils over all the other kind, we will there show you an aluminum griddle turning off griddle cakes, and not a particle of old bacon, or lard, or that old stand-by, the greasy cloth, used to keep the cakes from sticking.

Worth a special trip, is it not?

The Women's Favorite, Challis.

Our business in this material is simply phenomenal, and why should it not be when we are underselling every store in Greater Pittsburg, and have far larger assortments.

15,000 yards All-Wool Challis representing three different grades at these prices: 25c, 30c, 35c a yard.

Cotton Waistings.

These popular materials are becoming more fashionable every day. We have both the foreign and American weaves in hundreds of patterns for selection.

25c a yard and up to $1.

Singing Birds, Waving Palms, Blushing Begonias, Modest Chrysanthemums, and a myriad of Toys, are concomitant parts of the most remarkable exhibit ever given in this city. It is in the Basement of the East Store, and to grown-ups is a most interesting study of how to please youth. To the young people it is a veritable wonderland. Any hour of the day, welcome to all, with special invitation to the little boys and girls.

Wednesday, November 4, 1903.

Pennsylvania has given an old-time Republican majority for the state ticket for off-year. Not enough of a campaign was made by the Democrats to arouse interest, the vote is light and the Republican majority smaller than it would have been had there been enough opposition to bring out the vote. The majority is large enough, however, to indicate how Pennsylvania stands and that it is able to give President Roosevelt twice as much next year, when votes will be more highly esteemed.

A marked feature of the recent British military maneuvers in South Africa was the friendliness of the Boers. They turned out in large numbers to see the troops and made themselves useful in helping to push guns and transport over bad places. The suggestion is being urged that companies of Boer mounted infantry should be formed as an adjunct to the military establishment of South Africa. The generous and magnanimous policy pursued by Great Britain since the war has greatly assuaged the bitterness created by conflict.

Senator Cullom announces that the ratification by congress of the Cuban reciprocity treaty will be by bill. It has been contended that a joint resolution would be ample. Examination of the precedents, however, discloses the fact that similar indorsements of treaties in the past have been by statute, and it has been decided to follow established practice, so there can be no mistake. It is just possible this decision may entail a tedious debate, but there is no reason to anticipate final defeat of the bill. Popular sentiment is so strongly in favor of the reciprocal agreement that neither house of congress can afford to ignore it.

It is reported that Acting Chancellor John A. Brashear of the Western University of Pennsylvania has resigned. The report is heard with regret. It is recognized, of course, that Chancellor Brashear is busy with other matters and the chancellorship is a burdensome tax upon his time and energies, but he has filled it so acceptably that the public does not like to consider his retirement. There is one consolation, namely, that in retiring from the official position Mr. Brashear will not abandon his interest in the welfare of the university. He may still be counted among its staunchest friends and it will continue to have his counsel and assistance to the extent of such time as he can spare to the cause. That, at least, is something to be thankful for.

What promises to be the most stubborn struggle in the history of the United Mine Workers is inaugurated by an order issued by President Mitchell yesterday. It is a strike of 15,000 miners in Colorado, principally employed by the Colorado Fuel and Iron Company. This company is controlled by the Goulds and Standard Oil parties and the president of the corporation is F. J. Hearne of the Pittsburgh district. Those in control of the property are not noted as enemies of organized labor, but once in a fight they are not likely to yield easily. The shrinkage in Wall street and the checking of industrial activity are factors distinctly unfavorable to the miners, as they are unfavorable to any demands of labor at this time for increased emoluments.

Word has been received at the office of the commissioner of Indian affairs at Washington from Senator Warren concerning the trouble with the Indians in Weston county, Wyoming. Senator Warren says the Indians involved are Sioux and that they were traveling through the state by permission. He thinks the fight was precipitated by reason of the sheriff's posse charging upon the band to make arrests; but admits the present situation is bad and likely to lead to further trouble. It may be gathered from Senator Warren's report that the Indians were not wholly to blame for the trouble and that the sheriff of Weston county acted under a misapprehension. Of course, there will be an investigation, but it cannot restore life to the dead and it probably cannot prevent a serious rising of the Indians.

If such statements appeared in books of fiction about the havoc committed by man-eating tigers, which appear in official documents, they would be regarded as beyond all bounds of probability. From a report recently issued by the government of India it appears that 66 persons were killed in one district by a man-eating tiger and 43 in another. In all 1,046 persons were killed by tigers during the year covered by the report. Wolves killed 377 persons and 23,166 persons died from snake bite. Cattle suffer less than human beings from snake bites, although 9,019 were killed in this way, but enormous numbers are killed by wild beasts, the total for the year being 80,736. This destruction goes on, although the government pays rewards for the destruction of wild beasts and snakes and great numbers are killed every year. Such figures make fiction look thin and pale.

County Goes Republican.

Returns in at midnight indicate the election of the Republican county ticket by pluralities ranging from 4,000 to 6,000. Fifty out of 88 districts in Allegheny give Brown a lead of 100 votes. In Pittsburgh the Republicans have carried the First, Eleventh, Twenty-third, Thirty-fifth, Thirty-seventh and Thirty-eighth wards by good majorities and have made great gains in all wards heard from. In the Fourteenth Brown leads Dickson by 26 votes and Goehring leads Stewart by only two. This is a great gain for the Republicans over last year's vote. In Mayor Hays' ward, the Sixth, the Republican gain is nearly 50. The Sixth, Seventh and Eighth legislative districts are largely Republican and will overcome slight Democratic-Citizens majorities in the cities.

In Other States.

In Ohio, where "the scalp of Mark Hanna" was the real issue, however it may have been obscured by Bryanism and Johnsonism, the Republicans have won by one of the largest majorities in history. Myron T. Herrick is elected governor over Tom L. Johnson by a plurality of probably more than 100,000, and both branches of the legislature will be Republican beyond question. Senator Hanna can succeed himself in the United States senate without further effort, and the party is in excellent condition for next year's presidential effort. The result in the Buckeye state is not merely a victory, it is a triumph so decisive that its significance cannot be mistaken. Cuyahoga county, including Cleveland, where Johnson has been twice elected mayor, gives Herrick 4,000 plurality.

Maryland has apparently been carried by the Democrats by a small majority for governor, and the indications are the same party will have the legislature, which will enable it to elect a successor to Senator McComas, Republican. This loss will be regretted by Republicans everywhere. The Democratic majority, however, is not large enough to add much to the prestige of Senator Arthur Pue Gorman's candidacy for the Democratic nomination for president.

Early returns from Kentucky showed Democratic gains. The mountain counties, which are slowest coming in, should make gains for the Republicans. At present writing it looks as though Gov. Beckham will be given another term. His record should have produced a different result, for it had nothing to recommend it.

Gov. Cummins is re-elected in Iowa by an increased majority. Gov. Bates is re-elected in Massachusetts by an increased vote, but not an increased plurality. The Republicans have made gains in New Jersey and the Democrats have made slight gains in Nebraska, but not enough to carry the state. Altogether there is nothing in the returns anywhere to lessen the confidence of Republicans in a sweeping victory for President Roosevelt next year.

War Risks to the North.

Referring to what might have happened had the Alaskan commission been unable to reach a decision, the London Spectator gives some speculations as to the course that would be followed by a war between Great Britain and the United States. It assumes that the brunt of the fighting would fall upon Canada, and it thinks that the Canadians would give a very good account of themselves. It says:

"If the Boers, who were less than half a million, withstood us alone for three years, how long would it take America to conquer five millions of Canadians, men not only fighting with their backs to the north pole, but helped by the whole force of the empire, and with sea power, not against them, but on their side? They could not, as we hold, be beaten, but the sacrifices borne by them would be terrible."

The Spectator does not venture to predict that the United States would sustain defeat, but declares: "We are not among those who think the Americans, though so rich and high-couraged, are invincible by land or by sea, and we are not in any sense overawed by the prospect of a conflict." The article is evidently designed to argue Canadians into the belief that the award they got is better than no award at all would have been. In view of the fact that in case of war the whole brunt of the attack would have to be borne by Canada, the Spectator thinks that country would have submitted to the continued possession of the disputed territory by the United States in default of any way of getting it save through force.

The idea that there was any possibility of war involved in the Canadian claim has never been entertained in this country. The claim has been always regarded as a weak invention, prompted by Canadian desire, and it has never been thought that it would be seriously pressed. The action of the commission verifies this view of the case. The Spectator admits the weakness of the claim by remarking that "the privately expressed opinion of many able lawyers had prepared those who looked closely into the matter for an adverse decision." Nevertheless, war is always a possible outcome of national differences, and differences may arise without real justification, as in the case of this Canadian claim. A nation unable to guard its interests by force will find them invaded when other nations conceive it to their interest to do so. Some ground of action can always be found.

As between Great Britain and the United States the interests in common which make for agreement are immensely more important to each country than any possible advantage either could gain over the other in war, and nothing is more unlikely than that Great Britain and the United States will ever go to war again. Were Canada an independent nation the case would be very different and the probability would be very great that the two countries would sooner or later fight out their disputes.

Tammany Again in Control.

New York city is probably the most uncertain political ground in this country. After a term of excellent administration it has gone back to the flesh pots of Tammany. This result is explainable on one ground only—a majority of the voters of the metropolis would rather be robbed by the political banditti than to be deprived of those pleasures comprised in the term "a wide-open town." Every reform administration in New York has made itself unpopular by feeling itself bound to enforce the laws as it has found them on the statute books.

Two or three Tammany administrations will probably suffice to again create sufficient reform energy to defeat the tiger. Comfortable in the enjoyment of their vices the people will begin again to feel the pinch of the graft system that is inseparable from the Tammany organization and they will cry out against it. Then they will revolt and bring in another reform mayor and police bureau. But until the population of New York undergoes a radical change or the country districts up the state consent to the enactment of laws licensing the institutions of a "wide-open town," it appears improbable that the metropolis can be kept away from Tammany for more than a few years at a time.

Revolution in Panama.

A declaration of independence has been made by the state of Panama and preparations are going forward to fight for its maintenance. The first intimation reached this country yesterday in the form of a report that a Colombian gunboat had been sent to Colon. This was followed by a report that the Nashville had arrived at that port and the navy department admitted it had been ordered several days ago to proceed thence from Jamaica. The result of the revolution is of the utmost importance to the United States.

It is not to be supposed the United States has done anything to foment the revolutionary spirit in the province of Panama. The people of the isthmus have ample reason of their own to lose confidence in the government at Bogota and to wish for control of their own affairs. In fact the very life of the province depends upon the canal project. The livelihood of the people has been obtained from foreign enterprise and foreign capital for years, and they naturally resent the threat of the statesmen at Bogota to kill their goose that laid their golden eggs. They need no incitement to revolt. On the other hand it should be understood the power of the United States will not be used to discourage a revolution looking to an independent state of Panama. The conduct of Colombia has not been of a character to inspire admiration or affection in the American breast.

The errand of the Nashville to Colon is to protect American interests and fulfill the treaty obligation to keep the lines of commerce free from interruption. If the Nashville is not sufficient for the purpose it will be promptly reinforced. About the last of this month the squadrons will be looking toward the Carribbean sea as the scene of the winter maneuvers, and after that there will be naval force equal to any emergency in those waters. Panama in its desire to revolt can find no better time to secure fair play, and if it succeeds in establishing its independence it will not need to wait long for recognition to begin negotiations for a canal franchise.

The report that when Mr. Schwab goes on the stand he will make the reflections of the witnesses for the opposition look like thirty cents doesn't interest the stockholders of the United States Shipbuilding Company half as much as would a declaration of the receiver that the stock is worth that much.

The report of the state treasurer of Pennsylvania is additional proof that there is plenty of money in the country.

It was just Theodore Roosevelt who voted yesterday at Oyster Bay. There are no distinctions at the ballot box.

IN THE EYE OF FAME.

Baron E. Nordenskjold of Stockholm has arranged for a zoological and anthropological expedition to the frontiers of Peru and Bolivia. The party will sail on January 1.

The engagement is announced of Israel Zangwill, the author, and Edith, daughter of Prof. W. E. Ayrton. Miss Ayrton is the author of a number of short stories.

Dr. Hans Kudlich, who took a prominent part in the Austrian revolution of 1848, and is known as the "liberator of the Austrian peasants," celebrated the eightieth anniversary of his birth in New York a few days ago.

Pope Pius X. has been the recipient of many touching proofs of devotion, but the most remarkable is that of Luigi Cristofoli, a barber, who used often to shave the pope when he was patriarch of Venice. Cristofoli walked from Venice to Rome, 460 miles, to pay his respects to the pontiff.

Rupert Guinness, who was recently married in England, will some day be one of the richest men in the British empire. As the eldest son of Lord Iveagh, he is the direct heir to one of the largest fortunes that has ever been amassed in the brewing trade. The Guinness Company was recently floated at a capital of $25,000,000, and Lord Iveagh retained a big share in the concern.

A Canadian View of It.

The country which trades with Uncle Sam to Uncle Sam's advantage is Uncle Sam's friend. The more it trades the better friend it is. The country which does not trade with Uncle Sam is the latter's enemy. Just at the present moment Uncle Sam is friendly with Canada to the value of the profits and wages on $100,000,000 worth of manufactured goods which he sends to this country each year. Inasmuch as Canada is his best customer this country ought to be his dearest friend. But our uncle is not satisfied with his present friendly relations with Canada. He wants to like us better. He wants to increase his love for us. His capacity for love is bounded only by the price. If Canada would, each year, buy $200,000,000 worth of manufactured goods from him he would love us twice as much as he loves us now.—Hamilton (Can.) Spectator.

Basement Playgrounds.

The movement to abandon the noisome basements of public school buildings and institute playgrounds commends itself to all who have any knowledge of the unsanitary and even disgusting conditions that have long prevailed in many of these basements. Dark, ill ventilated, malodorous, these places, one and all, should be abandoned as playrooms. Parents will do their part by dressing their children so that they can play out during the brief recess and noon hour without discomfort in all weathers. This can be done and the health of the children will be benefited thereby. Basements that are microbe hatcheries and consumptives as teachers are a part of any public school equipment that should be discontinued.—Portland Oregonian.

The Kaiser's Cup.

In making his proposal to the New York and Atlantic Yacht clubs, the representative associations of their kind on this side of the water, Emperor William again has shown his friendly regard for America, and under the imperial auspices it seems assured that our patrons of the sport of ocean yacht racing will get back to the principles of the good old days. A transatlantic race, such as it is proposed to hold, will take the modern racing machine, built solely with the idea of carrying the greatest spread of canvas with the least possible amount of displacement, out of consideration, for the designers will have to use new lines when the course is laid between the long lines of the two continents.—Milwaukee Sentinel.

Not a "Chinese Wall."

There seems to be no good reason for the fears some are expressing that the success of Mr. Chamberlain's policy in Great Britain and her colonies would work great injury to the United States. The "preferential tariff wall" which British colonies are, one after another, erecting about themselves is not, after all, a "Chinese Wall of absolute exclusion. It is intended to benefit imperial trade by giving preferential rates to imports from other parts of the British empire. It does so. But we really cannot discover that it works any corresponding injury to the trade of other lands, at any rate to that of the United States, which is all we are concerned with at present.—New York Tribune.

The "Anglo-Celtic" Race.

We have to thank Andrew Carnegie not only for libraries and books, but for a new word to put into them. Returning from Great Britain, and conversing in his own broad and suggestive fashion, he uses this sentence, referring to Americans and Canadians: "The Anglo-Celtic race on this continent ought to get together." If Mr. Carnegie had been merely using the words he is accustomed to hear, he would have spoken about the Anglo-Saxon race instead of the Anglo-Celtic race. Having a thoughtful and penetrative mind, he fixes a term which is much more descriptive, whether it is made to refer to the people of Great Britain or to those of America.—New York Mail and Express.

A Profitable Discussion.

The fiscal debate which so profoundly agitates England and all her dependencies is salutary for all, because it compels the masses of the people in enlightened self-interest to study principles rather than to follow parties; because it provides public opinion with issues of universal importance, and it lifts what will not remotely be an electoral campaign into the high plane of policies and above the distracting and venal level of the bestowal of patronage.—Chicago Tribune.

No Need For Worry.

The political obstacles which Colombia thinks it is erecting in the path of America's manifest destiny will be traversed as readily as a pen crosses a fly speck on a piece of paper. Let them worry nobody. The American people are usually level headed. We do not believe they can be scared by the war whoops of party organs, playing petty politics, into such a gigantic blunder as the choice of the Nicaragua canal would be.—Chicago Tribune.

A Hitch In Proceedings.

Having fined an editor $500 for contempt of court the Missouri supreme court is now having the time of its life in an effort to discover the money—and the editor is co-operating.—Newark News.

THE FELLER ON THE FENCE.

I like a man of courage an' convictions good and strong,
Though his judgment may be hasty and his theories be wrong;
A man who'll come out boldly an' defend with main an' might
A thing in controversy if he thinks the thing is right.
I like t' measure swords with one who'll parry, guard an' thrust,
Defendin' what he thinks is fair, an' fightin' what's unjust.
He may hold views t' which my mind most stubbornly dissents,
But I'm bound t' like him better than the feller "on the fence."

The wishy-washy feller who when politics or art
Are subjects of discussion never cares t' take a part;
The man who when he's talkin' with his dearest, closest friend
Will state not his opinions lest the statements may offend,
Offends me more by silence an' by stiffin' calm, inert,
Than he would by fightin' back a bit, my views t' controvert.
An' it doesn't stand t' reason that a man with common sense
Could feel much admiration for the feller "on the fence."

The man's a moral coward who the topmost rail will choose
To perch on, wholly speechless, when you charge on him with views.
A long-horned Texas bovine might there drive me to a stand—
But I'll ne'er from controversy with a palsied tongue retreat!
An' so a man of courage, an' conviction good an' strong,
I'd choose, although his judgment an' his theories be wrong.
His views he those t' which my mind most stubbornly dissents,
I'm bound t' like him better than the feller "on the fence."

The Quiet Observer.

By ERASMUS WILSON.

"Monkeys were when man was," is one way of looking at creation. It means, broadly, that animals came into existence, or were, whenever the conditions were such as to warrant or demand their appearance.

The notion that man descended, or, more properly, ascended, from the ape, or monkey, is not as popular as it was a few years ago. This is generally spoken of as the Darwin theory, but it has been found that Prof. Darwin never squarely indorsed the theory. He merely collected facts tending to the support of a theory of evolution, but never contended that we are the offsprings of any species of monkeys now in existence.

\+ \+ \+ \+

It is quite probable that animal life appeared on the earth as soon as it was capable of sustaining it, and, as the conditions changed, and became favorable to the existence of higher forms of life those higher forms appeared in accordance with the laws of creation.

There is no doubt as to the existence of prehistoric animals as well as men. From the remains of animals found in the present ice region, and other sections in the northern hemisphere, we cannot help concluding that they were adapted to very different conditions from any that are known to exist on the face of the earth at present.

\+ \+ \+ \+

The conditions favorable to the existence of monkeys would also favor the existence of man.

It doesn't matter to us, however, whether our remote ancestors were here before monkeys were or not. Of course, we would like to know, you know, even if it wouldn't benefit us in the least. The probabilities are, however, that it will be a very long time, if ever, before we get a better or more satisfactory account of creation than that given in the book of Genesis. It is not satisfactory to the scientist, yet he has not been able to replace it with one that is more satisfactory.

For awhile the Darwin theory promised to knock the bible account out, but it failed, and now seems to be losing ground. Hence the conclusion of some very clever scientists that monkeys where when man was.

\+ \+ \+ \+

One of the most plausible arguments against the theory of man's monkey origin is that monkeys are now just what they were when man was at the lowest point of his known existence. He has developed physically, mentally, socially and morally, while the monkey is a monkey still and without the least sign of changing to a higher plane.

\+ \+ \+ \+

The efforts recently made to determine whether monkeys have a language show, if they show anything, that they have nothing approaching it. All animals and birds have signs by which they give warning of danger, or express satisfaction. They have calls that are understood by their young, and by their associates, but further than this animals have no language.

Darwin's researches, and his various deductions and conclusions, are inexpressibly valuable, yet only a contribution to the book of knowledge, and not final conclusions as to the origin of human and animal life. His researches as you may know, were confined mainly to the origin of the various species belonging to the different families of animals.

The protoplastic theory is so far fetched and so attenuated at the farther end that only a very few even pretend to comprehend it. To the average mind it appears that God, or the creative power, could have created real beings as easily as a protoplasm, or life germ.

\+ \+ \+ \+

You may ask why creatures and things are not being created now.

The whole economy of nature shows there are times for all things. There are the periods of birth, of growth and of maturing. There was the creative period, during which that portion of the work was completed. Then followed the growing period while the earth was yet new and filled with virulent energy. There is abundance of evidence around us to prove that things do not grow as vigorously as they once did. There are no growing forests of oak, redwood and fir. In fact, they have long since ceased to grow, and are declining.

Man long ago ceased to increased in stature, and is evidently in the maturing period of his earthly existence.

It is perfectly right and proper for us to make diligent research in the regions of the unknown, but it is folly to think that any mortal being will ever find out God.

Go where you will and you are confronted with mystery; look up and down and around and your gaze is met with the dark veil separating the knowable from the unknowable; or look into your own heart, and you fail to see from whence cometh love, affection and human sympathy.

Were it possible for you to stand upon a star so far distant that its light is a whole century in reaching the earth, you would see a portion of a new universe stretching off into space. Thus you might go from system to system, but always with the same result. Then, perhaps, you would conclude there was no beginning and no ending.

\+ \+ \+ \+

In accordance with the eternal fitness of things we find enough on this little earth of ours to occupy our attention, and an abundance of opportunities and means to fit ourselves for a more advanced state of existence.

It is not at all strange that we know so little about that advanced state because it is in the realm of the unknowable—unknowable because there is nothing in this material state of existence with which to compare it. As you very well know, we are only able to fully understand and comprehend things material. But we have confidence that the power that created us and called for us an environment specially adapted to our condition, will not neglect us when we pass beyond the veil.

There is no hap-hazard work in nature, but order everywhere prevails. In the development of the human being there are established rules of proportion and of growth.

\+ \+ \+ \+

It has been wisely said that it is from 5 to 12 that the whole foundations of the future man and woman are laid down. The importance of this period cannot, therefore, be over-estimated. As the very essence of a circle consists in all parts of the circumference being equi-distant from the center, so in perfect development no part of the nature must be trained at the expense of another. To produce a child evenly developed in all parts of all the three natures is the standard of perfection to be aimed at. Few "circular" characters are born into the world, and not many "circular" bodies.

Most children have some parts of their nature in advance of the rest, or an elevation in some part of the circumference of their physical or mental characters. Now, a foolish parent fastens on to this and spends its energies in developing it still further, producing an infant prodigy to the destruction of the future man or woman, forgetting also that for every excess on one side of a character there is sure to be a complementary defect or flattening on the other side, and that the part of a wise parent is to neglect the premature development of any one part, and concentrate his attention on that part of the character that is defective.

Decline of Chivalry.

Is respect for the rights of others a declining factor in American life? The very question is disturbing, whether it be applied to the nation, to the ramifications of business operations, or to the thought and the actions of individuals. The observing person who travels even a little is struck by what appears to be the pervasive insistence of selfishness as it seeks personal advantage and comfort with too little chivalric regard for others. Deference to age and to women is so little in evidence that we many well wonder if the "gentleman of the old school" is long to survive, or even now exists on the highways of travel. Much is lost when the patience and the beauty of courtesy fall away—to society as a whole, and to the individuals who compose it. "Care for number one" has to be exercised—each must engineer for himself, but due thought can be taken for the individual and the family without omitting all regard for the equal rights that belong to others. Out of kindness is born the gentleman or the gentlewoman, and when kindness gets knocked out by selfishness, moral grace departs and the beauty of idealism is lost, and all the amelioration of life's hard conditions which it brings.—Springfield Republican.

Next Great War.

It is the belief of many men connected with either the navy or the army that our next great war will be on account of the Monroe doctrine, and that in some respects the scene of hostilities will be either in some South American country or off its coast. Since in the event of such a war it might become necessary for the United States to dispatch an army to the country assailed in violation of the Monroe doctrine it is important to secure all the information that the commander of such an army might need.—Denver Republican

Talked of in New York

GEORGE C. JENKS.

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, Nov. 3.—"Hosters" are a class of industrious gentry who are believed to have been duly active in New York today. Contrary to a general impression, the "hoater," as exemplified in the men arrested today on charges of illegal voting, is not necessarily a saloon politician. In many instances he is a respectable appearing man. There is no age limit to a "hoater" except that if he is too young he is not so likely to "get away with his bluff" as would a man who had been through the experience many times. A fair degree of intelligence is essential to a professional "hoater." He must also have a thorough knowledge of the details of casting a ballot and should be able to step to the officer holding the registration list with an assurance which nothing can disturb and walk into the booth as if he had been there many times, and was conscious of his right to be there again. It is true of the professional "floater" or "repeater," more than of almost any other personage, that he who hesitates is lost. If he appears at all timid someone will stop and question him. He will probably have to swear in his vote, which means perjury if caught. There have been a few such cases today, but only a few. Men who are said to have come from other cities have contrived their business with such skill that generally they have been accepted in good faith. Those who were arrested will escape because there is no evidence against him in most instances and the others will never be heard of except in the general howl tomorrow which always goes up from losers after every election.

Mansfield Artist Makes a Hit.

Artists here, who are always discussing each other's work, are saying that Gus Verbeck has hit on the best thing in the way of "comics" that has come to the surface for years. He draws upside-down pictures which have been a feature of The Sunday Gazette. Verbeck is a newcomer in New York, originally from Mansfield, O., and is a metropolitan success. He comes from the state which has reason to pride itself on the output of artists as well as statesmen, even if it cannot beat Indiana's literary record.

Devery Sets Good Example.

"Big Bill" Devery set a good example to the voters of his Ninth district. He voted No. 1 early in the morning, coming out of the undertaker's shop, where the balloting was done, with a smile, as he directed his followers to go in and do their duty, so that they would enjoy breakfast. "Bill" has been a busy man all day and he does not know when he will get to bed again.

Election Celebration Begins Early.

Tin horns and bonfires were in evidence as soon as dusk was followed by darkness in Greater New York. The boys and young men who had been waiting to celebrate did not trouble themselves to know who was ahead before they began the regular election night din, while fires were started in vacant lots immediately after the evening meal. Few New Yorkers will get a chance to sleep until very late, for the racket is unceasing as well as general."

Had Glimpses of the President.

Manhattan had two glimpses of President Roosevelt today. One was when he arrived early this morning, crossing the city in a carriage from the West Twenty-third street ferry to that at East Thirty-fourth street, and again in the afternoon when he retraced his way. He went to Oyster Bay, voted, looked over his house on Sagamore hill and then hustled back to Washington. It was remarked that the president seemed to be in even better health, judging by appearances, than he was when he left Oyster Bay after his summer vacation, as he called it.

Desperate Fight on the East Side.

Public attention has been withdrawn from the thugs of the East Side by other matters of public interest. But evidently the thugs are still on the alert. A policeman was half killed on the Bowery by a group of toughs early this morning because he had rescued a man from their hands. The policeman was hammered upon the head with blackjacks, stabbed in the face and generally maltreated. The ruffians got away. The bare recital of these facts is enough to show that there is danger still in New York from the gangs who have the faculty of evading the law just as they list.

Prophet Retires to the Rear.

Goodby to the political prophet. His occupation disappeared today for a year at least. We have had him about us for many weeks, and he has allowed his voice to be heard in season and out of season with the strident insistence of a French horn off the key in a string and wood-wind orchestra. He has enjoyed the sound of his own predictions, and many listeners have sailed indulgently even if they have not been convinced. But the counting of ballots sets at naught all that he may have said and no one respects his utterances tonight. He is as futile as the unsuccessful candidates who are sadly trying to understand what has happened to their ambitions.

Columbia Eleven Recuperating.

Varsity football on Morningside Heights has lost its grip. The Columbia team did not practice today or yesterday, but will try itself out tomorrow. After the severe walloping it suffered at the hands of Yale last Saturday there has been an evident sentiment of "What's the use?" For one thing, the men have had bruises, wrenches and fractures to engage their attention. Now the convalescents in the eleven, with substitutes for the others who are born to combat, will see what they can do among themselves preparatory to meeting the Ithaca gladiators of Cornell on Saturday week. Cornell is a foe not to be despised, although if Columbia could have defeated Yale "Old Bill" Morley's infants would go up the Hudson with perfect confidence for the next battle.

The Goelet Wedding Bells.

It is the intention that the wedding chimes for the wedding of the Duke of Roxburghe and May Goelet shall be perfect if it is possible. Men are up in the belfry of St. Thomas' church working at the bells, and it is hoped that their task will be finished before the big wedding of the winter. As one of the bells is to be recast, while the others are tuned, it is possible the chime will not have its full strength, although it may make up in sweetness what it lacks in volume.

There Was Nothing in These Names.

A story is told of a singer who was engaged for a performance to be given in the Metropolitan opera house some months ago under the management of an impresario whose financial soundness was somewhat beclouded. An English tenor under engagement expressed his doubts and asked for some assurance that the "check" would walk on salary day. For answer, the manager led the tenor into the corridor at the back of the "grand parterre" and turning up the electric lights one after the other, showed him the names of the multi-millionaires who are subscribers for the grand opera. "You see those names?" he asked. "You know who they are?" "Of course I do," said the tenor. "Well, then," observed the manager, in quiet triumph, "do you suppose there can be any doubt about the stability of an enterprise in this house when those persons have taken boxes for the season?" The tenor was satisfied, but learned more about it when it was too late.

Fitch Disproves Cherished Belief.

The important fact blows along Broadway that Clyde Fitch was born in Elmira, N. Y. It is said that there is sorrow in Hartford, Conn., where Mr. Fitch's parents live, because they had always claimed him as a "Hartford boy" until he shattered their convictions by his own confession yesterday.

Cuba's Loan

The self-seeking Cubans who formed ... "revolutionary army" which did not free Cu... from Spanish domination, and which could ... have done it if Uncle Sam had not interve... succeeded in one thing. They forced the new ... republic to provide for the issue of $35,000,000 ... of bonds to pay them for their alleged services. ... This loan has been offered for some time, but ... there are no takers. Cuba is poor, and her ... financial condition is not such that the payment of the bonds can be looked upon as in any degree certain. Then there is the probability that, were this loan all taken and the money paid out to these Cuban "patriots," new pressure would be brought to bear on the Cuban congress to authorize another loan of the same size—for the total amount claimed by this "army of liberation" is $70,000,000. But buyers always consider the solvency of the borrower, and the conditions in Cuba are not such as lead to a reasonable assurance that the bonds will be paid.—Toledo Blade.

* * * * *

The prospect that Cuba will be able to borrow such a sum in the country grows steadily smaller, and the outlook will hardly be found brighter in European markets. The new republic cannot borrow abroad without this country's approval, and foreign lenders might demand security which would give them, in American opinion, altogether too strong a hold on the island's resources. It is not to America's interest to see Cuba mortgaged to foreign bondholders. But if Americans will not make the loan nor permit foreigners to do it what is Cuba to do? She needs the money. The demands of her disbanded soldiery must be satisfied and promises will no longer serve. The Americans want cash, and have been put off months by month with the assurance that money to satisfy their demands will be borrowed. It is becoming clear that this cannot be done at present and the restlessness of the unpaid soldiery threatens to become turbulent. The validity of their claims is recognized by the Cuban constitution and these must be met somehow, and that soon.—Cleveland Plain Dealer.

* * * * *

The financiers of Gotham are willing to lend money to Cuba, but they want better security than is offered by the government of the republic. On February 26 last the Cuban congress passed a bill instructing the president to effect an "immediate loan" of $35,000,000 for the purpose of paying the army, improving Cuba's agricultural condition and discharging certain debts contracted by the revolutionary government during the last war with Spain. The patriots of that revolution "fit, bled and died" on short rations and with no pocket change to spend on the vanities of the wicked world. Those who survived the war—and there are thousands of them—demanded, after the United States had given them a government of their own, that a grateful country do the handsome thing and pay them the arrears of wages due them. As they constituted a formidable political force, their claims immediately conceded the justice of their demands. Probably the money will be raised in good season, although the veterans, who have been waiting for nearly eight months, are beginning to realize the truth of the saying that "hope deferred maketh the heart sick." Some of them have been holding "indignation meetings" and indulging in strong language because of the government's tardiness in raising the cash.—Baltimore Sun.

\+ \+ \+ \+

It is the unanimous opinion of New York bankers that the security offered for the loan, a war of lien on the internal revenue collected in Cuba, is insufficient, and, as the commissioners are not authorized to offer any other security, their mission is likely to fail. They seemed to expect that sympathy for free Cuba would enable them to float a loan on inadequate security. Cuba has drawn pretty largely on the sympathy fund already.—Indianapolis Journal.

\+ \+ \+ \+

Even in the most favorable times capitalists are certain to look at the resources of the would-be borrower and the chances of his being able to keep his part of the agreement. It is the certainty of repayment that makes the loan good, and the financial progress of Cuba is not of the best. It would be better, probably, if the industrial and commercial life of the island were stimulated by the proposed reciprocity treaty. But there is another thing that is making the capitalists hesitate, and that is the purpose for which the money is to be used and the frank admission that when it is all spent, the full purpose will not have been accomplished, and Cuba will be expected further to mortgage her revenues to satisfy the other half of the war claimants. The unpaid half, one may be certain, will be all the more clamorous for theirs after the first half is paid. —Columbus Dispatch.

\+ \+ \+ \+

It may be expected that Cuba will now bend all her energies to the development of her agricultural resources and of her industrial possibilities. If she does that, the time will not be far distant when she will have established a credit that will enable her to place any reasonable loan.—Albany Argus.

Reform of College Athletics.

Gate receipts have been such a powerful factor in the degredation of athletics at colleges and universities and have created so much friction in various directions that President Harper of the University of Chicago proposes to endow athletics at his institution and abolish gate receipts. This will be a notable reformation and hundreds of college presidents may be expected to observe its working with profound interest. The problem is to bring athletics back to its original purpose—to make participation in useful sports general, with no object in view other than the wholes

"The country districts have won the ...," declared County Chairman Thomas J. Ford. "The rural voters will ...me to the city with 7,500 majority for the Republican party. The Sixth and Seventh legislative districts administered an awful rebuke to the pledge-breakers. The indications are that the Seventh will give 3,500 majority and that the Sixth will register its disapproval of Bigelow domination by a majority of 4,500. The Eighth, too, is far ahead and on the right side."

The headquarters were visited by all the leading workers who were not confined in their own districts to superintend the compiling of the count. District Attorney John C. Haymaker dropped in to congratulate Dr. John W. Dickson. W. C. Kirker came up from Bellevue and announced that his borough would give a majority of nearly 200 for the Republicans.

County Chairman Ford, seated at the table, received the reports by telegraph and telephone and at 9 o'clock was ready to announce a Republican victory. Senator Charles A. Muehlbronner declared that the Citizens majority of last year would be reversed, and at midnight said his prediction was justified by the returns.

The imperial quartet, which was heard in a medley of topical songs during the campaign, came into the room and serenaded the assembled ones with catchy parodies. The Gazette's coon, impersonated by a hilltop boy, came into the big room and caused endless mirth. Above the cheering the returns from the Sixth and Seventh legislative districts were announced, and pandemonium reigned among the throng of enthusiasts that came in from the street, adding to the din with cowbells and horns. Senator William Flinn remained but a few minutes. He agreed with Chairman Ford's estimate and left for his home at 11 o'clock.

With returns from 42 districts outside of the cities the Republicans had 10,843 against 6,466 received by the Citizens. This gave a Republican majority of 4,377 and a net gain over last year of 2,445. From these figures it was estimated that the country districts would give a Republican majority of 7,500.

Thirty precincts out of 123 in th Sixth legislative district gave th Republicans 2,586 and the Citizens 1,725, the Republican majority being 1,641 and indicating that the Republicans would carry that district by 4,500. In the Seventh legislative district 20 precincts gave the Republicans a majority of 1,636, and the Republican majority for the district was estimated at 3,500. Twelve precincts in the Eighth gave the Republicans a majority of 701.

The Coon Heralded Victory!

Garbed, as on Hallowe'en, to represent the mischievous coon made famous in the cartoons and Sunday drawings of Payne in The Gazette, Albert Nicklas, the 11-year-old Knoxville boy, made a big hit when he appeared on the bulletin platform in front of The Gazette office in Fifth avenue last evening. Gathered around the bulletin board was a crowd of hundreds, Fifth avenue being packed from side to side by those who were eager to know as quickly as possible how the contest had ended. The nervous strain was relieved when the coon came into view, and from that time on the crowd seemed more optimistic of a Republican victory.

One of the pictures above represents young Nicklas as he appears in plain clothes far removed from the "Coon Hollow Bunch." His home is at No. 304 Summit street, Knoxville, his father, John Nicklas, being a department head in a manufacturing establishment in Lawrenceville. The other shows him as he made the hit both in the Hallowe'en celebration and on the platform of the bulletin board last evening.

HOW REPUBLICANS RECEIVED NEWS

City Headquarters Filled With a Crowd That Gradually Grew Enthusiastic.

THE RESULTS VERY ONE-SIDED

A hopeful, lively and enthusiastic crowd received the returns of the election at the Republican city headquarters in Sixth avenue last night, and by midnight everybody there was satisfied that the Republicans had won the election by a rousing majority. Men prominent in the Republican ranks were there. They came full if hope and as the hours waned the hope gave way to certainty.

The returns were received in the office of the city chairman, Max G. Leslie. Leslie called off the returns to the crowd and Secretary Robert Ostermaier, with a vote sheet of last fall's election before him, tabulated the returns and figured the Republican gains and losses. The losses were few, nearly every return coming in showing big Republican gains.

At the telephone sat James Francis Burke, receiving figures that were telephoned, although many were brought in by the district chairmen and other messengers from the wards. For tabulating purposes only the vote for sheriff was wanted, and much time was lost through the inability of the men at the other end of the telephone to comprehend why the vote for the state ticket was not wanted. There was no doubt about the success of the Republican state candidates, of course, and the figures on the vote for them would serve no useful purpose.

The crowd was not very large when the first returns came in, but presently the whole building was crowded.

John C. Haymaker, the district attorney, was on hand early. Assistant District Attorney William D. Grimes arrived, and in quick succession came Dr. J. Guy McCandless, Frank J. Klumpp, I. H. Cook, Charles B. Flinn, A. Dilworth, Dr. A. J. Barchfeld, Sheriff William C. McKinley, H. H. Bengough, J. D. Brown, Samuel P. Conner and others. Select Councilman John Benz and Select Councilman John A. Murphy came in later and were interested listeners to the returns.

At 9:20 p. m. Senator William Flinn arrived and asked how things were going. The senator said he would wait until the first 50 districts received were tabulated, and as soon as he heard the encouraging result he went home smiling.

The crowd was quiet at first, even very encouraging returns being received as quietly as if it was the most natural thing in the world to expect nothing else, but occasionally a comparison of a vote just received with the one cast last fall evoked a cheer. The fact that Wilkinsburg gave a Republican gain of nearly 1,000 and the Twentieth ward, although lost to the Republicans, produced a Republican gain of several hundred, caused a shout that was followed by cheering in the street, when the bulletin was flashed from the stereopticon upon the building to the other side of the street.

When the boroughs came in announcing enormous gains for the Republicans, the enthusiasm broke out, and when Chairman Leslie gave his estimate that at the then prevailing ratio of gains the Republican county ticket would have a majority of 7,000, his figures were applauded as conservative and very likely ones.

The headquarters were informed of some queer work in the Third district of the Twenty-fifth ward. It was said that at 4 p. m. the supply of official ballots had given out, but from some source the Citizens managers secured a further batch that were used.

RODGERS AND BAILEY TRIED TO FIND VICTORY

The Third Avenue Headquarters Looked Like a Funeral Establishment.

While City Attorney W. B. Rodgers and Samuel G. Bailey tried hard to figure out a Citizens victory at the Third avenue headquarters last night a crowd of workers gathered in the outer rooms and told each other why the Citizens ought to win; later others, not Citizens, joined the throng and told why they should lose. It was a standoff until figures from outer wards and outlying districts slowly but surely told the story.

Two hard workers for the Republican party, one of whom was responsible for hundreds of votes throughout the county, whispered words of sympathy in Bailey's ears, but he refused to believe in defeat until W. B. Rodgers gave up the fight and moved to the third story of the public safety building, where the fog had settled thickly on L. S. Levin, Martin McTighe, W. G. Negley and other workers for a lost cause. Bailey followed his chief and the Third avenue headquarters looked like an undertaking establishment.

It takes little to tell the story of how returns were received in Third avenue. Early in the evening the lower wards of Pittsburgh came in strong for the Citizens-Democrats, and this caused Bailey to remark to a personal friend, that it was a "walkover." When John F. McTighe of the Sixth ward showed a Republican gain of many hundreds, he saw the handwriting on the wall, but kept up the bluff until Mr. Rodgers said he thought they had better join the other funeral throng at the Public Safety building. Their parting words could not be recorded, but Bailey was last seen taking a cab for the woods in the Thirty-seventh ward.

SINGLE TAXERS ANXIOUS.

In Hotel Followers of Henry George Await Ohio and Rhode Island Returns.

Among those who gathered quietly by themselves to hear the election returns last evening was a good representation of the Pittsburgh followers of the teachings of Henry George. Their organization has been known as the Tax Reform club of Pittsburgh. The name was changed to Single Tax association of Pittsburgh last evening. About 25 of the 100 members of the association met in the Seventh Avenue hotel and awaited the news of the result in Ohio and Rhode Island, the two states where single taxers were candidates for governor. The Rhode Island candidate, Lucian F. C. Garvin, is the incumbent. Those present little expected the success of Tom L. Johnson in Ohio, but they looked for a considerable showing of strength to give him standing in future contests.

While the club members awaited the news a smoker and a business meeting were held and there was a lively debate on the proposition to change the name of the club so as to include "Henry George" in its title. This, however, was strongly opposed and the name adopted a compromise. Nathaniel Green, the lumberman, is president of the club, and C. V. Horne is secretary.

DOUBTFUL FOR GORDON.

Democrats Claim the Judiciary Contest in Clearfield County.

CLEARFIELD, PA., Nov. 3.—(Special.)—The hottest political scrap ever pulled off in this county ended this evening when the polls closed and the largest vote ever cast in this former Democratic stronghold was cast. All indications and reports to Democratic headquarters from district leaders point to the election of Allison O. Smith, the Democratic candidate for presiding judge over Cyrus Gordon, Republican, and present incumbent, by a majority of not less than 500. Judge Gordon's managers practically conceded defeat when the polls closed.

DEATHS.

AHLERS—On Monday, November 2, 1903, at 1:15 p. m., VIRGINIA K. AHLERS, daughter of Annie Kopp and the late William Ahlers, aged 1 year and 10 months.

Funeral services Wednesday afternoon at 2:30 o'clock from the residence, 506 Liberty street, Allegheny. Interment private. Please omit flowers.

Ever Been to California?

No? Then you can hardly realize what you have missed—not even from the enthusiastic descriptions of your returned friends, nor from the best photographs or the most brilliant pen pictures.

California must be seen to be appreciated—you must breathe the balmy air, feel the inspiring sunshine, eat the delicious fruits, smell the lovely flowers, see the big trees, the old missions and the glorious Pacific. Do these things and you will know California's charm. There's nothing like it anywhere else under the shining sun.

Think it over—can you afford to miss the California trip this winter?

Ask us as many questions about the trip and about California as you like—they will be answered correctly, promptly, courteously.

VOTING IN THE HILL DISTRICT

Some Lively Times Took Place, but Nothing Startling Transpired.

SEVENTH CONCEDED CITIZENS

Light Vote Was Polled During the Day, but Toward Nightfall a Great Many Voters Went to the Polls—Arrests Were Made.

During the day a comparatively light vote was polled in the Seventh, Eighth, Eleventh and Thirteenth wards. Toward 6 o'clock a much heavier vote came out.

In the Eighth and Eleventh wards contests and fights were few and far between. In the First district of the Eleventh Alderman C. F. Oyer, who had been sworn as a deputy constable, was thrown out of the polling place.

The constable who appointed him was a Citizens' party man, and when he learned Oyer was supporting the Republican ticket he revoked the appointment and Oyer was compelled to leave the polling place. The alderman, however, was quite active in getting out a big Republican vote.

In the Second district of the Eleventh ward a contest arose on the voting of several Republicans. The judge of election, a Citizens' party man, refused to permit several qualified voters to cast their ballots. He threatened to leave the polls, but was later pacified and shown that those who attempted to vote had a right to do so.

In the First district of the Seventh ward Adolph Edlis, Republican leader of the ward, and Max Levinson, Citizens leader of the district, were at loggerheads during the entire day. Edlis conceded the ward to the Citizens, but claimed by a smaller majority than in February. Levinson and Henry Erisman, Jr., were active in getting out the Citizens vote. Erisman attending to the Democratic end. Erisman is an employe in the office of George H. Stengel, register of wills.

In the Third district of the Seventh ward Alderman James R. Connor, Citizens leader of the ward, ran things as he pleased. He was seen several times going into hostlers and marking ballots for voters. No one attempted to question his right to do so. Connor claimed the entire ward by 400 majority. In the Second district of the Seventh, where Fireman Neeland was hurt, Detective Louis Leff ran things. Leff marked ballots for nearly 100 negro voters. Leff claimed the district by 10 to 1.

In the Eleventh ward the claim this year was not police intimidation, but lack of officers at the polls. Few officers were seen at any of the polling places, and fights had to be quelled by onlookers or else stop of themselves. The Democrats in this ward were active in supporting the Republican ticket, and from indications the Republicans carried the Eighth, Eleventh and possibly the Thirteenth wards. The Seventh is conceded to the Citizens.

Charles Douglass of Hazel street was arrested at the polls of the Third district, Seventh ward, where he was creating a disturbance. It is said Douglass was intoxicated, and he was arrested on complaint of one of the watchers, George Eglund, a negro, was arrested at the polls of the First district, Eighth ward. It is said he drew a knife and tried to stab another negro who was about to vote the Republican ticket.

PERSONALS

Prof. Reginal P. Fessenden, formerly with the Western university, now employed by the United States weather bureau, in charge of the wireless telegraphy in Washington, D. C., spent yesterday in Pittsburgh visiting his friends and relatives. When seen at the Union station last night on his way east he said: "I have several improvements under way which will be of great benefit to wireless telegraphy, but they are in such a state that I cannot speak about them at the present time. In a short time I will be able to say something that will be of general interest."

Superintendent of Detectives Thomas A. McQuaide and Detective Richard Kelly left for New York last night and will sail today on the steamer Philadelphia for Southampton, England, for the purpose of bringing back the two Croatians who are suspected of killing Contractor Samuel T. Ferguson at Middletown, Washington county, on September 28. The Croatians are now in the Bow street station house, London, awaiting the arrival of the officers and the extradition papers.

Capt. I. W. Griffiths, who for two years had charge of the local recruiting station of the United States army and who has been transferred to Ft. Sheridan, will be entertained by a number of his friends tomorrow evening at the Colonial hotel, Sixth street. Persons from outlying towns besides those of Pittsburgh will pay their respects and Capt. Kreps, who succeeds Capt. Griffiths, will be present. Capt. Griffiths is a member of the Forty-seventh infantry.

Miss Mary Anderson, a teacher in the grammar grade at the McKeesport high school, yesterday tendered her resignation, to take effect immediately. Miss Anderson was elected to a very position in the Grant school, Pittsburgh.

W. S. Shellenberger, fourth assistant postmaster general, whose home is in Beaver, returned to Washington last night after spending yesterday at home. He went to Beaver expressly to vote.

Oscar G. Murray, first vice president of the Baltimore & Ohio railroad, arrived in Pittsburgh last night. He will meet the operating officials of this district today.

Inspector of Immigration Robert D. Layton will leave for New York today to examine a number of Chips' manifests. He will be gone about a week.

RECEPTION TENDERED TO RETIRING PASTOR

The members of the Knoxville Methodist Episcopal church will give a reception tomorrow evening in the church parlors, at Knox avenue and Morse street, in honor of their newly-settled minister, the Rev. Paul Weyand of Beaver, who has been in charge almost a month. Mr. Weyand comes back to a former charge, as he preached for a while in 1898 as the first pastor of the church, when the congregation met in a hall to worship. The ministers of the other denominations in Knoxville have been invited to attend, as well as all the Methodist Episcopal ministers of the South Side. A literary and musical program will be rendered and light refreshments will be served.

NO POLICEMEN IN ALLEGHENY

City Was Left Without Protection While City Employes Worked at the Polls.

INTIMIDATION RESORTED TO

Fireman Worked All Day at Polling Place With a Club in His Hand—Man Had His Head Laid Open With the Weapon.

For several hours yesterday morning the majority of votes cast in Allegheny were for the Citizens party. All the city employes, under orders, went to the polls immediately after 7 o'clock and cast their votes. In almost every case one of the city police officers entered the booth with the voter. Throughout the city there were no policemen on their beats. All were working at the polls in civilians' clothes.

Weather conditions were responsible for a big vote, and it was said at both headquarters yesterday afternoon that the count of last fall, when over 13,000 votes were polled in Allegheny, would be equaled if not exceeded.

In the Second, Third, Fourth, Fifth and Sixth wards of Allegheny the Republicans were leading late in the afternoon, and Republican workers declared that in each of these wards the payroll and all those that could be taken to the polls had been there and voted early. The early vote between 5 and 7 o'clock was calculated to give the Republican ticket a big majority. This was apparent in the voting on the North Side.

Throughout the city the Republican party had watchers whose work was to prevent any illegal voting or other fraud. The number of watchers seemed to take the heart out of the Citizens workers and as one Bigelow machine worker said at the Fourth district of the Second ward yesterday afternoon: "We are offering premiums for Citizens votes here."

There was not a police in Allegheny that had not its quota of payrollers in it who were working for the Bigelow ticket. This was especially evident in the first five wards. In the First the Republican watchers had their troubles. The presence of repeaters in the city was known and in several of the precincts of the First some trouble was experienced. Intense bitterness prevailed in the Fifth. Dr. James W. Dickson's ward. The Citizens had promised the county leaders they would defeat the Republican candidate for sheriff in this one ward and to accomplish this end all the Bigelow workers were working to their utmost.

The police of the city had a day off their regular beats. A census of all the police in the city showed the officers in citizens clothes working for the Bigelow ticket. For the day the city was without police protection. On Monday night many of the officers were excused from duty and were given orders to be up early to work at the polls.

City Treasurer Andrew L. Robinson was at the Fourth ward polls all day bringing in votes for the Citizens ticket. Charles W. Simon, the Republican leader, was busy and said late yesterday afternoon that the fight in the Fourth would be disappointing to the machine people.

Although the vote was big the trouble amounted to little. Allegheny City employes in several wards tried intimidation methods, but had little success. In the Third district of the Third ward, H. D. McCracken, a fireman, worked all day at the polls with a club in his hand. Shortly before 3 o'clock in the afternoon a colored policeman named Stepney, came into the ward from the Twelfth and started trouble. McCracken, the fireman, in the melee that followed, brutally beat Bernard Carr, a Republican watcher. Carr had his head laid open. Ex-City Detective James Steele, who is the Republican leader in the district, stopped the fight, and declared last night that McCracken would be arrested today, as he would make information against him. Carr was taking no part in the fight, but had been bringing many votes in for the Republican ticket.

Very little cutting was done in Allegheny. This is surprising, as it was supposed that Dr. James W. Dickson and Harry Gerwig would run ahead of their respective tickets.

ESS ESTATE WINS.

Pennsylvania Railroad Company Must Pay $10,000 for Death of Canton Man.

CINCINNATI, Nov. 3.—(Special.)—The United States circuit court of appeals today decided a suit, originally brought by an administrator against the Pennsylvania Railway Company for the recovery of $10,000 damages for the death of Joseph Ess of Canton, O.

The original bill of complaint alleged contributory negligence on the part of the railroad company in allowing the overcrowding of the cars and in running such overcrowded trains in such a manner that a sudden jolt would dislodge a passenger. The railroad company contended that Ess was guilty of contributory negligence in riding on an overcrowded car. The jury decided that he had not been guilty of negligence and brought in a verdict in favor of the administrator. The defendant company appealed on error. The court of appeals sustained the lower court, affirming the judgment.

Carriages Were Kept Busy.

In the Twentieth and Twenty-first wards a dozen carriages were used all day long conveying aged voters to and from the polls. Both sides had their old men who were unable to walk conveniently. The carriages were not kept so busy in the morning, because in many cases the families of the aged voters refused to allow them to go out in the fog, but when the sun came out in the afternoon and the air became balmy the carriage voters were numerous.

Church Site Purchased

The Slavish Catholic church, Father Jands, priest, yesterday purchased a site for a new church on Ninth avenue, Homestead, facing the steel works park. The deal was made through J. J. Ratigan, the price being $4,000.

GREAT CROWDS HEAR RETURNS

Thousands Were in Fifth Avenue Eagerly Scanning the Bulletins Posted.

NOISY, BUT GOOD-NATURED

Downtown Streets Were Black With Those Deeply Interested in the Contests Here and Elsewhere—Theater Audiences Listened to Reports.

The interest manifested in yesterday's elections has scarcely been equaled in this city and county for many years. Owing to the closeness of the fight and the fact that no one could confidently predict who had actually won until nearly all the votes were counted, great crowds gathered in Fifth avenue and Smithfield street, and eagerly scanned each fresh bulletin of the result in some precinct.

In front of the newspaper offices bulletins were issued every minute. Scores of persons, 10,000 or more, soon blocked the sidewalks, and as each bulletin was pasted up made a score on a sheet of paper, book or anything handy, and so kept tally as to how things were running. Even a few Democratic betters were seen, but takers were few.

Supporters of both the Republican and Citizens parties who were in the downtown streets last night admitted the fight was close. Each was alike confident. A large many of the onlookers departed when the result in some doubtful precinct, or one in which they lived, or in which they were deeply interested, was placed upon the bulletin boards.

Like an afternoon downpour, with the scores of women lacking was the sight presented by the promenaders up and down Fifth avenue. Boys and men alike carried tin horns which they tooted at will, and many carried large bells. The noise of the horns and bells was even worse than on Saturday night. On the whole, the crowds were all in good humor, few arguments and still fewer fights marring the excitement of the evening.

In the theaters, at the close of each act, returns from the districts were greeted with enthusiasm. These returns were prompt and as reliable as those pasted in front of the newspaper offices. Audiences in the theaters showed their preference when a bulletin setting forth a victory for either party in some district was read.

The election returns from other cities and states were pasted up on bulletins and received exhibit great enthusiasm. The bulletins on the outside of Allegheny county centered on Ohio and New York. Early in the evening it was evident George B. McClellan had been elected mayor of the metropolis. The result of the Ohio election, although decisive, came somewhat later than in New York, for the latter city the polls closed at 4 o'clock in the afternoon, while in Ohio they were open until 8 o'clock.

It was long past midnight before the final bulletins which completed the returns in all the contests had been posted. A surprisingly great number of persons waited until the last. The noise kept up and pandemonium reigned supreme until late in the morning. Compared to last night's noise and mirth in Fifth avenue, the Hallowe'en celebration takes on the air of a Sunday school picnic.

A feature of the election celebration last night was a parade composed of the students of the senior class of the Pittsburgh school. They carried horns, cowbells and other noise-making implements besides banners bearing various emblems. Some of the inscriptions were "Me For Doc." "High School 1904." "Down With Tyranny." "An Hour for Lunch." "Six Months Vacation and one with a 10-cent lunch box on the top and the inscription "Our Daily Bread."

The students' route of parade was through the crowded thoroughfares of the downtown district and was completed after their visit to one of the downtown theaters.

The lively antics of a pair of billposters in front of The Gazette office kept the people standing for hours, eager to get the first look at the bulletins that a wooly-headed urchin reached out of the window from time to time. Politics at the last hour was the one subject of conversation, and the effect of every new revelation in the day's vote could be traced in the rise and fall of the crowd's murmurings.

Early in the evening hundreds, following a long-established custom, went to Old City hall to view the returns. Disappointed at the darkened building they hastened back to Fifth avenue, there to mingle with far too numerous crowd that remained out long after midnight.

All sorts and sizes were in the curious throng. Paid politicians who had put in a hard day at the polls were out to see the effect of their work. Theatergoers regard lout in opera costumes left the play houses between the acts to get a glimpse of the results. East End cars were crowded with political prophets, many of them women, who had gone downtown to see the result of their predictions. In and out among these hundreds of people the newsy twisted with his bundle of "extera," getting the lion's share of the trade of the evening.

As the results began to take form in the different wards, overcoats and wraps got too hot for the enthusiasts, who were wedged in between two rows of "coppers." Everybody was waiting for a chance to yell. It made little difference to most of the crowd at what the occasion might be. The steady Republican gains over the city kept up a constant round of cheers, and when the country districts began to be heard from this broke out to a chorus of yells.

As one downtown ward rolled up a big gain for the Republicans a burly policeman who had worn a scowl for an hour growled "There goes my job. Not a chance for me now. I say, Mike, don't you wish you was Eddie Bigelow's coachman?"

When the Twenty-third ward began to show its face on The Gazette bulletin boards it was the center of interest. Word from this B. & O. stronghold had previously come a big Citizens vote. Not a few had a reason to give why the ward had not kept up its reputation of the past two years. W. S. Haynes, who during both of the last campaigns led the Citizens hosts to victory, nudged a companion as he saw the Republican majority pile up in Hazelwood and Glenwood and said:

"The Twenty-third went Republican as a rebuke to a broken promise of the Citizens. After two hard fought battles the Citizens organization laid down merely because it had not received its just dues. The Citizens leaders know well enough where to place the blame."

Another Glenwood business man came out with the significant remarks that "Maybe Verner know what he wanted when he held up the B. & O. ordinances, but he lost hundreds of votes by it. The Twenty-third would be holding after its bread and butter today. That is why there isn't a bigger Citizens vote cast."

Special Deputy Sheriff Arrested.

George Egland of No. 37 Tamrehill street, a special deputy sheriff on duty at the Seventh district of the Eighth ward was locked up in No. 2 police station yesterday afternoon. Special Officer John Dillon said Egland was acting in a disorderly manner near the polls and locked him up.

NICKNAMES

What the Jolly School Principal Is Called.

Nicknames never yet hurt a healthy man.

An Ohio lady tells a good food story. "Once, years ago, my sister, at that time a woman of 35, became so ill from nervous exhaustion that for two years her life was despaired of. She had suffered from dyspepsia since a girl and the nervous trouble of course aggravated that, until it became impossible for her to eat or take nourishment of any kind without intense suffering.

"Like all persons affected with nervous diseases she also suffered from insomnia and it was nothing unusual for her to sleep only three hours out of 24. All the years she had been a miserable invalid her diet consisted almost entirely of milk and eggs. Finally Grape-Nuts came upon the market and she tried this food for breakfast, four teaspoonfuls in a pint of hot milk and the change in her condition was perfectly marvelous.

"She improved at once and her face has now grown round and fat as I remembered it in girlhood and the increase in flesh has extended all over. She never was weighed while an invalid so we cannot say just how much she has gained, but it is wonderful. She now sleeps the whole night through and all the miserable weakness and aches in head and neck are gone. She is again well and strong and happy when it looked as though she would never have any happiness on this earth again. All her neighbors look upon her recovery as a miracle.

"The principal of the public schools in our city is such a strong advocate of Grape-Nuts as a brain food that he has gained the nickname of 'Old Grape-Nuts,' but somehow or other he is so jolly and healthy he doesn't seem to care." Name given by Postum Co., Battle Creek, Mich.

PLAN TO FIGHT DIVORCE EVIL

The Episcopal Church Congress Takes Up the Subject With Earnestness at First Meeting.

BISHOP DOANE SPEAKS OUT

Albany Church Leader Points the Way in Which the Crusade Must Be Carried On—Bishop Whitehead Welcomes the Congress.

An address of welcome delivered by Bishop Cortlandt Whitehead of the Pittsburgh diocese formally opened the twenty-second church congress of the Protestant Episcopal Church at Carnegie Music hall last evening. Following the address of Bishop Whitehead was a discussion of "Christian Marriage and Divorce." Strong arguments were adduced against the remarriage of the divorced.

The attendance last night, owing to the election, was not so large as was expected, but a fair audience greeted the ministers and heads of the church who are participating in the congress.

Bishop Whitehead in welcoming the congress entered into a discussion of a number of questions that demand the attention of the church. The relative positions of capital and labor and the present influx of foreign population were matters requiring the most serious consideration of the church, he said.

Church Must Lift Aliens.

He spoke of the tendency of the foreign-born to centralize, or rather colonize, and perpetrate customs lacking the broader and higher plane on which the better world is establishing itself. Is a matter demanding solution at the hands of the church.

The number of foreigners promise serious complication when industrial depression occurs. In concluding he urged the congress to bear before it always the purposes of its session, which were to upbuild and not tear down; to remove obstructions and to point out to the people in a clear manner the mission of the church.

Papers and addresses bearing on the topic of divorce were presented by the Rt. Rev. W. C. Doane, D. D., bishop of Albany; the Rev. George C. Cox of Cincinnati; the Rev. H. P. Nichols, Silas McBee of New York and the Rev. Charles H. Babcock, D. D.

Bishop Doane's paper was a strong declaration against divorce and the tolerance of marriages of divorced people by the authority of the church. He said the evils of divorce had increased to such proportions that the corruption of society was threatened in the most alarming manner, and the process of treatment of the disordered custom should be drastic. He said in part:

"An effort to crystallize this opinion into law, to make it influential and effective, must be in three directions. First, to lift the standard of civil legislation to the highest advisable point. I do not think this can be, or ought to be, reached by constitutional amendment, or by action of the congress of the United States; because inevitably, in order to lift some shamefully low standards which pertain to other law standards in some states, the higher standards which pertain in other states would have to be leveled.

Churches Should Agree.

"The second effort should be to secure the best consensus of all the Christian churches upon the absolute refusal of remarriage to any but the innocent person divorced on the grounds of infidelity of the other party; which would be a great step in advance.

"The third should be for this church to take the position which was two-thirds secured two years ago, by the adoption of the canon, which, while it does not exclude from the sacraments the divorced person in the single instance, does absolutely forbid our clergymen to perform any marriage service, under any circumstance whatever, for any person divorced for any cause arising after marriage."

Further along the bishop defined "marriage" as the "union of one woman and one man that is to last until they are parted by death." He said let the state join together what it tears apart, but that the church should stand aloof from such procedure.

The Rev. George C. Cox elaborated on the relations of man and woman throughout the history of mankind.

He said as officers the question could be discussed with more tolerance for existing tendencies, but in the spirit of a churchman the course to be pursued was imperative. The passage: "What God Hath Joined Together, Let No Man Put Asunder," becomes a dominant rule in the matter that would permit of no violation of a righteous sort.

Two States Laws Scored.

He said to take Jesus' ideal of marriage which regarded it as holy. He censured the state laws of Kentucky and Dakota which made divorce available to persons outside those states who could not obtain the same in their own states.

Mr. McBee discussed the question from a layman's standpoint, and pointed out the action of the United States supreme court in its tendency to curtail and confine divorces to the persons of the states where the laws are made.

The Rev. H. P. Nichols and the Rev. Charles H. Babcock discussed the question in opposition to divorce procedure.

The event of the forenoon of the congress was its opening at 10:30 with an elaborate service at Trinity church. The holy communion was celebrated with Bishop Doane as celebrant; Bishop Whitehead, gospeler; Bishop Vincent, epistolar, and the Rev. Dr. A. W. Arundel, master of ceremonies.

Bishop Vinton preached the sermon. His sermon dealt with the Lord's supper and the lesson of following closely the service of the Lord. An audience of good proportions was present.

Two former Pittsburgh pastors appeared in the city yesterday morning and were warmly received in their old home. They are Bishop Boyd Vincent of Southern Ohio and the Rev. W. D. Mayon, D. D., of Detroit. Both were rectors of Calvary church.

JUDGE AND SHERIFF WERE READY FOR TROUBLE

Judge S. A. McClung of common pleas court No. 3 yesterday sat in the chambers in preparation for any election irregularity that might be taken into court and the sheriff's office also kept open with a corps of deputies, but nothing occurred to demand the services of either of the legal branches.

Promptly Held for Court.

Owen Haide, of First street, Sharpsburg, a Citizens' worker, was arrested yesterday afternoon on information of Fred Filgrim, a Republican, at the police of the First precinct, Sharpsburg. Haide was later charged before Squire S. W. Schrandt with furnishing illegal tax receipts to voters, and was held in $200 bail for court.

Argued at the Polls.

James Kerrigan of Painters' row, West Carson street, was arrested yesterday at the polling place of the First district of the Thirty-fourth ward. It was alleged that Kerrigan became too demonstrative in an argument with one of the watchers.

TWENTY-THIRD WARD WAS QUIET

Well-Known Priest Had Considerable Trouble in Finding His Polling Place.

REDISTRICTING LOST VOTES

Firemen of Engine Company No. 13 Left Their Post of Duty—Baltimore & Ohio Railroad Employes Cast a Heavy Ballot in Glenwood.

Election day in the Twenty-third ward was one of the quietest in the city and a light vote was polled in many of the districts. One of the reasons why a light vote was polled is said to be that many of the voters did not understand where they were to vote, as the ward had been redistricted. An example of the mix-up experienced in some of the places was the case of the Rev. Father Daniel J. Devlin, rector of St. Stephen's Roman Catholic church, Second avenue and Elizabeth street. The parish house is on the same square as the Peoples school where Rev. Devlin had voted for the last 20 years. When the ward was re-districted this school building was selected for the polling place of the Seventh, Eighth and Tenth districts, and the Ninth district is across the street in Engine House No. 12.

Yesterday afternoon Father Devlin presented himself at his accustomed polling place, which was now occupied by the Seventh district. His name was not on the register and he was told to go to the next district, the Eighth, and so he entered the next room, where the election board of the Eighth was holding session. Again he was told that he was in the wrong place and was advised to enter the room across the hall, where the Tenth district was casting their ballots.

After considerable delay and a great deal of wrangle the board decided that the priest was in the wrong place and he said:

"Three polling places next door to each and I can't vote in any of them? Why, I've been voting in this building for years."

Several members of the election board put their heads together and decided that the Eleventh district included the portion of the priest, and so he went down Second avenue several blocks and cast his ballot.

It is said that many votes were lost through the re-districting of the ward. Another complaint heard about the polling places was the evident laxity of the persons who were supposed to register the voters of the ward. It is declared that the last registration [illegible] plete.

...Y LIGHT VOTE IS CAST

...dications That the State Ticket Has Turned About the Same Strength as ...cal Candidates — Westmoreland ...emocracy Demoralized.

[SPECIAL TELEGRAM TO THE GAZETTE.]

GREENSBURG, PA., Nov. 3.—Little interest was displayed in the election in Greensburg and adjoining boroughs and townships and it is not thought that half vote has been polled in Westmoreland county. Early returns indicate that scarcely 15,000 of the 30,000 registered voters of the county went to the polls. The demoralized condition of the Democracy because of the bitter squabble which has been going on for almost a year between the Doty and Keenan factions for control of the county organization made the election practically lifeless locally, and the Republican county ticket was elected by majorities which are variously estimated from 3,500 to 4,000.

From early returns Jesse E. B. Cunningham of Greensburg, candidate for district attorney, will lead the ticket with a majority of 3,750. Robert M. Jones of Jeannette and Millard F. Null of Ruffsdale will return to the offices of clerk of the quarter sessions court and prothonotary, respectively, with majorities of over 3,500. The three Republican candidates for poor director, John F. Kettering of Hempfield township; R. O. Eovard of South Huntingdon township, and Charles W. Saxman of Latrobe have won handily. Col. Truxal of Southeast Greensburg and Norman Hamill of Mt. Pleasant township, Democrats, are expected to be the other members of the poor board, although the Keenan faction made a determined effort to bring about the defeat of the first-named and elect C. W. Megary of Latrobe as the fifth director. M. Barnhart of Mt. Pleasant, Republican, and Michael Shoup of Greensburg, Democrat, were elected jury commissioners. The state ticket has run several hundred votes behind the county candidates.

Big Majority in Jefferson.

PUNXSUTAWNEY, PA., Nov. 3.—(Special.)—With 3 out of 40 precincts heard from and the remaining precincts carefully estimated the state Republican ticket in Jefferson county will have a majority of about 1,400. For district attorney, James A. Murray Republican, leads McCracken, Democrat, by 500 on 22 out of 23 districts heard from. Murray's estimated majority will be close to 1,500 in the county.

BELLEFONTE, PA., Nov. 3.—(Special.)—Returns from 17 out of 55 precincts show a fair Republican gain of 507 over the vote of three years ago. At the same ratio the Republicans will carry the county by a small majority, although the Democrats claim they will win.

UNIONTOWN, PA., Nov. 3.—(Special.)—Uniontown cast 442 votes for Mathues, Republican, for state treasurer; Hill, Democrat, 163, and Paton, Prohibition, 196. The Republicans have carried the county by 500 plurality.

CONNELLSVILLE, PA., Nov. 3.—(Special.)—Connellsville goes Republican by 98 on the state and 58 on the local ticket. The vote was very light, about 500 fewer than two years ago. It is Republican by 92. The bond issue for New Haven was defeated by 150 to 56.

Light Vote in Beaver.

BEAVER FALLS, PA., Nov. 3.—(Special.)—The lightest vote in the history of the city shows the smallest Republican majority. Mathues for state treasurer, and Harris for prothonotary, have each carried the city by 427. Snyder, Republican, for auditor general, runs with the ticket.

BEAVER, PA., Nov. 3.—(Special.)—The election passed off very quietly here. Only two local candidates were voted for, prothonotary and jury commissioner. Owing to gross carelessness in reading the proof of the ballots the word "supreme" is used instead of "superior." A decision from court to the effect that the error was a clerical or typographical one will be necessary in order that Beaver county's vote for judges be counted. Senator M. S. Quay cast his vote in the Second ward.

WARREN, PA., Nov. 3.—(Special.)—The returns indicate the election of the entire Republican ticket by a plurality of about 1,500. The Republican plurality in this city is about 200. Interest in this county centered upon the district attorneyship, in which Thomas Dunkle, Democrat, and Ralph N. Brown of Lander, Republican, were the opposing candidates. W. S. Clark of Warren, Republican candidate for district attorney was unopposed. Homer Fuhman of Warren, former county superintendent of schools, is elected prothonotary over H. C. Mead of Youngsville.

Close in Venango County.

FRANKLIN, PA., Nov. 3.—(Special.)—Returns from 36 out of 58 election districts in Venango county indicate a plurality for the Republican state ticket of 1,000. The vote for district attorney will be close between McBride, Republican, and McCalmont, Prohibitionist. Basing estimates on the districts heard from McBride will have a plurality in the county of 100.

NEW KENSINGTON, PA., Nov. 3.—(Special.)—Election results were: Mathues, 186; Hill, 62. Auditor general—Snyder, 138; Dewalt, 56. Judge of superior court—Morrison, 144; Henderson, 125; Ward, 56; Rayburn, 62. Prothonotary—Mull, 149; Byers, 55. District attorney—Cunningham, 136; Watkins, 69.

WASHINGTON, PA., Nov. 3.—(Special.)—The Republicans scored a victory in nearly every precinct and County Chairman Fox conceded the election of the three county Republican candidates. From the precincts heard from at midnight the Republican majority is a little over 3,500, a gain of 1,000 in the county. The vote for Washington shows a majority of 515 for John G. Hall for recorder over Davis Rasco, the Democratic candidate. Every precinct in Washington except the Second precinct of the First ward went Republican. The vote was the lightest in years.

Democrats Become Republicans.

INDIANA, PA., Nov. 3.—(Special.)—The Republican state ticket has won in this county by a plurality of 2,700. The vote is surprisingly large considering the apparent lack of interest in the county. It is said a large number of Democrats voted the Republican ticket in order to qualify for the Republican primary next spring, when candidates for judge, congress, state senate and nearly all county offices are to be nominated.

MERCER, PA., Nov. 3.—(Special.)—The election in Mercer county passed off very quietly today and a light vote was polled, even in the boroughs. The only county office to be filled in which there was a contest was that of poor director, and J. H. Pyrtle, Republican, was elected by a safe majority. W. E. McIntyre, Republican, and S. C. Neese, Democrat, were elected jury commissioners. The Republican state ticket is conceded by 1,000 majority.

HOLLIDAYSBURG, PA., Nov. 3.—(Special.)—William L. Mathues, carries Blair county for state treasurer by an estimated plurality of 3,000. William P. Snyder for auditor general, ran 300 votes behind the ticket. Representative J. Lee Plummer claims that Martin Bell has been elected judge of Blair county by a plurality of 2,000 over Henry A. Davis of Hollidaysburg.

NEW CASTLE, PA., Nov. 3.—(Special.)—An exceedingly light vote was polled in this city and throughout the county, but the Republican state and county tickets probably won by the usual off-year majorities. So little interest is taken in the election that the country returns are not being brought in. The state Republican ticket probably wins by 1,000 estimated majority. Edwin Ayars, Republican, probably wins by 100 over J. D. Long. For district attorney Joseph W. Cunningham, Republican, will lead the ticket by several hundred, and defeats Joseph M. Humphrey of Ellwood.

Democrats Claim Judge.

CLEARFIELD, PA., Nov. 3.—(Special.)—The largest vote ever polled in Clearfield county was cast today in the judgeship contest. Every indication, together with reports from every part of the county to the Democratic Headquarters, point to the election of Allison O. Smith, Democrat, over Cyrus Gordon, the incumbent, who is a Republican. Smith's majority is placed at 700. When the polls closed Judge Gordon's managers practically conceded defeat.

HUNTINGDON, PA., Nov. 3.—(Special.)—Twenty-nine out of 62 districts in the county give H. Chal Foty, Republican candidate for sheriff, 681 majority over Jackson L. Grove, Democrat, and his majority may be swelled to 1,000 when complete returns are in.

JOHNSTOWN, PA., Nov. 3.—(Special.)—Thirty-seven out of 97 districts in Cambria county show a net Democratic gain of 297 on the county ticket, indicating the election of Samuel Lenhart, Democrat, over John L. Seckler, Republican, by 600 majority.

BUTLER, PA., Nov. 3.—(Special.)—Andrew O. Eberhard of Butler township, Republican, and James T. Cooper, Democrat, of Valencia, were elected jury commissioners. The Republican majority in the county will be from 500 to 600.

CLARION, PA., Nov. 3.—(Special.)—The vote cast in Clarion county today is very light. It is estimated tonight that Joel G. Hill, for state treasurer, will have about 450 majority. For sheriff, Charles R. Bowman, Democrat, will have about 800 majority, as will also Lyman McCall for jury commissioner.

VERNER'S BLUFF FAILS TO CHEER CITIZENS

Claims Election by 8,000, but Other Estimates Are Not Over 3,000.

At 1 o'clock this morning the Citizens party leaders, with the exception of Murry A. Verner and E. M. Bigelow, claimed the election of their ticket by a majority of 2,500 to 3,000.

Shortly after midnight County Chairman Murry A. Verner arrived at the fire-alarm office on the fourth floor of the public safety building, where the other Citizens party leaders were congregated. He told Director E. M. Bigelow and Murray Livingstone that the contest was close, but when the newspaper men approached him he put up a stiff bluff and claimed that the Citizens party ticket would have a majority of 8,000.

Director Bigelow was standing near and when he was asked how the vote stood he took his cue from Verner, and said the Citizens would have between 6,000 and 8,000 majority.

One man overheard the statement made by Chairman Verner and said aloud, "This is not."

Director Bigelow and Murry Livingstone occupied the telephone booth in the fire alarm office for half an hour, telephoning to Thomas S. Bigelow at the latter's residence, and to other parts of the city. The looks of Chairman Verner and Director Bigelow belied their statements. They were worried and could not conceal the fact.

Claims Were Very Modest.

City Solicitor William B. Rodgers stayed at the fire alarm office until after 11 o'clock. He predicted that the Citizens would have a majority of about 3,000. Director Harry Moore went home about the same time, and said he thought the Citizens' majority would be in the neighborhood of 3,500.

The incompleteness of the returns received at the fire alarm office was the strongest kind of evidence that the result was not favorable to the Citizens. Up to midnight not over half of the districts of Pittsburgh had been heard from, and in some instances whole wards were missing. During the entire evening not a single district from the Sixth or Twenty-third wards were heard from. Only a few districts from the Nineteenth, Twenty-first and Twenty-second wards sent in returns, while a number of South Side wards were wholly lost.

Assistant City Solicitor L. S. Levin read the bulletins, and he was easily buoyed by the vague and incomplete returns, but finally, when adverse news began to pour in, he grew tired of his task and went home. John P. McTighe, superintendent of police, was in the room during the greater part of the evening. He could not explain why his ward, the Sixth, although downtown, had not been heard from.

John Staley Was Anxious.

John A. Staley was an anxious inquirer, as he is said to have wagered the bulk of the money risked by the Citizens on the result. He was not very confident. He brought in the report that the Nineteenth ward had gone against the Citizens and said he believed the East End section had been lost.

Chairman E. Y. Breck of the Fourteenth ward organization brought the news that the Citizens majority in his bailiwick was less than 500. He said the ward had been carried in spite of the efforts of the "Orphans" to defeat the ticket.

Supt. McTighe contributed the large loss in the Thirteenth district of the Fourteenth ward to the efforts of John C. Henry in behalf of the Citizens ticket.

"We had to carry that fellow and the result was we got licked," said McTighe.

A few minutes after 1 o'clock the Citizens-Democratic leaders went home sadly. The fire-alarm office was deserted except by the operator on duty and the Third avenue headquarters were closed at dark.

M'CARTNEY WAS JUDGE.

Served on Election Board Although He Bet on the Result.

The kind advice of Judge Robert S. Fraser was not heeded yesterday by G. W. McCartney, and as a result the Republicans may prosecute McCartney criminally. As told in The Gazette yesterday McCartney is ostensibly Republican judge of elections in the Third district of the Seventh ward, although in reality he is a Citizens party supporter. The Republicans tried to have him removed on the ground that he had bet on the result of the election in his district, and Judge Fraser, regretting that under the law he could not remove McCartney, who admitted having made the bet, warned the man that if he served on the board he could be prosecuted criminally.

Yesterday morning McCartney appeared at the polls bright and early and took his place as Republican judge. His bet is that the Citizens will carry the district. If the election is close and the district should go for the Citizens, the Republicans may prosecute McCartney and ask that the vote of the district be thrown out. It is true that McCartney tried to have the bet declared off, but the stakeholder refused his consent.

COLORADO REPUBLICAN.

Elect a Judge for the Supreme Court With a Plurality of 7,000.

DENVER, Nov. 3.—With nearly full returns from this city, and scattering returns from the state, there seems little doubt of the re-election of John Campbell, Republican, for judge of the supreme court.

The vote has been light throughout the state and returns are very incomplete. The News (Democratic) concedes the election of Campbell. The Republican state central committee claims Campbell's election by 5,000 to 7,000 plurality over Wilson.

DEMOCRAT LEADS FOR MAYOR OF SALT LAKE

SALT LAKE, Nov. 3.—Returns from 23 of the 32 city election precincts give Knox, Republican, for mayor, 1,936; Morris, Democrat, 2,280. The returns indicate Morris' election by at least 1,000 plurality.

PENROSE CONCEDES DEFEAT OF GORDON IN CLEARFIELD

PHILADELPHIA, Nov. 4.—(1:10 a. m.) Chairman Penrose concedes defeat of Judge Cyrus Gordon, Republican candidate for re-election in Clearfield. Judge Krumm was also defeated in Pike.

PRESIDENT HEARS RESULT OF VOTING

Complete Arrangements at the White House to Secure the Earliest Returns.

WASHINGTON NOT SURPRISED

Issues at Stake in Various States Were Local and the National Campaign of Next Year Will Not Be Affected in Consequence.

THE PITTSBURGH GAZETTE BUREAU,
Room 10, Postal Building,
WASHINGTON, Nov. 3.

At 8 o'clock this evening President Roosevelt arrived home from Oyster Bay, where he went to vote. He was driven direct to the White House where he spent the evening receiving returns. When he alighted from the train at the Pennsylvania station he was handed a bulletin stating that McClellan had been elected mayor of New York. The president made no comment. He was greatly interested in the New York campaign, but whether the election of McClellan was a surprise or not cannot be stated, as the president has refused to give any ante-election predictions.

Col. Montgomery, who has charge of the telegraph service at the White House, had made all arrangements to receive the bulletins of the Postal and Western Union Companies, and in addition a loop brought in the bulletins of the Associated Press.

All evening Pennsylvania avenue was thronged with crowds who watched the newspaper bulletin boards. The greatest curiosity was manifested in the result in New York city and the returns showing that Low had been defeated were received with little surprise, since his defeat has been discounted by reports for the past several days. Next to New York the interest centered in Maryland, with Ohio next. The fact that residents of the District of Columbia cannot vote does not prevent them from being politicians and the thousands who came out to learn the returns indicated the extent of political interest here. While the results in the various states were of interest here they were not considered as having any bearing upon the presidential campaign next year. This sentiment is voiced in the following editorial from the Washington Times, independent Republican, in today's issue:

"The issues which have been presented and discussed are for the most part local, affecting the administration of affairs in many states. Throughout the nation of public policy is anywhere involved, the decision upon which will have any material bearing upon the remainder of the country. For this reason, too, the success or failure of either party in any state election cannot be taken as indicative of a trend of sentiment one way or the other, as to have any influence upon the great national campaign of next year. The issues of the presidential campaign will be quite different from those which have been considered in the canvass which closes today. So it makes little difference which party is successful in today's battle of the ballots. The country is at least safe for another year."

Little Kanawha Dams for Sale.

Representative H. C. Woodyard of Spencer, W. Va., was here today looking after some matters for his district. Mr. Woodyard says he will introduce a bill in the next congress providing for the purchase by the government of the locks and dams of the Little Kanawha Navigation Company, thus giving free navigation to the Little Kanawha river. An officer of the war department has made an inspection of the property, and has reported favorably, but it is claimed that the price asked by the company is too high, being 15 per cent of the par value of the stock. Mr. Woodyard believes that the price can be adjusted amicably and will do all he can to put the deal through.

L. W. STRAYER.

Fire Horse Upsets Voting Booth.

In the First ward, Millvale, the polls were located in the house. About 5 o'clock, while a large crowd was in the place, the fire bell was rung. The horse that pulls the hose cart dashed out of its stall and upset the voting booths and the election board table. The fire was a trifling affair, and the voting room was soon put to rights.

Wild Beasts Attached.

A portion of the Bostock animal show which was at Homestead during the carnival has been attached by C. R. Taylor, who owns the ground for part of the rent. The management of the show says that it has a contract with the carnival men which gives location, lights and police protection, and says that it has paid its percentage into the carnival receipts and therefore its not indebted to Mr. Taylor.

Pittsburgher Gets Contract.

CLARION, PA., Nov. 3.—(Special.)—Bids for the county poorhouse were opened today and the contract awarded to William Zortman of Pittsburgh for $60,860.

WATCHER WAS NEARLY KILLED AT THE POLLS

Whites and Negroes Clash in Second District of Seventh Ward and Many Revolvers Are Drawn—Injured Man Expected to Die.

A race war was narrowly averted at the polls of the Second district, Seventh ward, shortly after 1 o'clock yesterday afternoon. Philip Lewis, a negro, and William Neeland, a fireman, had a fierce fight in Hazel street, near Logan, in which several negroes and white men figured. Neeland was so badly hurt he may die. Over 200 negroes were on the spot, may of whom drew revolvers, and but for the separation of the fighting men, much more blood would have been shed.

Neeland and Lewis both live in Hazel street opposite the Franklin school, in which is located the polls. It is said Lewis went to the polls in the afternoon and said he was a Republican watcher. When asked for his credentials he exhibited a paper setting forth that W. L. Lewis was the watcher at that polls. Lewis claimed he was the man, and Neeland, the Citizens watcher, who knew Lewis, questioned his story.

A fight started in the polling place and the men were put out. The fight continued in Hazel street and Lewis succeeded in knocking down Neeland. While the latter lay prostrate in the street the negro kicked him behind the ear. The negro's wife rushed into the street, and taking in the situation, struck Neeland on the head with a beer bottle, which shivered into fragments.

Detective Leff rushed out into the street just as a number of negroes gathered around and were about to attack Neeland's friends, who had begun to interfere. Leff dragged Neeland down the street and into a house, locking the door. White friends of Lewis seized him and held him fast. The negro was unhurt. The men who had drawn ugly revolvers put them in their pockets and the fight ended.

Neeland was taken to the Passavant hospital, where his condition is said to be serious.

FIERCE FIGHT IN ALLEGHENY CITY

Citizens-Democrats Win on the North Side by a Greatly Reduced Majority.

THEIR LEADERS CHAGRINED

Mayor Wyman Beaten in His Own Ward by 200—Dr. Dickson Got Big Majority in His Ward—Democratic Sixth Reverses itself.

The power of the payroll prevailed in Allegheny, and before 2 o'clock this morning a Citizens victory was assured. It is worthy of note that the majority is but few short of the entire number of men on the city payroll. Without the votes of the 1,300 men in the employ of the city, the victory would have been the other way. Shortly before midnight Mayor Wyman said at Citizens headquarters:

"The fight is closer than any of us expected but it looks all right in Allegheny."

Chairman John H. Henderson of the Republican executive board said:

"It looks like our victory. We made gains in districts that we had conceded and from the figures we have the Republicans are going to win. The majority, however, is going to be small."

With a payroll organization of 1,300 men, supplemented by its other workers, the Citizens party put up a desperate fight among the voters to off-stand the preponderance of public sentiment that was against them. In every part of the city yesterday money was spent lavishly by the Bigelow machine people, and by this means the tide of sentiment was stemmed considerably.

Receiving the Returns.

Arrangements had been made at both headquarters to receive returns, and thousands of people crowded the streets in the vicinity of Kenyon hall and East Diamond street. On a big sheet, stretched across East Diamond street, the Republicans bulletined the returns from the city, Pittsburgh, New York and Ohio, throughout the night. This feature attracted hundreds.

At first slowly and then rapidly figures began coming in from various parts of the city. These were quickly posted, and as Republican gains were shown the crowds cheered lustily. The figures were kept so that as each district was heard from the gain or loss to the Republican party could be calculated at once. The closeness of the contest created a feeling of intense excitement in the crowd, and thousands remained up after midnight, who would have gone home long before had the contest been one-sided.

Similar conditions prevailed at Citizens headquarters. All the city officials and the majority of the payrollers, who were not counting votes, were in Kenyon hall listening to City Solicitor Porter and Chairman Jackson reading reports from many districts.

Holding Back the News.

First reports showed such decided majorities for the Republican ticket that for a time only the figures from favorable districts were read. But as later figures were more cheering everything was read.

In Federal street, near city hall, the Citizens had built two large bon-fires. Around these crowds stood and conversed excitedly over the possible result when the entire vote was counted. The air of confidence that marked the Bigelow machine people up until yesterday was lacking, and they were willing to admit that it was anybody's fight. The crowd was serious, but good-tempered, and no disorder was evident.

When it was assured that the Republicans had won the big Second ward, a great shout went up from the crowd on East Diamond street. The Second is Wyman's ward and is the largest in the city. Wyman worked tirelessly in this ward and was assisted by Delinquent Tax Collector Davidson, Councilmen William A. Ford, Alex Behnke, Samuel McElroy, William Kimberlin and Henry Meyers. Despite this, the ward gave a majority for the Republican ticket.

The Sixth ward, one of the Democratic strongholds in Allegheny, went Republican and early reports indicated a Republican victory in the Third ward, Director Scandrett's ward.

Steele Had Been Busy.

In the Third district of the Third, Ex-Detective James Steele, discharged by Wyman, gave the Bigelow machine a setback by carrying the district 190 to 79 for the Republican ticket. This is one of the toughest districts in the city and Scandrett expected to carry it by a large majority.

Francis J. Torrance carried his district, the Sixth of the Second, by almost 100 majority. Dr. Dickson got a majority of 26 votes in his own precinct, out of a total of 28 votes cast. Delinquent Tax Collector Davidson won the wagers he had made by winning in his own precinct by 31 votes.

The Twelfth ward, the strongest Citizens ward in the city, gave the Bigelow machine a majority of about two to one. A majority of 60 was claimed in the Third ward by the Republicans. Dr. Dickson's ward, the Fifth, gave a good Republican majority, as did the Sixth, Tenth, Eleventh, and Fifteenth.

In several of the wards the figures were not reported until early this morning, and both sides were claiming them. In almost every district it was shown that the Citizens majorities of last fall were cut down remarkably.

COUNCILMAN AND FIREMAN FIGHT

Factional Feeling Between the Citizens Party Workers Leads to Blows in Fourth Ward.

INTIMIDATION BY M'TIGHE

Ordered Policemen to Arrest Republican Workers—Bigelow Men Brought Illegal Voters to Polls in Droves—East End Councilmen in First Ward.

The factional feeling between the two sets of Citizens party workers in the Fourth ward yesterday led to a rough and tumble encounter between Common Councilman John Martin, of the Donahoe faction, and George Norton, a fireman of the Eighth street engine house and a relative of John Gibbons, the leader of the other faction. The encounter took place about 4 o'clock in front of Alderman C. F. Anderson's office in Eighth street. Councilman Martin, Fireman Norton and a couple of newspaper men were in a group, the newspaper men asking questions about the Fourth ward.

Martin was talking about Gibbons, P. J. Geraghty and other workers who are opposed to the recognition of Select Councilman F. J. Donahoe and Martin as the bosses of the ward. Martin referred to Gibbons as a "sore-head."

"What is Gibbons doing today?" Martin was asked.

"He is working against us," replied the Fourth ward common councilman.

"Johnnie Martin you know that is a——lie. You have no better friend than Gibbons," said Fireman Norton.

"I know better. Gibbons is working against us today," repeated Martin.

"You're a——liar," said Norton.

Attacked by Councilman.

Councilman Martin's right arm shot out and he caught Norton under the left eye. Martin is much more heavily built than Norton and he followed the blow up with a rush, forcing Norton into the middle of the street. Norton, however, was game and got in several good blows on the Bigelow councilman. Martin, to save himself, ducked his head and grabbed Norton around the waist. They were both seen sprawling into a pile of earth and stone. Two big firemen from the engine house ran out and pulled the men apart.

Blood was streaming from Martin's face and Norton looked as if he might have a black eye the next day. Both men were taken inside the engine house to have their injuries dressed.

Councilman Martin was at the Second district polls and Councilman Donahoe at the First precinct, the Duquesne way schoolhouse. Donahoe remained on the side walk and refrained from participating in any squabbles inside, where the votes were being taken. He directed the work of those whose duty it was to bring voters to the polls. Donahoe and Martin claimed that the Citizens party would get twice as many votes as the Republicans in the Fourth ward and they were anxious to claim the whole credit for the victory.

Charged Other Faction With Cheating.

In their anxiety to do this they freely charged the other faction with cheating, even to the extent of saying that some of Gibbons' followers were at the polls challenging Citizens votes. Gibbons was elected chairman of the Fourth ward organization, but Donahoe was recognized as the chairman by Murry A. Verner and T. S. Bigelow. Geraghty, who is Gibbons' lieutenant, is an employe in City Controller John P. Larkin's office.

The polls in the Fourth ward were poorly manned by the Republicans. At neither the Duquesne Way schoolhouse nor Alderman Anderson's office did they have workers on the early side, while the Citizens party workers were numerous and energetic.

Probably the most effective worker for the Republicans in the downtown wards was Alderman S. J. Toole of the First ward. Toole claimed, toward the close of the afternoon, that the Republicans would carry the First ward if his men at the upper precinct held their own. He said the Republicans would win in the ward despite the prediction of Murry A. Verner that the Citizens would carry the ward by 250. Toole remained at the First precinct, at the parochial schoolhouse in Penn avenue. In the morning he stopped about a dozen illegal voters, men who produced tax receipts that had been handed them the day before.

Many Illegal Voters.

At the Fourth precinct of the First ward, in Fourth avenue near Ferry street, the Bigelow workers attempted to vote a large crowd of Greeks who had procured naturalization papers in Youngstown, O., last month. Officers of the law illegal voters were turned down, and the Bigelow workers became desperate and tried to start trouble.

In the Third district the same tactics were resorted to. Frames, foreigners and men recently brought into the wards thick and fast, but most of them were challenged. An attempt was made to vote a number of firemen who are residents of the Thirteenth ward.

In the Fifth ward the Citizens had the election boards. Many persons voted who were not registered and who did not have tax receipts. John J. Sweney, former Democratic member of the legislature and a member of the old ring, worked at the Second district for Harry L. Gochring and the rest of the Citizens ticket.

McTighe Initiated Voters.

Supt. John P. McTighe failed to keep his pledge to prevent intimidation at the polls. On the contrary he was the most flagrant offender. Supt. McTighe took four policemen to the polling place in the Fourth district of the First ward and placed them in charge. Two policemen were stationed outside and two inside. Supt. McTighe pointed out William Richardson to the officers and said to them: "If that——makes a move put him under arrest."

Select Councilman George S. Fleming, who resides in the Fourteenth ward, was put in charge at the Fourth district of the First ward and Councilman Thomas Delaney, who resides in the Twenty-first ward, was placed in the Second district of the same ward. Councilman Delaney went into the booths with a number of voters to mark their ballots. Money was a very potent factor in the First ward, and voters were liberally supplied with liquors.

MRS. HENDRICKS DEAD.

Wife of the Late Vice President Passes Away at Indianapolis.

INDIANAPOLIS, Nov. 3.—Mrs. Eliza C. Hendricks, the widow of Vice President Thomas A. Hendricks, died at her home in this city early today. She was stricken with paralysis three weeks ago and death had been expected several days.

Mrs. Hendricks was born in North Bend, O., in 1828, and was the granddaughter of Dr. Stephen Wood, who was one of the earlier settlers of Ohio. She was married to Thomas A. Hendricks in 1845 and had made her home in Indianapolis since 1869. She was a woman of great learning and always took a great interest in the politics of the state and country.

COLOMBIAN YOKE CAST OFF AND PANAMA ORGANIZES AN INDEPENDENT GOVERNMENT

Rejection of Canal Treaty Leads to Popular Revolt Which Culminates at Panama City Last Evening.

GENERALS CAST INTO PRISON

[Associated Press Cable to The Gazette.]

PANAMA, COLOMBIA, Nov. 3.—The independence of the isthmus was proclaimed at 6 p. m. today. A large and enthusiastic crowd of all political parties assembled and marched to the headquarters of the government troops, where Gens. Tovar and Amaya, who arrived this morning, were imprisoned in the name of the republic of Panama. The enthusiasm was immense and at least 3,000 of the men in the gathering were armed.

Colon will be taken this evening or early tomorrow morning as well as the cruiser Carthagena. The cruisers on this side have all been taken.

The battalion of Colombian troops at Panama favors the movement which is also thought to meet with the approval of at least two of the government transports now here.

COLON, COLOMBIA, Nov. 3.—Gen. Obaldia, the governor of the department of Panama, this afternoon issued a manifesto thanking all political parties for the adhesion promised to the government when it was reported that a revolutionary force was marching in the vicinity of Penonome. In this manifesto the governor also thanked the inhabitants of the department of Panama for the sincere proofs of their patriotism and expressed the hope that they will maintain the same line of conduct and thus save the government the painful duty of adopting stringent measures.

Excitement in Colon.

The streets of Colon today presents somewhat the same appearance as the days of the late revolution. Several hundred troops who arrived today from Savanilla on the Colombian gunboat Carthagena, with their wives, are squatted on the street corners. The battalion consists of 430 soldiers well supplied with ammunition, under the command of Gen. Tovar. Gen. Tovar left for Panama today, but the troops still remain here.

WASHINGTON, Nov. 3.—The following cablegram was received at the state department at 10 o'clock tonight from Panama:

"An uprising took place at Panama tonight. Independence was proclaimed. The Colombian army and navy officials were made prisoners. A government was to be organized consisting of three consuls and a cabinet. It was rumored at Panama that a similar uprising was to take place at Colon."

Later the following official statement was made regarding the news from Panama:

A number of confused and conflicting dispatches have been received from the isthmus, indicating rather serious disturbances at both Panama and Colon. The navy department has despatched several vessels to these ports with directions to do everything possible to keep transit open and maintain order along the line of the railroad."

Trouble Was Expected.

The sensational advices from the isthmus were not entirely unexpected in view of other advices that had come to the state department very recently. The reception of the news caused a sudden outburst of activity at the navy department and at once on President Roosevelt's return, he was made acquainted with the situation. Secretary Hay, Assistant Secretary Darling, Assistant Secretary Loomis and a number of others were summoned to the White House hastily and measures were taken at once for protection of American interests at the isthmus.

Orders have been issued by the state department to the Dixie, which is now on her way from Jamaica, to proceed at once to Colon, and to the Boston, which is now at San Juan del Sur, to go to Panama. The Wyoming, Marblehead and Concord, which compose Rear Admiral Glass' Pacific squadron, is under orders to remain temporarily at Acapulco, where it now is, to wait orders to proceed to the isthmus if the situation becomes worse. The Baltimore is now on her way to San Domingo, because of an outbreak and disturbed conditions there, but upon her arrival at San Domingo probably will be ordered to proceed to the isthmus. The Dixie, it is stated, has 400 marines on board, a force that would come in very handy in the event it is desired to land a force on the isthmus.

Atlanta Ordered to Colon.

Thus far no information has come to the government indicating that our naval officers, who have a pretty broad authority in such matters, have landed marines. In fact, the only advices received by the navy department merely stated that the Nashville had arrived at Colon, and that the situation is serious. In addition to the other orders given above late tonight orders were issued to the Atlanta to proceed at once from Jamaica to Colon.

The White House conference broke up about 11 o'clock, but not much beyond the official telegrams received and orders given would be stated by those participating in it. There is a very general belief that the rejection of the Panama canal treaty by Colombia caused the people of the isthmus to decide to set up a government of their own, but none of the officials of the administration would authorize any statements to the effect that this was the case.

Following are the officers of the gunboat Nashville at Colon: Commander, Nicholas Mullany; Lieutenant Commander Horace M. Witzel, Lieutenant Richard H. Jackson, Lieut. Roscoe C. Moody, Ensign James C. Kress, Ensign Wm. S. Case, Midshipman John P. Jackson, Assistant Surgeon Gilbert Shiffett, Assistant Paymaster Howard D. Lamar, Warrant Machinist James Quill.

Fireman Killed in Wreck.

UNIONTOWN, PA., Nov. 3.—(Special.)—In a dense fog this morning the passenger train bound for Uniontown collided with a shifter on the Monongahela railroad at Cates Run Junction, near Masontown, and John W. Wilson, of Uniontown, fireman on the shifter was injured and died shortly afterwards.

Severely Injured by a Fall.

Perry Boodick, 67 years old, of East Robinson street, Allegheny, while on his way home from Pittsburgh at 12:15 o'clock last night, fell at the corner of Sandusky and Leacock streets, and injured his head. He was taken to the Allegheny General hospital where it was said his condition was serious.

SENATOR FARRIS DEFENDANT

Testimony of Ex-Lieut. Gov. Lee, Who Turned State's Evidence, Outlined to the Jury Yesterday—Counsel for Defense Denied Allegations.

[By Associated Press to The Gazette.]

JEFFERSON CITY, MO., Nov. 3.—The trial of State Senator Frank H. Farris on the charge of bribery began today in the circuit court. Only four witnesses were examined and these testified regarding the records of the legislature concerning the alum bill. Former Lieut. Gov. John A. Lee, witness for the state, will take the stand as the first witness tomorrow.

His testimony was outlined to the jury this afternoon by Attorney General Crow, who said he would show that D. J. Kelly and B. Kelly sent Lee a check for $8,500 in March, 1901, of which Senators Farris, Orchard, Morton, Costello, Smith and Matthews were to receive $1,000 each for holding the alum bill in the criminal jurisprudence committee, and $1,000 was for Senator Haynes, who introduced the bill in the senate.

Lee was to keep the remaining $1,500 as a present; that Kelly came here and registered under the name of "Smith"; that the check which Lee received was deposited in a St. Louis bank, and when the legislature adjourned Lee drew out $7,000 and took it to a room in St. Louis where Farris was stopping, and gave it to him; that Farris divided it into packages of $1,000 each to give to the other senators in the deal.

Attorney Jourdon for the defense, denied all the allegations of the attorney general, and said he would show that Kelly never knew, saw or had any dealings with Farris until December, 1901, which was nine months after this alleged deal, and then it was in relation to the enforcement of pure food laws, and that none of the senators mentioned had received money for their votes.

BEAVER COLLEGE GIRLS HIDE RECITATION CHAIRS

BEAVER, PA., Nov. 3.—(Special.)—Gowned only in their night robes, their bare feet making no noise as they sped along, the girls of the Beaver college dormitory slipped over the bridge to the main college building last night and carried every chair from the English, French and commercial departments to the attic of the college building, where they carefully hid them in a vacant room. When the college bell rang this morning not a chair could be found and the students had to recite standing up. It was late this morning befor the missing chairs were found. The girls refuse to talk about their prank, but said that nearly 50 indulged in the fun. So quiet were they that not one of th teachers sleeping in the dormitory were aroused.

Wedding at New Castle Prominent Society Event

NEW CASTLE, PA., Nov. 3.—(Special.)—The marriage of Attorney George W. Muse and Miss Clara Reed of this city today was a prominent society event of the fall season. The ceremony took place at 1:30 o'clock this afternoon at the home of Mr. and Mrs. Archibald Gordon of Locust street, near relatives of the bride. The Rev. Dr. H. S. Jordan, pastor of the First Presbyterian church, officiated. There were no attendants.

The guests were served a wedding luncheon, after which Mr. and Mrs. Muse left on an eastern trip, at the conclusion of which they will be at home to their friends at Harrisburg, where the groom holds an important position in the department of internal affairs.

Mr. Muse, who is one of the best-known young attorneys of this county, is also a member of the famous "Fighting Tenth" Pennsylvania regiment, being one of the three New Castle boys who enlisted and served in Company B throughout the Philippine campaigns of the Tenth. He is a leading young Republican and is also prominent in other ways. He is an honorary member of the New Castle Press club, of the Elks, the Spanish-American War Veterans and other organizations, while his bride is a member of one of the oldest and best-known families of this locality.

INDIAN UPRISING NOT CONSIDERED SERIOUS

Representative Mondell Protests Against Allowing Redskins to Go Armed.

[Special Telegram to The Gazette.]

WASHINGTON, Nov. 3.—Officials of the Indian bureau do not regard the Indian outbreak in Wyoming as serious. In their opinion the local authorities are fully competent to handle the trouble. Agent Brennan of the Pine Ridge agency has gone to the seat of the trouble and will make a report as soon as he ascertains the facts.

Representative Mondell of Wyoming, in whose district the fights occurred, called on Indian Commissioner Jones this afternoon to protest against allowing the Indians to go armed when permits are given them to visit the Crow reservation in Montana. He said:

"These Indian outbreaks occur every year. If the agent at Pine Ridge would refuse to allow the Indians to take their guns with them there would be no such disturbance. It is the annual game raid of the Indians from South Dakota. They are permitted to leave the reservation to visit friends on the Crow reservation, but instead they slaughter game in Wyoming, which is against our law, and then a fight ensues. We have a repetition of it every year. The practice of allowing the Indians to go armed should be abolished."

THREE LABORERS ARE KILLED BY A TRAIN

STEUBENVILLE, O., Nov. 3.—(Special.)—Nine Austrian laborers who were walking down the Panhandle tracks this side of Mingo Junction, were run down by westbound passenger train No. 7 this morning, and three were struck by the locomotive, two being killed outright and the third died a few minutes after reaching the Gill hospital. The dead are Melovern Totur, Petro Metrovich and Melovern Cowicovic.

NUMEROUS KILLINGS OCCUR IN KENTUCKY

Election Fights in Various Parts of the State Result in Six Murders.

LEXINGTON, KY., Nov. 3.—Kentucky has experienced a bloody election. Three years ago, as the result of the Goebel election law, several men were killed, and William Goebel, the author of the bill, assassinated. The same law slightly amended prevailed during this contest, which was fought on the same lines and tonight six men are corpses in different parts of the state. One of the battles, however, may have been due to an old-time feud, but politics was the cause of today's troubles. At Harlan court house in Harlan county, Jim Wills and Mason Kash, one a Republican and the other a Democrat, were killed and Noah Mullins and Will Smith were desperately wounded. Wills had brought Mullins, who was a floater, in to vote him and Kash, who was an election officer, objected. The fight followed in the election booth, which was only about eight feet square, the four men lying on the floor when the smoke had cleared away.

The Potter and Killens factions met in a voting place in Forks of Elkhorn, Letcher county, and many shots were fired. John Morgan Potter, Jr. and Harrison Killens, leaders of their respective factions, were killed and three other men wounded. The voting was stopped and no election was held in the precinct because the Potter faction took charge of the voting booth and would not let any one come near until after they could bury their dead. In Jackson county Morgan Votres was killed by Bill Simpson, who was himself dangerously injured, and in Beattyville, Lee county, a negro named Morris, who was refused a vote, cleaned out the election booth by shooting and wounding three of the election officers. He was wounded, but made his escape. In Louisville an election judge, Tom Kelley, was shot by Jacob Kreigter, an election sheriff.

NEGRO'S SHOT LIKELY FATAL

Patrick Butler Got Bullet in the Stomach and Shooter Narrowly Escaped Lynching.

CROWD CHASED THE CULPRIT

Hugh Armstead of Vanderbilt, Who Probably Murdered Sixth Ward Huckster, Had No Cause to Pull His Revolver. Horses Used in Man Chase.

For seemingly no cause Hugh Armstead, aged 20, a negro, of Vanderbilt, Pa., on the Pittsburgh & Lake Erie railroad, shot and perhaps fatally wounded Patrick Butler, a huckster, aged 28, of No. 1348 Vickroy street, in Wylie avenue a few doors from Fifth avenue yesterday afternoon. After firing the shot Armstead ran away with the smoking revolver in his hand, followed by a crowd of 500 men and boys, bent on lynching him.

Armstead was captured near Ross and Water streets by Policeman John McRoberts, and the negro would have been beaten to death if the policeman had not kept the crowd back. Armstead is in the Central police station and Butler is lying in the Homeopathic hospital in a dying condition, the bullet having passed through his stomach and liver.

The shooting took place in front of the store of Mrs. Soracco, No. 607 Wylie avenue. Pat Butler, John Mills of No. 625 Wylie avenue and Frank Bannahan of Bloomfield were standing on the pavement wrestling for the possession of a cane which Butler had. While the men were grappling with one another Armstead passed.

Butler, in attempting to pick the cane from the ground, where it had fallen, bumped into the negro. Armstead became angry and without a word drew his revolver and shot Butler. Armstead, in his version of the matter, said he was passing the men and Butler jostled him. Butler said the affair was accidental and told Armstead not to get angry.

"I told the men I was not angry," said Armstead, "and started to walk away. Butler and the other men grabbed me about the head and struck me in the mouth and in the face. I got hot and drew my revolver and shot."

Ran Away With Revolver in Hand.

After Butler fell to the pavement Armstead ran down Wylie avenue to Ross street with his revolver in his hand. As he crossed under the Bridge of Sighs, at the fall, he placed the revolver in the belt of his trousers. The politicians in the hall heard the shouts, "catch him," and started after the culprit. As the negro reached Third avenue and Ross street there were about 500 men and boys after him. Armstead ran to Water street and turned toward Grant street.

Walter Tobin and John Freeman were exercising some horses in front of the Pittsburgh Horse and Mule Exchange in Water street, and they saw the negro dash by. The horsemen took after Armstead.

Armstead, in order to avoid being run down, dashed in among some wagons. While he was dodging around the wagons the crowd caught up to him. The negro again drew his revolver from his belt and started out on the highway again. As he got in the street he was grabbed by Michael Toland, who took the revolver from him. Some of the crowd gathered about Armstead were in favor of lynching, but Policeman McRoberts was standing close by and took charge of the shooter.

The arrival of the policeman was timely, as a friend of Butler went up to the policeman and prisoner, shouting vengeance.

"Take the coon from the policeman," he yelled. "Lynch the nigger, for he killed Paddy Butler!"

Mills' words aroused the crowd and they tried to take the negro from the policeman. The policeman paid no attention to the blows he and his prisoner received from behind, but hurried the negro out Cherry alley to No. 4 engine house. The crowd kept yelling and trying to get the negro from Policeman McRoberts, but their efforts were fruitless.

Policeman McRoberts hurried his prisoner into the engine house, and the firemen held the crowd back. The crowd still clamored for possession of the negro. They forced themselves past the firemen and took hold of the prisoner in the engine house. This was too much for Chief Michael Hannigan, and he directed the firemen to put the crowd out.

The firemen were compelled to resort to violence to save the negro. The crowd was put out of the engine house, and the doors were closed on them. This did not end the attempt to get the negro. Members of the crowd forced themselves against the door. Chief Hannigan ordered the firemen to line up in front of the door and hold the crowd in check until the police arrived.

While this attack was going on word was sent to the Central police station and in a few minutes the patrol wagon and six policemen were at the engine house. The negro was still uneasy, for he was about to be placed in the patrol wagon.

"Don't let them get me," he begged of the officers, as he started off in the patrol wagon.

Butler was taken to the Homeopathic hospital in an ambulance and after the physicians examined his wound they expressed little hope of his recovery. The bullet entered his left side and, passing through the stomach and liver, lodged in his back. The bullet was extracted without much effort.

Superintendent of Police John P. McTighe went to the hospital after the operation and Butler told him Armstead shot him without any warning or reason. Later the wounded man's wife called at the hospital and was admitted to his bedside.

Butler is a huckster, employed by Martin McTighe, a brother to the superintendent of police. He was one of the watchers at the polling booth at the jail, and had just left the polls when he was shot. He is well known in the Fifth ward, having lived there all his life. Armstead came to the city yesterday from McKeesport, where he is working as a laborer on railroad construction.

Superintendent McTighe asked the negro how he got into the trouble with Butler and his companions, and Armstead told a complete story of the affray.

"I lost my head when the men struck me," he said. They cut my lip and bruised my head. I had aimed me and I shot at them. I hope Butler don't die, but if he does, I want to die at once, as I don't want to wait and think about it."

SENATOR QUAY LEAVES FOR INDIAN TERRI

Expects to Unravel the Tangle of the Ter Disputes So They Can Be Made States the Next Session of Congress.

Senator Matthew Stanley Quay of Beaver, before hearing the returns of yesterday's election, left for Indian Territory. His departure is in the interest of getting Indian Territory, Oklahoma and New Mexico made into states at the coming session of congress. William Andrews, who has changed his residence to New Mexico, presumably for the reason of being appointed senator from the new state, had been in Beaver in conference with Quay the past few days, and it appears that he has interested Quay to take up the matter of effecting a compromise of the two territories which are contending against merging into one state.

The bill, which was presented to the last congress, making states out of the territories, did not give general satisfaction, and consequently was tabled. Quay's intention is to have them appear before the coming session, and before this can be done the leaders in the affairs of the territories must come to an understanding.

The merging of Oklahoma and Indian Territory was a plan suggested by the congressmen. By making one state out of the two territories the bill could be passed through congress with little trouble. The political leaders of the territories are against such a p would deprive several of p honor. This placed the matte plicated state, and for some ti tions have been that the making of the territories would not be about for some time.

In order to bury all animosity and about a conciliation of all cont parties, the great politician was to take the matter into consider The senator expected to be able straighten out the affairs in time bring the bills before the regular s sion of congress, but pressure has be brought to bear on the senator s he decided to make a personal visit to t territories and act as a peacemak Should he be successful in his efforts bills will be presented at the special s sion of congress which convenes Monday.

The Pennsylvania railroad placed special car at his disposal, so that could make the trip in time to at congress. He was accompanied by Samuel Moody, assistant general passenger agent of the Pennsylvania The colonel will make arrangement the movements of the car so the se will not be delayed on the long jou The car was attached to the Pennsylv limited last night.

SHORTER SKIRTS ADVISED.

McKeesport School Teachers Did Not Like Oiled Floors.

The board of school controllers of McKeesport have advised the school teachers of the Tube city to wear shorter skirts while performing their duties. The teachers have been in complaint to the controllers about the oil used on the floors of the school rooms, it being stated that the fluid ruined their skirts, causing them to buy more clothes than they could afford.

It was not thought advisable by the controllers to discontinue the use of the oil, so the petition was laid on the table. It being suggested to the teachers they have their skirts made shorter and that they shorten those already made.

LLEGE BOYS SHOW FIGHTING SPIRIT AGAINST STRONG ATHLETES

END IS TOO AVY FOR W. U. P.

egians Offer Strong Resistance, but Are Beaten by Five Touchdowns.

HARRY M'CHESNEY IS THE STAR

The Western University of Pennsylvania football team was overwhelmed by the heavy East End Athletic club at Friendship park yesterday, 28 to 0.

The collegians, who did not in any part of the park field or line compare in size with their opponents, displayed an exhibition of courage and never-say-die spirit that won them the applause of the crowd, which was about the smallest that ever witnessed a Saturday afternoon football game in Pittsburgh. Less than 500 persons saw the contest, and many of these were urchins who climbed over the fence.

W. U. P. did not once hold East End for downs, but on a few occasions, which were early in the game, went through the line for short gains, the longest not being for 10 yards. These gains seemed to buck up the students and they again tried to pierce the line, but big Bob Sherring proved to be too strong an individual to be shoved aside.

East End played a hard and fast game, which all the way through was clean, and there was no evidence of any slugging or unnecessary rough work. That is proposed to run up as big a score as possible was made evident by the manner in which the plays were gotten off. Few end runs were attempted, tackle through the line and the back field men against the line were the plays used mostly by the East End.

Harry McChesney, the Homestead baseball star, who played such a strong game for the Pittsburgh professionals last year, showed that he has not lost any of his speed and ability in running by getting in the longest end runs of the game. Frank Piper and Doc McChesney, the tackles, were strong at their positions and were good ground-gainers. Willis, at left end, also shone at advancing the ball. For W. U. P. Capt. Stroud and Quarterback Schafer were in almost every play and did the most ground-gaining.

Harry McChesney began the game by kicking over W. U. P.'s goal line. Stroud, after the ball had been brought out to the 20-yard line, booted it to E. Willis on the 25-yard line. East End then took the ball down the field at a merry clip by keeping plugging away at the line and in a few minutes J. Willis was sent over for the first touchdown and H. McChesney kicked goal.

Bigert got McChesney's punt on the 5-yard line, but could not get away, as he fumbled the kick. East End was on side and lost five yards. Ludewith smashed through for five yards and Starr punted 20 yards to J. Willis. A few smashes at the line and an end run got E. Wilson's touchdown and H. McChesney in the goal kicked from behind for goal. H. McChesney run back Starr's punt 20 yards and then chased around the end for 25 yards, being tackled by Stroud. Doc McChesney shoved his big body through the line and added the third touchdown of the half, which closed shortly after H. McChesney kicked goal.

Starr lifted the ball to Cable at the beginning of the second half. Cable fumbled on the 25-yard line and Starr secured it. W. U. P. was shoved back five yards and then from the 50-yard line Starr tried a goal from the field. The ball did not go true, for it struck and hit the fence. It bounded back and on the goal line. Harry McChesney was shoved over by three W. U. P. men.

The spectators thought McChesney had fumbled and W. U. P. had earned a touchdown and there was some cheering. The officials, however, declared it a touchback.

Piper later scored the first for a touchdown and J. Willis repeated his performance shortly before the end of the game. Line-up:

PITTSBURGH COLLEGE LOST

Fast Lyceum Eleven Take Hard Game from the Bluffites by Score of 12 to 0.

In one of the most stubborn contests of the season the Lyceum team defeated the Pittsburgh college eleven Saturday on the college campus by 12 to 0. The Lyceum team was handicapped by the absence of Fullback Brassel, Halfback McMenay and Left End McMahon, the substitutes, Clark, Sullivan and Campbell, played well.

Though the Lyceum made but two touchdowns, it had the ball four-fifths of the time, and four different times was within striking distance of the college's goal. Lineup:

Lyceum—12.		P. C.—0.
Campbell	L. E.	L. Brodrick

SOLDIERS' TEAM WON.

Defeated Duquesne in a Well-Played Game.

In a good game the Duquesne A. C. of Duquesne, Pa., lost to Company F, Fourteenth regiment, team at D. C. & A. C. park, Wilkinsburg, yesterday. In the first half both teams played a fast game, and the ball ended with the ball in the center of the field, neither side having scored.

In the second half Company F kicked to Duquesne, which fumbled, Company F securing the ball. Two minutes later Jeffries was pushed over for a touchdown; goal was not kicked. In this half Company F played much the faster game, and it was only by desperate effort that Duquesne kept their line for a safety. The game ended with the ball in Duquesne's territory. Company F plays Bradenville at Braddock's field Saturday. Lineup:

Co. F.—7.		Duquesne—0.
Baird, Beglinan	L. E.	Bowan
Campbell, Bateman	L. T.	Elliot
Little	L. G.	Delos (Capt.)

Vogel, Regelman	L. H.	Smith
Fleming, Vogel	R. H.	Bryan
Jeffries	F. B.	Stripes

Touchdown—Jeffries. Safety—Bowan. Time—Twenty-minute halves.

First Skat Tournament.

YOUNGSTOWN, O., Nov. 3.—(Special.)—The Youngstown Skat club will hold its first tournament in Music Chor hall on November 15. The club has been but recently organized, but Dr. E. E. Kordeimer, a member, was one of the winners of prizes at the national tournament held in Cleveland last May.

SANFORD COACHES THE CENTER MEN

Yale Instructors Will Put Bloomer Back in Practice Again. Murphy Devises Harness.

RAFFERTY SHOWS UP WELL

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW HAVEN, CONN., Nov. 3.—G. Foster Sanford took charge of Yale's center rush and guard candidates today. He worked them in two trials. In the first were Roraback, center; Norton, left guard, and Bloomer, right guard; in the second, Scott, center; Flanders, left guard; Miller, right guard.

The coaches deem it unwise to let Bloomer remain out of the team practice any longer. Trainer Murphy has devised a harness which Bloomer wore over his wrenched shoulder.

Despite the uncomfortably warm day, after secret practice the varsity and scrubs played a fast half. In the second half all the players except Horgan, Kinney, Mitchell and Bowman were substitutes and play was very ragged. Bloomer, Mitchell and Bowman were coached for half an hour in kicking goals.

PRINCETON, N. J., Nov. 3.—(Special.)—The work of rounding the Tigers into shape to meet the Yale football team on November 14, was continued in secret today. Practice was hard and full of zest.

Foulks and Kafer were very successful in advancing the ball on end runs and Miller was equally sure for gains through the line. Rafferty and Barney were used on the scrub eleven, and by their strong play caused considerable trouble for the varsity opponents. Vetterlin played in very good form. Davis and Crawford played the varsity ends.

Bradley was tried out as the varsity center and made a very favorable impression.

PHILADELPHIA, Nov. 3.—The University of Pennsylvania football team and substitutes left for Mountprod, Pa., today, where they will remain until Friday afternoon. The object of the trip is to enable the players to brace up with the mountain air and return fresh for the Harvard game here on Saturday. Twenty-two players and two coaches are in the party.

FOOTBALL NOTES.

The Bellevue Tigers are requested to report for practice Wednesday evening in uniform.

The Lyceum management requests Hill of last year's college team to report at Lyceum on Thursday night.

Any 90 to 100-pound team wishing to arrange games address C. W. Lorterman, No. 922 St. James street, city.

The McDonald Reserves want a game for Saturday at home or away from home. Address McDonald Reserves, McDonald.

The Imperial Juniors would like to hear from all 50-to-60-pound teams for Saturdays. Address Leo O'Brien, 1117 Poplar alley, Pittsburgh.

Any good 70-to-75-pound team wishing to tackle Superior A. C. can secure a game for November 7 by calling up 25-5 Brady between 7 and 8 p. m.

The Grant A. C. would like to arrange two games with any 60-to-65-pound team for Thanksgiving. Address Robert Winters, 1019 Grant avenue, Allegheny.

Ingram has no game for Saturday and would like to hear from some good team for that date. Address C. J. Ross, Ingram, Pa., or call 21 Carnegie building.

The Atlantic A. C. will play the Floredora team at Homestead Saturday. All players report for practice Thursday and Friday evenings at 7:30 sharp.

The Brilliant A. C. would like to hear from any 65-to-70-pound team for next Saturday and November 14. C. C. Criswell, 6407 Dean street, city.

The Atlantic A. C. is without a game for November 14 and would like to hear from the Millvale Amateurs on the Atlantic's grounds. Address D. M. Peterson, 423 Carnegie building, city.

The Meadows Tigers are without a game for Saturday and would like to arrange one with some 75-to-80-pound team to be played on the Meadows grounds. Address Fred Butler, Jr., 413 Arbuthnot street.

The Olympia A. C. would like to hear from some 80-pound team for Saturday at home. Would like to hear from out-of-town team for Thanksgiving. Address J. Meisel, 1501 Juliata street, Allegheny.

The Lowell second team would like to arrange a game with some strong 70-pound team for Saturday on Lowell grounds, Hazelwood or Bellevue preferred. Call 915-4 East or address R. T. McCallister.

The Sheraden Tigers will play the Esplen school team Saturday, and a strenuous game is expected. S. T. wishes to say dates with Oaks are good. Also 50-to-60-pound team wanting games address F. Scott, Sheradenville.

The Lafayette A. C., under the management of Jamieson (last year's Pequot team), has taken the field this year with a strong team. All 50-pound teams can secure dates by writing George MacKay, 1859 Perrysville avenue, Allegheny.

The Bellevue Monarchs would like to hear from the Knoxville Monarchs, Linwood second, Millvale A. C., Imperials or any other good 50-to-60-pound team for a game Saturday. Address William Norris, Sumner street, Bellevue, or call 1947 Grant between 12 and 1 o'clock.

The Bryant A. C. added one more victory to its string by defeating the Franklin Reserves 6 to 5. The feature was the 90-yard run of "Cotton" Wallenbaugh of the Bryants. Bryant is out for the 100-to-70-pound championship, and promises to make all teams hustle for honors.

If Library A. C. has just as easy a time beating Knoxville Reserves Saturday as they had beating Powell second, they will have it easy. Library played the best game Saturday, and won out 10 to 2. All Library players report at Baum street Wednesday for practice at 7:30.

The Pequots of Allegheny will journey to Sewickley Saturday to play the Sewickley Y. M. C. A. third team for the 70-pound championship of Western Pennsylvania. The only date the Pequots now have open is Thanksgiving day. Address W. B. McVicker, 411 Union station, Pittsburgh.

The Turtle Creek Tigers defeated the Greensburg circus to the tune of the Allen A. C. 29 to 0, in a game replete with spectacular plays. The features were the line bucking of Lawson, the end running of Lynch, Long, Pickering, Pratt, Wilt and Gallegher and the playing of Murray at guard.

The following Suburban players will report for practice Thursday evening at 6:30: Keeling, Wachter, Danner, Jones, Reardon, Ward, L. and J. Mariah, H. and W. Smith, Weber, Gourley, Brouder and Sullivan. Suburban plays Stockdale A. C. Sunday and would like to arrange Sunday games with other 80 to 90-pound teams. Would like to hear from Crescent A. C. for Thanksgiving. Address H. G. Smith, Mt. Oliver.

The manager of the Oak Leaves requests the management of the Coraopolis Indians to call up 399 Grant ring 5 this evening between 6 and 7 o'clock. Oak Leaf players are requested to report for practice Wednesday and Friday evenings. Oak Leaves have some open dates and would like to hear from all good 100-pound teams. For games address Thomas McClure, 7 Hervi street, or call up 399 Grant ring 3 Bell phone.

The Pastime A. C. Reserves were scheduled to play Waverly A. C. yesterday afternoon at Herron Hill park, but the latter failed to appear. However, Pastime does not claim a game, but challenges W. A. C. for a game next Saturday at Herron Hill park. The Five W.'s played the Reserves and both teams showed up well, particularly the work of Coach Tyson of the former team. The Reserves would like to hear from 75 and 80-pound teams for a game on Next Saturday at Herron Hill park. Address John Moore, No. 411 Union station.

BASKETBALL GOSSIP.

The chameion South Side Juniors would like to arrange games with all first-class teams in Western Pennsylvania and Ohio. The Juniors have signed O'Donnell of the South Side Reserves, and with Pinadi and Vockel as forwards, O'Donnell center, Davis and Roehn guards, great work is expected. The Juniors are now in good trim, as they have been working with the champion South Side team. The season opens November 14. Address Henry Liebelt, No. 26 South Eighteenth street, city.

The Lafayette A. C. would like to hear from all 14 to 15-year old teams having balls. Standard of Allegheny, South Side Juniors and Nationals preferred. Address W. H. Spilker, No. 84 South Twelfth street, city.

PITTSBURGH TEAM LOSES TO EDGEWOOD GOLFERS

Drop to Third Place in Association, but Has Chance to Tie for Second.

The Pittsburgh Golf club was beaten by the Edgewood team on the latter's course yesterday by 13 to 6. By losing Pittsburgh dropped to third place in the association, as it was tied with the Pittsburgh Field club for the second position.

However, Pittsburgh has another chance to tie with Field club if it wins from the Edgeworth team when they play off a tie game of the same date.

The best playing yesterday was done by S. Dalzell, who had a 73. He negotiated the course going out in 37 and back in 36. The scores:

Hastings' wire-haired terrier "Lucretia."

Youngstown's Bowling League.

YOUNGSTOWN, O., Nov. 3.—(Special.)—A meeting of the promoters of the bowling league for this city was held last night and attended by 20 enthusiasts. The indications are that there will be no trouble in forming the league. The prospective members include two or three clubs from the South Side alleys, two clubs from the Haselton alleys and one from each of the Odd Fellows' and Elks' alleys.

M'GINNITY FORCES BRUSH TO KNUCKLE ON TERMS

The Iron Man Will Remain With the Giants, but Gets a Fat Increase of Salary.

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW YORK, Nov. 3.—Joe McGinnity will wear a Giant uniform again next season. Word has been received from the famous pitcher, who is now at his home in South McAlester, I. T., that the New York National league club has acceded to his demand for an increase in salary and that he will sign with the team for 1904.

It will be remembered that McGinnity made a strenuous protest about two weeks ago against President Brush's offer, which he characterized as "miserable treatment," and declared he would jump to the California league unless his salary was increased.

They kicked off for East Liberty at the beginning of the game, but Carroll, who ran it back 20 yards. Washington advanced the ball down the field to East Liberty's 20-yard line, where the Pittsburghers made a fine stand and secured the ball on downs. The ball was taken to midfield by East Liberty, where it was surrendered on downs. Washington, on its first play, got nice interference, started with the ball, but after going 30 yards was run around the right end. He got away from the bunch and traveled to the 10-yard line, where Selbert hauled him down. Hanna made two more gains, but lost on the second going through for the touchdown.

On the kickoff Selbert secured the ball and ran it back 15 yards. East Liberty began to hammer away at the line and finally succeeded it to Washington's 10-yard line, only to again lose it on downs when it looked as though a touchdown would be made. Washington had the ball in play in its own half of the field when declared off. At that time the score stood 11 to 0 in favor of California. Lineup.

EAST LIBERTY DEFEATED BY WASHINGTON SCHOOL

Home Team Gets Touchdown in First Half, Fails on Goal. Local's Hard Luck.

The East Liberty Academy eleven was beaten by the Washington High school team yesterday afternoon at Washington 5 to 0. A 45-yard run by Miller, who placed the ball on East Liberty's 10-yard line in the first half, gave the home students the touchdown that won the game, as Hanna was sent over the line in two plays for the touchdown.

Miller's run was one of the features. He was tackled by Carr. He failed at goal. Hanna and Miller did the bulk of the work for Washington, while Bulger and Selbert were the best ground gainers for East Liberty.

CARBUNCLE WAS THE GOOD THING

Great Crowd Saw a 90-to-1 Shot Win the Election Day Handicap at Aqueduct.

TRACK RECORD WAS BROKEN

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, Nov. 3.—Before 20,000 persons, the largest crowd ever in attendance at Aqueduct, Carbuncle, at 90 to 2, Redfern up, won the election day handicap, one mile and a furlong, today. Stumping Ground, paying 2 to 1, for the place, was second. Stolen Moments, the favorite, was a bad fourth. The time, 1:52 3-5, is a new track record for the distance.

Merry England in the first race also broke a track record by stepping the six furlongs in 1:12 4-5. Garrish, backed from 50 down to 30 to 1, won the fifth race, ridden out, by a length from the 100 to 1 shot, Dutiful.

W. J. Yosburgh today made his complaint to the stewards of the Jockey club. Mr. Yosburgh says he has been accorded unfair treatment by L. V. Bell, a horse owner, concerning the handicapping of Bell's horses. Hizelia was sent down for the remainder of the meeting for disobedience at the post. J. H. Bowers claimed Payne out of the second race for $1,500. Summaries:

First race, handicap, 6 furlongs—Merry England, 104, Odom, 9 to 2 and 3 to 5, won; Bontone, 108, Redfern, 3 to 1 and 8 to 5, second; Gay Boy, 121, Odom, 6 to 5 and 1 to 2, third. Time, 1:12 4-5.

Second race, selling, 1 mile—Alcris, 103, Burns, 5 to 1 and 2 to 1, won; Gravino, 106, Fuller, 7 to 5 and 7 to 10, second; Payne, 102, Higgins, 5 to 1 and 2 to 1, third. Time, 1:40 3-5.

Third race, handicap, 1½ furlongs—Wizard, 105, Cannon, 7 to 1 and 3 to 1, won; Dell Spencer, 124, Redfern, even and 2 to 5, second; Monet, 105, Burns, 8 to 1 and 3 to 1, third. Time, 1:29 3-5.

Fourth race, the Election Day handicap, 1 mile and a furlong—Carbuncle, 103, Redfern, 9 to 2 and 8 to 5, won; Stamping Ground, 102, Higgins, 5 to 1 and 2 to 1, second; Lux Casta, 111, Gannon, 7 to 1 and 5 to 2, third. Time, 1:52 3-5.

Fifth race, 7 furlongs—Garnish, 108, Callahan, 30 to 1 and 12 to 1, won; Dutiful, 108, W. Flasher, 15 to 1 and 5 to 1, second; Prince Sam, 108, Gannon, 6 to 1 and 2 to 1, third. Time, 1:28 1-5.

Sixth race, selling, mile—Elsa Snyder, 92, O'Brien, 7 to 2 and 6 to 5, won; The Guardsman, 98, Higgins, 3 to 2 and even, second; McWilliams, 103, Shilhard, 8 to 1 and 2 to 1, third. Time, 1:40 1-5.

THE AUTUMN HANDICAP.

It Was Won by a Long Shot—Jockey Boland Injured.

CINCINNATI, O., Nov. 3.—The largest field ever faced the starter in a stake race at Latonia was that in the Covington Autumn stakes for 2-year-olds today, fifteen of the very best youngsters on the track contested for the prize and the race was a most exciting one throughout. Determination, a 15-to-1 shot, from the outside position, had Troxler in the cook, won in a drive by two lengths. Nabland, another 15 to 1, got the place by a head. Armoria, at 3 to 1, was third. Allista was the favorite and was left at the post.

In the second race Briers, with Midget Roland up, was lumped into and the filly boy was trampled on by the field. He, however, was not seriously hurt. The race was won by five miles and then crashed into a fence. The handicap at 1 mile and 70 yards was won by Reservation. The winner was last at the quarter pole, but sailed right up to the front and finished of the meeting won by one length. Summary:

First race, 7 furlongs—John Cloiter, 104, H. Martin, 12 to 5, won; Oloseta, 97, H. Phillips, 4 to 1, second; Barbermont, 104, Hoherstein, 7 to 1, third. Time, 1:29½.

Second race, 1 mile—Klimonie, 102, Hoffer, 5 to 1, won; Sister Lillian, 89, C. Hyams, 8 to 1, second; Miss Chilcoe, 96, Wrobbin, 10 to 1, third. Time, 1:45.

Third race, 6 furlongs—Bardolphs, 98, Bauer, 3 to 1, won; Tam O'Shanter, 96, Wrobbin, 3 to 1, second; Don McGinn, 106, G. Austin, 7 to 1, third. Time, 1:15.

Fourth race, the Covington Autumn stakes; value to winner, $1,850; 6 furlongs—Determination, 107, Troxler, 15 to 1, won; Belmont Hand, 110, W. Watson, 15 to 1, second; Armorer, 105, Bonner, 6 to 1, third. Time, 1:15½.

Fifth race, 1 mile and 70 yards—Reservation, 115, Burns, 8 to 5, won; Mayfield, 100, H. Phillips, 7 to 5, second; Fonsolera, 101, Hoffer, 7 to 2, third. Time, 1:46½.

Sixth race, 1 furlong—Dave Conners, 109, A. Weckerly, 7 to 1, won; Miss Haughty, 107, F. Davis, 7 to 5, second; Bud Embry, 109, T. Butler, 3 to 1, third. Time, 1:39½.

Mansfield in "Old Heidelberg."

Richard Mansfield will be here next week to reveal his much admired Karl Heinrich, crown prince of Sachen-Karlsburg, in Meyer-Forster's internationally successful play of German university student life, "Old Heidelberg." The play tells a simple, sweet, romantic, touching story, and Mr. Mansfield's adaptation of the German original will do justice to its characteristic German blending of poetry, pathos, joviality, sentiment, sadness and humor. Mr. Mansfield will be seen next week at the Alvin theater, for which event seats will be placed on sale tomorrow morning, though mail orders, accompanied by remittance, are now being received.

Mrs. Fiske's Engagement.

The sale of seats for Mrs. Fiske's engagement at the Duquesne next week, that began yesterday, more than justified the belief that this actress' forthcoming visit will be one of the most successful she has played here. The production of "Mary of Magdala" is justly regarded as one of the most important events that the local theater has known. Certainly Mrs. Fiske never has offered a finer portrayal than that of the Magdalen, nor has any native production been staged with the sumptuousness that marks the setting and costumes provided for the Heyse drama.

Lorenzes File a Demurrer.

WASHINGTON, Nov. 3.—Demurrers to the indictments of George E. Lorenz and his wife, Martha J. Lorenz of Toledo, Ohio, for alleged complicity in the postal frauds, were filed in the district criminal court here today. They allege the indictments are bad in substance and omit certain necessary specifications.

Tramps Commit Murder.

WATERLOO, IOWA, Nov. 3.—John Rush, president of the local gas company, was assaulted by tramps near his home late last night, and died early today of his injuries. His assailants have not been captured. Mr. Rush was prominent in the Iowa Traveling Men's association, and was well known throughout the state.

FITZ AND GARDNER ARE BOTH CLEVER FIGHTERS

Their Battle This Month Will Be an Important One—Both Men Are Training Hard.

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW YORK, Nov. 3.—On the 28th of this month, under the management of the Yosemite club, of San Francisco, Robert Fitzsimmons and George Gardner will battle for the light heavyweight championship of the world. This should be the fiercest fight of the year. It will show whether or not Fitzsimmons is as good as ever or has started on the down grade.

Gardner is young and strong and unless Fitz himself should furnish the exception, is the best fighter of his weight in the world. He has a brave, forceful style of fighting, beating his rival down with a furious, ceaseless battering, always pressing in, never giving the other man a chance to rest.

Fitz is a cunning old fox. He is not the man to be rattled, no matter how fast the battle comes to him, and he always has that quick ready. A man who rushes him is not at all unlikely to learn that in a very disagreeable manner. He knows all about the impetuosity of Gardner in the ring and he will undoubtedly have a good plan of battle ready. Gardner will have to fight more cleverly than he did in his last battle with Jack Root in Buffalo.

Both men are already training in San Francisco or its suburbs. Fitz is at work on the beach near the Cliff House, Gardner in Alameda, across the bay from the town.

AGAINST PRIZE FIGHTS.

The Los Angeles Council Rules Against the Pugs in That City.

LOS ANGELES, CAL., Nov. 3.—(Special.)—The city council has prohibited prize fighting within the city limits. It makes it unlawful for any person to hold, conduct, engage in, or be present as principal or any boxing contest, or sparring exhibition in the city of Los Angeles.

It is also unlawful for anyone to permit such a contest to be held in his building or rooms. A fine of not less than $100 nor more than $500 and imprisonment for from 30 to 180 days is provided.

This ordinance does not apply to any private boxing contest in which soft gloves, weighing not less than eight ounces each, are used. As such gloves as eight ounce gloves could make a real fight impossible, no Los Angeles is now off the pugilistic map.

WATKINS SELLS OUT.

Disposes of Interest in Indianapolis Club and Goes to Minneapolis.

INDIANAPOLIS, IND., Nov. 3.—(Special.)—H. W. Watkins, half owner of the Indianapolis baseball team, today disposed of his interest to Charles Comiskey, Charles Ruschaupt. At the same time Watkins purchased the baseball franchise of the Minneapolis team. He ascribed no reason for his withdrawal from the Indianapolis club, but it is commonly believed that he desired to participate in baseball on a larger scale, as Sunday ball would be permitted.

Ruschaupt, who through his purchase today becomes sole proprietor of the Indianapolis baseball interest, stated that "Big Bill" Phillips will be his manager next year.

WILL BE BIG SHOW.

Madison Square Garden Will Be Taxed by Autoists.

NEW YORK, Nov. 3.—(Special.)—Manager S. A. Miles of the National Association of Automobile Manufacturers, Secretary Post of the Automobile Club of America and Secretary Young of the Madison Square Garden Company spent the day at Madison Square Garden in connection with the annual automobile show, which takes place in January.

There are applications for three times the space at the command of the organizations to secure it, and this in spite of the fact that the top gallery is to be added to the exhibition space. Accessories will be placed in the upper gallery and the lighter cars to the lower gallery. Additional space will be provided for speedy runabouts, and every inch of available space in the building will be utilized.

The makers have greatly enlarged lines this year and as more room than at the management expects to receive a great deal of protests, although the announcement was made early that applicants would be treated with in the order received. This is being done.

M'GOVERN IS ALL IN.

Little Fighter's Left Fist Has Gone to the Bad—He Has Plenty of Cash.

NEW YORK, Nov. 3.—Terry McGovern has been compelled to abandon the prize ring owing to an injury to his left hand. McGovern calls it a boxer's fracture, for through the punches he has landed with it he has caused that much coin of the realm.

Since the little Brooklynite entered the ring a few years ago to the present time the fame of this fist has been world-wide. With it he has put over two score men to sleep, and with it he won the featherweight championship. It was the last fistic battle he ever fought, for he lost to Young Corbett. The fortune won with the fist has been profitably invested and will keep the wolf from the door of the McGovern home for a long time.

McGovern is taking the best care of his injured fist just now, and he hopes to get back into the game.

BELMARS SWAMPED AT CONNELLSVILLE

CONNELLSVILLE, PA., Nov. 3.—(Special.)—In a poorly played game between the Belmar Athletic association eleven of Pittsburgh and the Connellsville-New Haven eleven, the latter won 27 to 0.

SOCIETY.

SELDOM is there seen a more representative gathering of Pittsburgh men and women than that in attendance at the wedding of Miss Lois Wainwright Abbott and Walter Lansing Worrall, which took place in the Protestant Episcopal Church of the Ascension last evening. Just at twilight the long train of men and maids entered the church. The ushers, Robert Stone of Chicago, Valentine Chappell of New London, Conn., Myran Townsend of New York, Frederick Cause Taylor of Wilmington, Del., Peter Worrall, brother of the bridegroom, Richard Hawkins, Franklin Abbott and William L. Abbott, Jr., led the party, followed by the maid of honor, Miss Jeannette Abbott, who will make her debut later in the season, and the bridesmaids Miss Laura McGinley, Miss Margaretta Wood, Miss Ruth Miller, Miss Marion McLean, Miss Ruth Abbott, Miss Dorothy Worrall, a sister of the bridegroom, and Miss Abbie Livingston of St. Paul. The hour of the ceremony, which was performed by the rector, the Rev. Robert W. Gramley, was 8:30. The bride, who was given away by her father, wore an exquisite creation of white chiffon cloth, lace trimmed. The lace formed the yoke, and also curved into the trimmings of the bodice and sleeves and formed a flounce on the skirt. The long tulle veil was fastened with orange blossoms, while gathered in the bride's arms was a cluster of white gardenias and orchids. Miss Jeannette Abbott wore a beautiful gown of white chiffon, with bertha and flounce on the skirt of hand embroidery. A dainty little pole-shaped hat of white lace over white chiffon and with bands of ribbon was worn. She carried a huge cluster of American Beauties. Gowns of palest pink chiffon, patterned the same as that of the bride's maid, were worn by the bridesmaids. Their girdles were finished with touches of the embroidery and the hats were of white lace over pink, with trimmings of pink ribbon on the band, which slightly lifted them from the faces. Their bouquets of American Beauty roses were tied with wide pink satin ribbon and white mahne. The bride's mother, who, with her husband, received with the bride and bridegroom, at the reception at the Abbott home in Morewood avenue, was gowned in gray chiffon. The robe had a large bertha of point lace. The skirt was elaborately tucked and the lace appeared to advantage in different parts of the gown. Mrs. Abbott wore a hat of mulberry chiffon with two long plumes to match. Mr. and Mrs. Peter B. Worrall, father and mother of the bridegroom, were also in the receiving party, Mrs. Worrall wearing a handsome gown of black and white chiffon and lace.

The decorations were marked by simplicity and quiet dignity. Over the white marble mantel back of the altar was a floral tablet of smilax, while at each side of the altar were tall palms, reaching almost to the ceiling. At each end of the chancel rail and also at the chancel steps were large clusters of white chrysanthemums, and the windows were banked with ferns and palms and over the sidelights were garlands of autumn leaves and smilax. Standing at the pews reserved for the reception guests were tall white wicker standards of white chrysanthemums tied with white satin ribbon. Equally beautiful were the decorations of the house. American Beauty roses appeared in the drawing room and were the only decoration with the exception of a few palms in the double windows, which formed a background for the receiving party. The roses were placed on the mantel and piano. A screen of green rush concealed the musicians in the hall, the screen being decked with southern smilax. The stairway in the hall hung a rush basket of yellow chrysanthemums. These blossoms were also placed on the chimney-piece and a tall palm stood sentinel-like at the foot of the stairs. Palms appeared on the second landing at the turn of the stairs. An exquisite centerpiece on the bride's table, which was placed in the library, was formed of American Beauty roses and fardevense ferns. No other flowers were seen in this apartment. In the dining room, where the guests were served, the centerpiece was of yellow chrysanthemums. American Beauties adorned the mantel and sideboard. Throughout the first floor of the house asparagus festooned the chandeliers.

The gifts received by the bride ran the gamut of the useful and the decorative, including silver and bronze art pieces, silver service and flat ware, cutglass and crystal, choice paintings, tapestries and furnishings for her new home. The bride made her debut two winters ago and has been very popular in the young set.

Among the out-of-town guests were Mr. and Mrs. Frederick Mohr of Philadelphia, Mr. and Mrs. Edward B. Lathrop of Chicago and Mrs. Thomas W. Hoor of Austin, Tex. No dates have been announced for the at homes of the newly wedded couple, who left last evening for an eastern trip of about one month's duration. Their future home will be in New York. The bride is a graduate of the Misses Ely's school. Mr. Worrall is a Yale man and is also a graduate from the Harvard School of Law.

Anthony—Horne.

The smartest wedding of the day was that of Miss Mary Elizabeth Anthony, better known as Miss Bessie Anthony, the golf champion, and Bernard Shea Horne, which took place in the First Presbyterian church of Evanston, Ill., at 8 o'clock last evening.

Following the ceremony a reception for 200 guests was held at the home of the bride's parents, Mr. and Mrs. Charles Elliott Anthony, No. 528 Hamilton street. Over 1,200

Mrs. Bernard S. Horne.

[illegible] were issued to the church, which [illegible]ded with palms and white chrysanthemums. The Rev. Dr. John L. Boyd Bashford, [illegible] The bride was gowned in pearl white [illegible]ffeta, veiled in liberty chiffon, with a [illegible] of Irish point lace for garniture. [illegible]ell the veil of tulle, and the bridal [illegible] was a combination of lilies of the valley [illegible]te roses and swansonia. Miss Nellie [illegible], the bride's sister, attended her as maid of honor, wearing white grape de chine, [illegible] in duchess lace and carrying a shower [illegible]et of golden gate roses. Mrs. Frank [illegible]as matron of honor, was attired in [illegible]pe de chine. The bridesmaids were [illegible]am Anthony, Miss Ella Ebeling, [illegible]ance Adams and Miss Jeannette [illegible]. Their costumes were of mousseline [illegible]de over a liberty satin foundation, [illegible]ming of Italian lace. Harry Roblin, [illegible] Pittsburgh served as best man, and [illegible]ers were Harry McCandless, Eben M. [illegible], Max Walter and Hugh Anderson of [illegible]burgh and Ralph Hayden Evanston.

[illegible]r. and Mrs. Durbin Horne and Mr. and [illegible]rs. O. D. Thompson of Pittsburgh attended the wedding, as well as a number of guests from Philadelphia. The bridal procession was led by the ushers, followed by the matron of honor, who preceded the bridesmaids; following the latter, the maid of honor, and lastly the bride on the arm of her father. The decorations at the house included a profusion of palms, the green contrasting with pink roses and white chrysanthemums.

Mr. and Mrs. Horne will journey through the south for a month and after February 1 will be at home in Richmond lane, East End. The bride, who has been widely known for a number of years as an expert golf player, won both the western and national women's golf championship this year.

Cunningham—Hoopes.

Miss Caroline May Cunningham, daughter of Mr. and Mrs. James H. Cunningham, and Eugene B. Hoopes of Beaver were married at the home of the bride in Beaver at 8 o'clock last evening. The ceremony was performed by the Rev. Dr. Appleton Bash, pastor of the Beaver Methodist Episcopal church. The bride was attended by her sister, Miss Anne Cunningham, and E. T. McIlvain of Pittsburgh was best man. The bride's little sister, Nellie, and the bridegroom's cousin, Philip Davidson, were ribbon bearers. The bride was given away by her father and wore a gown of white crepe meteor, entrain, trimmed with duchess lace and pearls. She wore a veil of white tulle, fastened with orange blossoms, and carried a shower bouquet of white orchids and lilies of the valley. The bridesmaid wore white chiffon over white, and carried a bouquet of La France roses and ferns. The bride presented her maid of honor with a diamond brooch and the groom gave the best man a diamond pin. The decorations were of chrysanthemums with roses in the bridal dining room.

The bride is a graduate of Beaver college and of the National Park seminary of Washington, D. C., and of the musical department of Geneva college of Beaver Falls, Pa. The bridegroom is a graduate of the Pennsylvania Military academy of Chester, Pa. He is a grandson of the late Colonel Daniel R. Davidson. The guests number over 400, largely from the Beaver valley towns. Among those from out of town were Miss Mercia Warren of Chicago, Misses Nina and Ann Lea of Ohio, Miss Frances Blange of Washington, D. C., T. C. Burford of Chattanooga, Tenn., F. P. McIntire of Savannah, Ga., Mr. and Mrs. Charles Davidson and family of Connellsville, Mr. and Mrs. Fred Davidson, Mr. and Mrs. O. H. Tintsman, Mr. and Mrs. Norman McFerron, Mr. and Mrs. J. Guy McCandless, F. and Mrs. C. J. Mellvain, Captain and Mrs. Bewers, and P. S. Aelia of Pittsburgh, and Oscar J. Small of Harrisburg. Mr. and Mrs. Hoopes left for a two months' wedding trip.

Rehersal and Supper.

Miss Margaret Reed gave a supper last evening for the bridal party of Miss Marion McLean Sellers and Robert Pitcairn, Jr., the supper following the wedding rehearsal, which took place in Calvary Episcopal church at 8 o'clock. Covers were laid for the members of the party, including Miss Sellers, Mr. Pitcairn, Miss Reed, Miss Genevieve Bughman, Miss Katherine Abbott, Miss Martha Rockwell, Miss Edith English, Miss Marguerite Tyler, John Hussey, Miss Dalzell, Mr. and Mrs. John Hussey, Mr. and Mrs. David King Irwin, Joseph Guffey, George Hallman, Edward Mellon, E. A. McAlpen, Jr., John Reilly, William Trainor and George Crosier. The centerpiece in the supper table was of yellow chrysanthemums in one long mound.

Miss Sellers presented her attendant maids with gold bracelets set with different stones. Mr. Pitcairn remembered his ushers and best man with handsome gold watch fobs. His wedding gift to his fiance is a beautiful necklace of diamonds and pearls. After their wedding trip to the east Mr. Pitcairn and his bride will return to Pittsburgh. They have not yet decided where they will reside, pending the completion of their new home in Amberson avenue, near Cairncrgue, the home of Mr. and Mrs. Robert Pitcairn, Sr., in Ellsworth avenue, which they expect to take possession of in the spring.

Shaw—Young.

One of the most brilliant weddings of the season in McKeesport was that of Miss Nancy J. Shaw, daughter of Mr. and Mrs. Alexander Shaw of Versailles avenue, and Frank W. Young, son of the Rev. A. J. Young, also of Versailles avenue, at the First Presbyterian church last evening. The ceremony was performed by the Rev. A. J. Young, assisted by the Rev. W. H. Decker. The bridal party entered the church at 7 o'clock, the bride leaning on the arm of her father. At the altar they were met by the groom and his best man. The bride was attended by her sister, Miss Julia Shaw, as maid of honor; Miss Lorena Young, sister of the groom, Miss Anna Boyer of Pittsburgh, Miss Bertha Boyd, Turtle Creek, and Miss Patton of Philadelphia as bridesmaids. Clyde Young, the groom's brother, acted as best man. The ushers were Edward Thorne, Mc-Keesport; David Ramsbottom, Pittsburgh; Dr. Patterson, McKeesport, and Frank Finley Finleyville.

Brighton Country Club Musicale.

The series of winter entertainments at the Brighton Country club was inaugurated last evening with a musicale, under the auspices of a committee composed of Miss Alice Follansbee, Miss Annie H. Davis, Miss Elsie M. Keifer, Charles W. Friend and R. A. C. Miller. On the committee on arrangements, Mrs. Gertrude Shuman Thomas, Mrs. Bingham, Anthony H. Euwer, Miss Strouss and Miss Claudia Bax. Among those interested in the affair were the following patronesses: Mrs. Henry Lindsay, Mrs. Andrew Easton, Mrs. Edward Thompson, Mrs. Frederick W. Keifer, Mrs. Elliot Rodgers, Mrs. John M. Goehring, Mrs. Charles Stutz, Mrs. John Dewar, Mrs. Charles Keifer, Mrs. John Follansbee, Mrs. William V. Follansbee.

Sixtieth Wedding Anniversary.

The sixtieth wedding anniversary of Mr. and Mrs. L. L. Ferrall was observed yesterday at their home, two miles south of Columbiana, O. Mr. and Mrs. Ferrall are aged 80 and 76 respectively and are the oldest married couple living in Fairfield township. The anniversary was celebrated by their six children, nine grandchildren, two great-grandchildren, three daughters and three sons-in-law. Mr. Ferrall belongs to a rather remarkable family. He has seven brothers and sisters living, the oldest of whom is 87 and the youngest 68.

Colonial Club Meeting.

The Colonial club held its regular fortnightly meeting yesterday afternoon in the parlors of the Hotel Henry, the president, Mrs. E. W. Locke, presiding. Mrs. M. D. Lichliter read an intensely interesting paper on "Sidney Lanier as Musician and Poet." Mrs. E. Z. Sullivan talked on "Elbert Hubbard and the Roycrofters." Current events were discussed by Mrs. Brice Bay.

Concert at Holy Cross Church.

The flower booth committee of the Holy Cross tea party will give a concert this evening in the hall of Holy Cross church. The following will take part: Mrs. English Shaub Misses Byers Lingenfelser, Sykes, McSweeney, Corey, Griffiths, Williams and Barry, and Messrs. Smith, McTiernan and Wheatfield.

Edgeworth Card Party.

The first of a series of three card parties was given by the entertainment committee of the Edgeworth club at the clubhouse last evening. The committee is composed of Charles Boyle, James Wardrop and Howard Shaw. About 100 of the members and their families were present and the evening was spent in playing euchre.

Euchre Club Entertains.

Mr. and Mrs. Joseph Jones of South Negley avenue entertained the members of their neighborhood euchre club last evening. The club has a membership of 30 and meetings are held every two weeks. Mrs. H. L. Shidle of South Negley avenue will act as hostess at the next meeting, Tuesday, November 17.

NOTES OF SOCIETY.

Mrs. Charles Ellsworth Smith of Atlantic avenue expects to go east on Thursday evening for a visit of some length with relatives.

Miss Elizabeth Herron entertained yesterday in honor of Mrs. G. S. Samuels, a house guest.

Miss Bertha Webb and Miss Sadie Dickson of Ward avenue, Oakland, entertained informally last evening for Mr. and Mrs. J. H. Keithler of Wilkinsburg.

FOUR WORKMEN BURIED UNDER FALLEN CEILING

Victims Seriously Injured While Engaged in Razing Chambersburg Church.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CHAMBERSBURG, PA., Nov. 3.—While razing the Second Lutheran church today, a ceiling fell, carrying with it four workmen, all of whom were badly injured. They are:

EDWARD DEMUTH, 45 years old; left arm fractured, ankle dislocated, four ribs broken.

WALLACE SMITH, 32 years old, ankle dislocated, nose broken and internal injuries.

IRA SUMMERS, 50 years old, back injured and internal injuries.

CHARLES BERKMOLDER, 40 years old, back injured, one rib broken and internal injuries.

The supports had been taken from under the ceiling, and 10 men were removing brick from a side. "Look out, the floor's sinking," called one of them in warning, but before they could reach a place of safety the ceiling fell a distance of 25 feet, and the men were buried under timbers, brick and plaster. It is believed all will recover.

The building was recently purchased by the Cumberland Valley railroad, being in the pathway of its proposed four-track elevated road through the eastern section of town.

FAILURE OF FISHERIES MEANS HARDSHIPS FOR MANY

ST. JOHN'S, N. F., Nov. 3.—Extreme destitution is reported from many parts of Labrador owing to the shortage of the fishery catch. Unless relief be provided by the government it is believed that the people will perish. One vessel already despatched with provisions has not yet been reported as arrived and the supplies she carried will have to be duplicated and sent by another ship.

Among the Clubs

Meeting of the Tuesday Musical Club.

The Tuesday Musical club held its first regular meeting yesterday afternoon at the Hotel Schenley. A very delightful program was presented, which served also to introduce several new members of the club. Miss Dorsch, one of the new members, played a movement from a Beethoven sonata and a Chopin number for the piano. Miss Florence Murdock also contributed a couple of piano numbers. Mrs. Frederick Babcock sang a charming Norwegian song, followed by a dainty love song. Several vocal numbers were given by Miss Claudia Bax and Mrs. J. K. Patton, another charter member of the club, made her first appearance yesterday afternoon, singing a group of songs. Mrs. Patton has a rich contralto voice and sang a gay little French song and "Summer Rain," by Willing. "Gray Rocks and Gayser Geas" was sung by Mrs. M. S. McKennan and two songs were each contributed by Miss Jane Lang and Miss Katherine Kelly, the latter playing with a 'cello obligato played by Howard F. White. Henry Erickson gave a couple of violin solos.

The Tuesday Musical club this year is arranging for the engagement of several artists outside the membership of the club, who will assist in the regular programs frequently. It will also take up the study of part songs and in other ways enlarge the cultivation of musical effort which it has maintained in the past.

Address on Education.

Dr. Reginald H. Holbrook, principal of the South Side High School, talked on "Education" yesterday afternoon, before the Woman's club. The address was followed by an animated discussion, in which a number of the members of the club joined. Dr. Holbrook spoke particularly of the attitude of the children toward the school and its methods, and said all the faults of education are not due to poor teachers, but are a consequence very largely of the attitude maintained by the parents toward the schools and the instructors. The aim of education is not to make the scholars proficient in a business sense, but to prepare them to be good men and women in the homes. For their best work the schools must depend upon assistance and encouragement from the home.

In the discussion which followed Mrs. C. T. Wade, Mrs. Jane Hall, Mrs. Anthony W. Smith, Jr., and Mrs. Minnie O. Roberts participated. The solo sung by Mrs. J. Hollingsworth, of Sharpsburg, who was accompanied by her teacher, F. Melton Hunter, were a very enjoyable feature of the afternoon.

The club passed a resolution on the death of one of its members, Mrs. Pierce, who was a bride of only a month and whose death occurred a few days ago.

A Benefit Matinee.

The popularity of the benefit theatrical performances does not abate. The latest organization to enter the lists with a public benefit is the Vassar Students' Aid society, which has arranged for a benefit matinee to be given by Miss Maude Adams when she comes to Pittsburgh. It will be given either in the Alvin theater or the Nixon, the two houses where Miss Adams and her company will play not yet having been definitely decided. The date also is not yet known.

The committee appointed several weeks ago to complete arrangements for the entertainment to be given by the society in order to raise funds to add to the Vassar endowment promised by John D. Rockefeller on condition that the alumnae raise an equal sum, is composed of Miss Arthur Phillips, Miss Pattie McKinley, Miss Louise Kountz, Miss Lyon and Mrs. Albert Buechner. The committee will hold a meeting next week in the Home parlors, when it will consider with the other members of the society further plans for the successful benefit. The patronesses who will be chosen will include representative women of Pittsburgh and Allegheny, and everyeffort will be made to make this event by one of the most successful ever given in this city. Miss Adams will appear in one of the plays especially written for her.

Preparing for the Visitors.

The reception committee appointed to arrange for the Pennsylvania state conference of the Daughters of the American Revolution met on Monday morning at the home of its chairman, Mrs. F. Jarvis Adams, to complete its plans. The committee is composed of Mrs. Virginia F. McCook, Mrs. Albert J. Logan, Mrs. Robert Carson, Jr., Mrs. Christian L. McKee, Mrs. William Cassidy and others. The first of the Pittsburgh meetings to be held in connection with the conference will be a musicale Monday evening, the 16th, and will be given by the Pittsburgh orchestra. On Tuesday evening the concert by the Pittsburgh orchestra will be conducted by Emil Paur. On Wednesday evening Mrs. Andrew W. Mellon will give her reception at the Schenley in honor of the visiting daughters, which will be attended by the president-general, Mrs. Charles W. Fairbanks.

English Reformers.

English Reformers were the subject of the meeting of the Lawrenceville New Century club yesterday, at which Mrs. William T. Bovard was the leader. A current event talk with Pittsburg topics and one on New York's affairs followed the history of England as recorded in the lives of its reformers through the time of Oliver Cromwell, John Howard, Elizabeth Fry, Lord Shaftesbury, John Bright, George Whitefield and John Wesley. Among those who presented the program were Mrs. J. J. Covert, Mrs. H. M. Gregg, Mrs. George Rivers, Mrs. Mary E. Ingersoll, Mrs. Ida Hutchison, Miss Ada Anderson, Miss Alma Anderson, Miss M. A. Bair and Miss Carrie Ziegler.

...NEEDS INTERPRETATION

...an Objects to Being Dispossessed ... Her Dwelling—Curious Provision of ...Will Causes Dissension—Bailey Ave...nue Widening Case Taken Up.

The supreme court yesterday heard arguments on an act of assembly that has been before the lower courts many times, but has never previously been argued up for a final decision. It is the railway act of 1868 which provides for the property for widening, enlarging and otherwise improving the lines of railroad. Four cases were argued, all of them turning more or less on this act. Three of the cases originated from the ...lement of the Baltimore & Ohio Railroad Company to secure ground for the ...ilroad new shops and yards in the Twenty-...h ward. The appellants are Rosanna ...W. Gibney and wife and John Gibney and others. The appellee is the Glenwood Railroad Company, the corporation in whose name the property was condemned. The lower court held that the act of 1868 gave the company full authority to proceed.

The fourth case was that of Mary A. Dryden, appellant, vs. the Pittsburgh, Virginia & Charleston Railway Company. The appellant owned property in Baldwin township which the company took to widen its tracks, appropriating her dwelling house. A preliminary injunction was asked for in this case and the lower court refused to grant it. Judge S. A. McClung decided both cases in common pleas court No. 3 and the points at issue were so similar that the supreme court, by special order, heard the arguments on them together.

The case of Caroline Shaner against John Wilson and others, appealed by the defendants from the judgment of the common pleas court No. 2, was argued. The action was one of ejectment, brought by the plaintiff to gain possession of a one-seventh interest in a Moon township farm consisting of 228 acres. The question arose through an uncommon provision in the will of John Wilson. He divided a farm of 228 acres, leaving a favorite son, Joseph Wilson, during his natural life 112 acres, provided the son would not permit any of his wife's relatives to live on or occupy any part of the farm.

The plaintiff avers that her father had died intestate as to the remainder in fee in the farm and that her brother Joseph had taken but a life estate, which was sustained by the lower court.

Another case heard was Frank McKnight and William Victory, partners, as McKnight & Victory, against John Newell, an appeal from common pleas court No. 2, an action resulting from work done in Newell's hotel by the plaintiff firm.

The case of James M. Bailey and others, appellants, against the city of Pittsburgh, taken up from common pleas court No. 3, was heard. The action arose from the widening of Bailey avenue and involved the question as to whether the city could widen a street already opened and the assessment of damages caused by the grade be set off against such damages and benefits for widening the street.

William McG. Kitchens against the Ritter-Conley Manufacturing Company, appealed by the latter, was heard. The action is for personal injuries received and the question of contributory negligence is involved.

Judgments of non pros were entered by agreement of counsel in the four suits of the Carnegie Steel Company, Limited, against the Carnegie Corled Boiler and Tank Company. A judgment of non pros was also entered in the suit of Saint et al, appellants, against Cornwall et al.

The argument in the suit of Gorden, Strobel & Larsan vs. the Carnegie Steel Company, Limited, was heard before Judge Joseph Buffington in the United States district court. The action is based on the alleged infringement of a patent boss plate which the plaintiffs say they own right to and which, the bill states, the defendant company has been using at its plant to a number of years. Attorney W. B. Pierce represented the plaintiffs and T. W. Bakewell, John R. Bennett and James I. Kay appeared for the defendants.

TOOK DOSE OF IODINE IN ATTEMPT TO END LIFE

Mrs. Bedella Hannon of No. 655 Second avenue attempted to commit suicide by drinking the contents of a bottle of iodine in a yard in the rear of her home yesterday afternoon. She was removed to the Homeopathic hospital, and will probably recover. No reason can be assigned for Mrs. Hannon's act. She is 38 years old and lives with her husband and three children.

Greensburg Hunters Disgusted.

GREENSBURG, PA., Nov. 3.—(Special.)—Greensburg hunters who spent yesterday in the field returned home last night a disappointed lot. Rabbits are extremely scarce, and, although the season for quail and pheasants has been on for over two weeks, few birds have been killed. It is stated that heavy rains of summer drowned many of the younger quail. Several parties of hunters are planning trips to Indiana and neighboring counties.

WILL STUDY HISTORY OF SOCIAL LIBERTY

Dr. George Howard Will Deliver Six Lectures Before University Extension Society.

For the course in English history in the Pittsburgh university extension course six interesting lectures will be given on "The Six Leaders of Social Liberty in England" by Dr. George Elliott Howard, professorial lecturer in history, University of Chicago. The first lecture will be given next Monday evening and will be held every week until December 14, the English statesman to be considered consecutively in the following order: Oliver Cromwell, Lord Latham, John Wilkes, Lord John Russell, the earl of Shaftesbury and Richard Cobden.

Dr. Howard in discussing the lives of the men who molded English liberty into its present phase tells the whole story of the growth of British supremacy in six interesting chapters. He is well fitted for his task. He is a native of New York and was graduated from the University of Nebraska in 1876. He studied history and Roman law in the universities of Munich and Paris and upon his return to America was called to the chair of history at his alma mater. In 1891 he was placed at the head of the department of history of Leland Stanford, Jr., university, holding the office 10 years until elected to his present position in the University of Chicago. Dr. Howard has written a number of works which are accepted as authority on history in all the leading educational institutions in this country.

The Three Rivers

[SPECIAL TELEGRAM TO THE GAZETTE.]

CINCINNATI, Nov. 3.—River 5.1 feet and falling. The Levi Workum was pulled out on the Queen City marine ways today for her annual overhauling and repairs. On account of the fog and shallow water the packets are not running in the regular schedule. The government snag boat, the Dan Woodruff, arrived today and will lay over until tomorrow and then resume her trip to the lower rivers. While here she cleared the local harbor of all obstacles to navigation.

HUNTINGTON.—River 4 feet 8 inches and stationary. Boats all delayed on account of heavy fog.

PARKERSBURG.—River 3.8 feet and falling. The Bessie Smith left at 4 a. m. for Wheeling.

STEUBENVILLE.—River 2 feet 8 inches and stationary.

GALLIPOLIS.—River 3 feet 8 inches and falling.

WARREN.—River 2.9 foot.

GREENSBORO.—River 6 feet and stationary. Woodward down Wednesday and Columbia up.

ST. PLEASANT.—River 2 feet 2 inches and falling. No boats.

OIL CITY.—River 1 foot 2 inches and stationary.

LOUISVILLE.—River falling, 3 feet 2 inches in canal, 1 foot on falls, 5 feet 1 inch below falls.

WHEELING.—River 2 feet 11 inches and about stationary. Down, Bedford, Parkersburg, 11 a. m.

DENSE FOG DELAYS BOATS.

Many Pilots and Captains Returned Yesterday to Cast Their Votes.

For the past few days dense fogs have been delaying the few boats that are running on the local rivers. The pool boats and packets are able to navigate safely only a few hours out of the day. This may seem trivial, but the concerns that have work to do and are prevented by the fogs say it means a lot of lost money. The I. C. Woodward, from Morgantown, did not get in until late yesterday afternoon. The Monongahela river packets have been running under great difficulties of late.

Many of the pilots and captains who have been with their boats in the Upper Ohio river returned to Pittsburgh to vote. More members were seen about Harbor No. 25 yesterday than for some time past.

News of the Rivers.

The stage of water at Davis Island dam at 9 o'clock last night was 2.9 feet and the river was stationary.

The Columbia will probably be go far behind when she comes in tonight that she will have to hold over a trip.

The Joe Walton will be inspected today and the C. W. Thomas at the trip tomorrow.

Capt. James H. Mouth of the steamer Sam Clark, which is laid up at Louisville, returned to Pittsburgh yesterday.

Capt. E. T. Sykes of the steamer Exporter, which is laid up at Manchester, O., returned yesterday.

Harbor No. 25 will hold a meeting next Saturday morning at No. 8 Wood street.

The snagboat Gen. Theodore Schwan will probably be started out today for the completion of her work in the Upper Monongahela river.

No changes have been made in the working force in the offices of the Monongahela River Consolidated Coal and Coke Company. Some changes are looked for and pilots and engineers are wondering if they will affect them materially.

Killed by a Fall.

BUTLER, PA., Nov. 3.—(Special.)—John Craig, one of the veteran oil men of Butler county, who for several years has resided in Kansas, fell down the cellar steps today at the home of his daughter, Mrs. Margaret Green, where he has been visiting, and fractured his skull. He did not recover consciousness and death resulted today. He was 65 years of age.

Iron City Bank Is Reserve Agent.

WASHINGTON, Nov. 3.—(Special.)—The comptroller of the currency approved today the Iron City National bank of Pittsburgh, as reserve agent for the Commercial National bank of Steubenville, O., and the Empira National bank of Clarksburg, W. Va.

A TEST EXPERIMENT.

Peculiar Power Possessed by a New Medicine.

Of new discoveries there is no end, but one of the most recent, most remarkable and one which will prove invaluable to thousands of people, is a discovery which it is believed will take the place of all other remedies for the cure of those stubborn and obstinate diseases, dyspepsia and stomach troubles. This discovery is not a loudly advertised, secret patent medicine, but is a scientific combination of wholesome, perfectly harmless vegetable essences, fruit salts, pure pepsin and bismuth.

These remedies are combined in lozenge form, pleasant to take, and will preserve their good qualities indefinitely, where as all liquid medicines rapidly lose whatever good qualities they may have had as soon as uncorked and exposed to the air.

This preparation is called Stuart's Dyspepsia Tablets, and it is claimed that one of these tablets or lozenges will digest from 3,00 to 3,000 times its own weight of meat, eggs and other wholesome food. And this claim has been proven by actual experiments in the following manner: A hard boiled egg cut into small pieces was placed in a bottle containing warm water heated to 98 degrees (or blood heat); one of these tablets was then crushed in the bottle and the proper temperature maintained for three hours and a half, at the end of which time the egg was as completely digested as it would have been in a healthy stomach. This experiment was undertaken to demonstrate that what would do in the bottle it would also do in the stomach, hence its unquestionable value in the cure of dyspepsia and weak digestion. Very few people are free from some form of indigestion and scarcely two people will have the same symptoms. Some will suffer most from distress after eating, bloating from gas in the stomach and bowels, others have acid dyspepsia or heartburn, others palpitation or the headaches, sleeplessness, pains in chest and under shoulder blades, extreme nervousness, as in nervous dyspepsia, but the all have the same cause, failure to properly digest what is eaten. The stomach must have rest and assistance, and Stuart's Dyspepsia Tablets give it both, by digesting the food for it and in a short time it is restored to its normal action and vigor. At the same time the tablets are so harmless that no bad effects follow them with benefit. This new preparation has already made many astonishing cures, as for instance, the following:

"After using only one package of Stuart's Dyspepsia Tablets I have received such great and unexpected benefit that I wish to express my sincere gratitude. In fact, it has been six months since I took the package and I have not had one particle of distress or difficulty since. And all this in the face of the fact that the best doctors I have consulted told me my case was Chronic Dyspepsia and absolutely incurable as I had suffered 25 years. I have distributed a half dozen packages among my friends here who are very anxious to try this remedy.

MRS. SARAH A. SKEEL,
Lynville, Jasper Co., Mo.

Stuart's Dyspepsia Tablets are sold by druggists everywhere at 50 cents for full-sized packages. A little book on Stomach Diseases mailed free by addressing F. A. Stuart Co., Marshall, Mich.

Pennsylvania Railroad Officials Meet Today to Arrange the Fall Schedule

A meeting will be held today in the committee room at the Union station by the operating and traffic officials of the Pennsylvania lines. General Manager George L. Peck will preside and about 50 are expected to be present. The object is to make final arrangements for the fall schedule, which will probably go into effect November 15.

The passenger officials met yesterday at the Schenley hotel. E. A. Ford, general passenger agent, heard suggestions from his many assistants. The passenger department will not ask for any radical changes, but it suggesting a large number of local changes. At yesterday's meeting ideas and suggestions were exchanged, resulting in a general report being framed to be submitted to the operating officials at today's meeting. The local service has increased considerable recently, and until better electric line service is secured, the steam railroads will have to run more accommodations.

One of the changes under consideration is the establishment of another flyer between Pittsburgh and Cleveland. It is said that the business between the two cities is heavy enough to warrant three-and-a-half-hour trains. The time for departure has not been decided, but it is believed that if an additional Cleveland train is authorized it will leave Pittsburgh about 2 p. m., arriving at Cleveland about supper time. The operating officials will oppose any additional service, if possible, on the ground that present traffic will not permit more trains.

B. & O. and Wabash Fight.

The fight of the Baltimore & Ohio against the Wabash interests at Fairmont and Grafton continues to be interesting. One of the rather sensational features of the victory of the Wabash at Grafton has been the resignation of Conductor J. D. Riley from one of the passenger runs on the Monongah division. Riley is a member of Grafton council and he voted favorably to the Wabash, it is said. This action was taken adversely by the Baltimore & Ohio, and a note from the trainmaster reached Riley asking him to send his card pass, switch key, book of rules and any other property he might have belonging to the Baltimore & Ohio for complying with the request. Riley, who had been connected with the Baltimore & Ohio for 14 years, sent this reply:

"With due respect to you and the Baltimore & Ohio, you can have the belt, book, line, sinker and all, and my resignation as conductor on the Monongah division. I am not sorry for what I have done."

Heavy Passenger Travel.

Reports for October show that gross earnings, both passenger and freight, were large beyond precedent, in fact, with most lines the largest of any month in the history of the roads. At the Union station the receipts from sales of tickets were nearly $5,000 in excess of October, 1902, which was an excellent month. The baggage room handled fully 2,000 more pieces than last year in the same month.

Railroad Note.

J. B. McKim, superintendent of the Pennsylvania lines at Ft. Wayne, was in the city yesterday.

Col. Samuel Moody, assistant general passenger agent of the Pennsylvania lines, left yesterday on a western trip.

L. D. Smith, assistant general passenger agent of the Baltimore & Ohio, returned yesterday from a Western trip to Baltimore.

Charles Watts, general superintendent of the passenger transportation, Pennsylvania lines, will be in Chicago tomorrow on business.

It is announced that an increase of from 10 to 20 per cent has been granted the engineers, firemen, conductors, baggagemen and brakemen on all divisions of the Vandalia system.

The Pennsylvania Company is to instal an automatic block signal system on the West Penn railroad. At present the blocks are handled by men in towers. The new system will be operated by electricity.

Women stenographers on the Grand Trunk are prohibited and a dismissal of all now in the service has been ordered on the ground that they are an obstacle to the observance of civil service rules.

EARLIER CLOSING HOURS.

Department Stores Hereabouts Gradually Lessening Their Employes' Hours of Labor.

Boggs & Buhl, Joseph Horne Company and Horne-Stewart Company Inaugurated the Movement.

Other Large Stores Follow.

After years of earnest endeavor to have the hours of labor in all walks of life shortened, these efforts are gradually beginning to bear fruit. And the countless thousands, who strive and toil for their sustenance by clerical duties, by manual labor, or by brain work, have reached the happy time when life is not all work and no play.

This is evidenced in all lines of toil, but nowhere in such a noticeable manner as in the large mercantile establishments of this country, no material improvement having been made in that direction in Europe. In all the large cities, where the great retail stores formerly remained open until almost midnight, the hours have been gradually shortened, so that employes of such concerns are now through with their duties at 5:30 p. m.

This movement was inaugurated hereabouts the first part of the current year by three of the leading stores of the two cities, Boggs & Buhl of Allegheny, and the Joseph Horne Company and the Horne-Stewart Company of Pittsburgh. The fact that these concerns were contemplating such a move was kept a profound secret and it was a great and pleasant surprise when the announcement was made last winter that these stores would in the future close every evening of the week at 5:30 o'clock, with no extra hours on Saturday evening.

That the movement met with instant and universal approval is shown by the fact that all of the other large stores have gradually fallen into line and announced early closing. It having been only a short time since that the last of the more important stores came to time, announcing through the daily press that they would close every evening at 5:30, except Saturday, when their stores would remain open until 6:30, and it is supposed that ere long the extra hour added on Saturday evening will be cut out. This was a grand victory for their employes and the firms who started the movement deserve a vast amount of credit for their efforts to ameliorate the condition of their employes.

GAME PRESERVE OPEN TO PUBLIC

Court Decision Ousts Blooming Grove Park Association in Pennsylvania.

CONTROLLED 30,000 ACRES

Vast Area of Forest Land in Pike and Monroe Counties, Pa., Will Become Common Stamping Ground for Huntsmen Generally.

MILFORD, PA., Nov. 3.—By a decision of the supreme court of Pennsylvania just handed down 30,000 acres of forest in the mountains of Pike and Monroe counties—the hunting and fishing region, which for more than 30 years has been held under such exclusive and extraordinary charter privileges that even the stepping of a foot upon the property by one not included in those privileges made him liable to summary arrest and imprisonment—have been thrown open to the natives of the region and others subject only to the general laws of the state governing trespass and taking of fish and game.

The decision adjudges the Blooming Grove Park association, which is made up chiefly of prominent New York business and professional men, to be an illegal corporation, and annuls its charter. Under the charter provisions the association was made virtually independent of the general laws of Pennsylvania regulating taxes, excise, fish and game, trespass and judicial procedure. It made its own game laws and the penalties for violation of the same by poachers. Simple trespass on the premises of the association became a criminal act. If it chose the association could maintain sports forbidden by the general laws of the state to the private citizen.

The charter, in short, guaranteed to the members of the association a great majority of whom were non-residents of the state, exemption within their domain from the force of laws that applied to all other persons in the state.

Charles Hazen, a citizen of Pike county, was arrested early in December, 1900, by one of the Blooming Grove park constables, charged with killing a deer on the grounds of the association. Hazen denied the charge, but he was convicted by Justice of the Peace Billings under the provisions of the charter and fined $50. Hazen refused to pay and was committed to the county jail. Released on a writ of habeas corpus, Hazen appealed from the decision of the justice, and Judge Purdy, of the court of quarter sessions, holding that the charter of the association was unconstitutional, set him at liberty.

The Park association appealed to the superior court, which reversed Judge Purdy's decision. Hazey carried the case to the supreme court, which now Judge Dean delivering the opinion, sustains Judge Purdy, and not only declares the association's charter to be unconstitutional, but that the association can have no existence as a corporation.

There is great rejoicing in the Pike county back woods over this ending of the exclusive privileges so long enjoyed by the Blooming Grove park, and there will be men with guns and traps this season in game haunts where they have not been for many a year, except in fear and trembling, for they will now be subject only to the general laws governing trespass and the taking of game.

GOWNS COST $20,000.

Four of Them Arrive in New York as Part of Miss Goelet's Trousseau.

NEW YORK, Nov. 3.—(Special.)—Four gowns made abroad for Miss May Goelet, who is soon to wed the duke of Roxburghe, have reached New York and the wealthiest American girl who ever wed a foreigner might well be proud of them. Their cost is estimated to be $20,000. There is a theater costume of real Cluny lace, gray, made over gray satin. The gown is made in princess effect, with elbowing skirt. A ball gown is made of magenta satin.

Another gown for the ball room is of Nile green chiffon velvet. The gown is simple, and with it Miss Goelet will wear the famous Roxburghe emeralds, which have been sent as a wedding gift by the duke's mother. The emeralds are the greatest heirlooms in the family and are worth several hundred thousand dollars. The most important piece is a necklace of rare beauty. The largest stone is in the center and small ones are strung each way, meeting in a beautiful emerald-studded clasp. The necklace is worth $65,000. Never has an American bride been showered with a greater profusion of precious stones than Miss Goelet.

FRANK A. PARKER.

SAM PARKS GIVES UP.

Convicted Walking Delegate Is Ready to Serve His Time in Sing Sing.

NEW YORK, Nov. 3.—(Special.)—Samuel Parks in his cell at the Tombs today announced that he would resign as walking delegate and as a member of the Housesmiths and Bridgemen's union at its meeting Friday night. He says that that means that he is out of the labor movement forever.

Parks says he will not appeal from his conviction in the Tiffany case, nor will he try to escape from the Plenty verdict. He is eager to serve his prison term and is not seeking bail.

"I am done," said Parks. "Nothing can save me from Sing Sing. If I did get a new trial I would be convicted as regularly as I came up before a jury. I am not ashamed of my labor career. I thought I was right and followed my best judgment."

STRIKER BAYONETTED.

Militia at Niagara Falls Forced Disperse Mob About the Big Power Plants.

NIAGARA FALLS, ONT., Nov. 3.—The [illegible] of the laborers employed in the [illegible] of the three great power [illegible] here is assuming a more dangerous aspect. The militia of the place [illegible] duty and the Thoroid and St. Catharines companies are assembled ready [illegible] call. The plants are located on [illegible] property.

During the day several shots were fired and one of the strikers was reported bayonetted in the dispersal of a mob near Falls View.

SECOND CARNEGIE LIBRARY OPENED IN NEW YORK

NEW YORK, Nov. 3.—(Special.)—Jacob A. Cantor, president of the borough, formally opened the new building of the Chatham Square branch of the New York public library at No. 33 East Broadway last evening. Addresses were made by Arthur Ferguson, chief of the circulating department of the public library, and Judge Greenbaum of the supreme court, who represented the board of trustees. This is the second of the branch library buildings provided for by the gift of Andrew Carnegie.

NAVAL LIEUTENANT IS KILLED ON U. S. S. MAINE

Albert Beecher, Ordnance Officer, Falls Through Hatch and Alights on Head.

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEWPORT, R. I., Nov. 3.—The new battleship Maine had a race with death from No Man's Land, off Martha's Vineyard, to Newport, a distance of about 50 miles, this afternoon, and lost. Lieut. Albert Beecher had a fall, attended by very serious results, and though his life was despaired of from the first the medical officers of the ship hoped that at Newport expert medical help might be obtained and perhaps the lieutenant saved. The Maine started for this port about 1 o'clock, but Lieut. Beecher died in a half hour, just as the cliffs of Newport began to loom up.

The Maine was on her way to Hemansha Bight for target practice and about 1 o'clock Lieut. Beecher, who was the ordnance officer of the ship, was in the forward turret supervising preparations for firing. He was giving orders to some men below, who were working about the ammunition hoists, when he lost his footing and fell through the opening to the floor of the handling room, a distance of 50 feet. He struck on the top of his skull. Lieut. Becher was unmarried. His parents reside at Fort George, Kan.

ITALIAN CABINET FORMED.

Minister of the Treasury Is an Especial Friend of the United States.

ROME, Nov. 3.—The new cabinet is constituted as follows: Signor Giolitti, premier and minister of the interior; Signor Tittoni, minister of foreign affairs; Signor Ronchetti, minister of justice; Signor Luzatti, minister of the treasury; Signor Rosano, minister of finance; Gen. Pedotti, minister of war; Admiral Mirabello, minister of marine; Signor Orlando, minister of public instruction; Signor Tedesco, minister of [illegible]; Signor Rava, minister of agriculture; Signor Stellutis-cala, minister of posts and telegraphs. The ministers took the oath today.

Signor Luzatti is the most important among the members of the new cabinet. He is especially a friend of the United States, which country he vigorously defended at the sessions of the last international agricultural congress in Rome, defeating the proposition of the German agrarians who wished to organize a European zollverein against the United States. Speaking about Americans he said:

"They are the people who alone in the economic field challenge the world, while all countries, ours included, ask how shall we be able to resist its power which is unreachable, inviolable and uncoerceable, having welded together in a free and glorious nation the richest variety of races."

RESIGNATION RUMORED.

Prof. Brashear Said to Have Laid Down Western University Chancellorship.

It was stated positively yesterday that Prof. John A. Brashear, who has been acting chancellor of the Western University of Pennsylvania for about two years, has tendered his resignation to the board of directors of the institution, to be effective as soon as the board can fill the position.

Prof. Brashear would not speak yesterday on the subject and general reticence was observed by those interested. Prof. Brashear accepted the position with great reluctance and with the understanding at the time that he would be relieved as soon as the board could make permanent arrangements. The great volume of work attached to his astronomical and physical instrument enterprises and the growing task of caring for the big observatory being built in Riverview park have taken more than of his time recently and he has been especially eager to be relieved of the university chancellorship on that account.

NEGROES MUST VACATE.

An Order Issued Chasing Them from Morgan Park as the Result of Murder.

CHICAGO, Nov. 3.—Excitement prevails today among the colored citizens of Morgan Park, as the result of the posting of placards throughout the town, giving notice to all colored persons that they will be allowed 48 hours in which to leave the place.

The order to leave is the outcome of the murder of Chief of Police Airey, Saturday night, by Mack Wiley, who with several other of his colored friends, was out on a Hallowe'en frolic.

CONSUMPTION SANITARIUM FOUNDATION LAID BY KING

LONDON, Nov. 3.—King Edward in the presence of several thousand persons today laid the foundation stone of the King Edward VII. consumption sanitarium at Midhurst, Sussex, for the erection of which Sir Ernest Cassel gave the king $1,250,000. The king in a brief speech said he had decided to expend the amount of the donation in the erection of an open air establishment in the hope of arresting the malady and advancing knowledge on a matter of such infinite importance. Fresh air and sunshine were necessary and the sanitorium would provide all the accommodation necessary for people of slender means.

PRESENTED PHOTOGRAPH OF ALICE ROOSEVELT

BERLIN, Nov. 3.—Ambassador Tower, who recently returned here from a visit to the United States, brought with him a photograph of Miss Alice Roosevelt, presented by Mrs. Theodore Roosevelt to the officers of the German despatch boat Alice Roosevelt, in consequence of the desire expressed by them to have a portrait of the lady after whom the vessel was named. The photograph, which is in a soft tone, about 12 inches long by nine inches wide, and which represents Miss Roosevelt at full length, bears her autograph.

BOY REFUSES TO NAME PERSON WHO STABBED HIM

NEW YORK, Nov. 3.—(Special.)—Stabbed a few inches above the heart and lying at his home in Brooklyn in a serious condition, Jeremiah Bates, eight years old, refuses to tell who is responsible for the wound which was inflicted by a penknife. "I will attend to that myself," said Jeremiah, "as soon as I get out in the street. This is my affair." The doctor says the boy will recover.

CONVENT IN PARIS TAKEN BY THE POLICE

PARIS, Nov. 3.—A barricaded convent of the Capuchins in the Rue de La Sante was taken today by a large force of police and firemen. The latter scaled the walls and broke down the outer and interior doors. The monks retreated to the chapel, where they were found praying. The father superior refused to yield except to force, whereupon he was gently but forcibly expelled. Large crowds around the building engaged in a considerable demonstration.

NO HISTORIC PROPERTY LOST IN VATICAN FIRE

ROME, Nov. 3.—The Osservatore Romano publishes today an official communication concerning the fire which broke out in the Vatican Saturday evening last, saying: "We are authorized in the most explicit and most absolute manner to announce that no object of artistic or historic value was lost or injured in the recent vatican fire."

AGED MAN DROPPED DEAD ON HIS WAY TO VOTE

MARIETTA, O., Nov. 3.—(Special.)—John Boyd, aged 91, a veteran of the Mexican and Civil wars, walked two miles to vote at Barlow today. When within 20 rods of the voting booth he dropped dead of heart failure.

Machinists' Strike Ended.

NEW YORK, Nov. 3.—By advice of the grand officers of the International Association of Machinists, the strike of the machinists in the shipyards which began last May has been given up. The men are to be taken back where positions are vacant for them.

INSTITUTE PLANS ARE GOING AHEAD

Contractors Are Figuring on the Excavations and Foundations for Carnegie Addition.

BUILDING PROJECT HELD UP

Doings Among the Architects—Woodland Bridge Will Help Suburbs—Penn Avenue Property Sold—Deal on Duquesne Heights.

Plans were submitted to contractors Monday by Architects Alden & Harlow for the excavations and foundations for the addition to Carnegie Institute. A large number of estimates are expected before next Monday noon, when the bids will close. There is likely to be no delay in awarding the contract if the bids are at all satisfactory to the board of trustees, for it is the intention of the architects to have the building ready for the superstructure by February 15, so it may be carried up rapidly during the spring months. The addition will cover the entire square between Bellefield street and Mawhinney street and extending from Forbes street to Panther hollow. That part of Bellefield street nearest the hollow has already been vacated by councils as a part of the site. The old houses on Mawhinney street have been razed and everything is now ready for actual work on the institute addition.

Contractors Hesitate to Bid.

Bids for the Alpha apartments to be erected at Penn and East End avenues were closed Monday and the owners decided to order new estimates, which will be taken by Architect J. P. Bailey in a few weeks. Some interesting facts were brought out in the bidding. One was that because of the plumbers' strike it was impossible to get any satisfactory estimates on plumbing. The large contractors, warned by the experience of previous strikes lately, refused to bind themselves to any contract until the matter of wages and hours for the plumbers was settled finally. Structural iron contractors were also slow in coming forward with bids. In the estimates for electrical wiring one firm put in a bid three weeks ago privately and a few days ago withdrew that estimate and submitted one $2,000 lower. This move is in line with the opinions of a number of experienced architects who believe that the cost of building will be considerably less next year. The estimated cost of the Alpha is $250,00.

Latest News of Building.

A. F. Watson is taking bids on a residence which he will build at Sewickley at a cost of $30,000.

Architects MacConbray & Co. are receiving estimates on the building to be erected by the Union Congregation of West Park at McKees Rocks to cost $12,000.

Architect Ludwig Dick is taking bids on a five-story brick store and flat building for Christ Rieger in Forbes street. The building will cost $15,000.

Plans are being prepared by Architect E. E. Thompson for an apartment house for the Waynesburg Realty Company to cost $35,000.

W. W. Weltzel will erect a four-story brick apartment house at Lorena and Hamilton avenues from plans by Architect C. P. Cole to cost $20,000.

Bexter Bros. have plans for a three-story apartment house for George F. Hunt at Greensburg. The estimated cost is $25,000.

Architect William Young Brady has plans for a Sunday school building at Franklin to cost $15,000.

W. H. Step will build an $8,000 brick residence at Altoona from plans by Architects Robinson & Winkler.

Architects Alden & Harlow are taking bids on the plumbing and electric wiring in the building of the Barclay Trust Company at Greensburg.

Bridge Will Help Suburbs.

The completion of the steel bridge over Woodland ravine in Elliott borough will soon give a direct outlet for the boroughs of Elliott, Sheridan, Crafton, Ingram and Carnegie. The bridge is over 600 feet long and strong enough for two street car lines. The timber covering is now being placed and it will be ready for traffic in a few weeks. The Sheridan and Elliott road is now very crooked and it is proposed to straighten this by running out over the new bridge and thence to Oakland park and the Steubenville pike. The improvement will benefit a large amount of choice frontage, notably the allotment of the Woodland Land Company near the end of the bridge. Of the 625 lots in this plan, over 400 have been sold since August 1, and many of the buyers are now getting material on the ground for building.

Very little was doing in real estate offices yesterday as the result of the election. The city registrar's office and that of the city building inspector were closed and realty gossip was at a low ebb. There is a decidedly better feeling prevalent this week, and after election is fairly over another disturbing element will have been removed from the list of obstacles that have blocked real estate deals for weeks.

Penn Avenue Property Traded.

Through the agency of C. C. Hamilton, Phillip Pearlman and N. C. Giddings have sold to a local professional man No. 5 Penn avenue for $14,500. The property consists of a brick store and six-room brick house on 18x100 feet in the south side of the avenue, running back to Spring alley. In part payment for the property the sellers tendered 44x120 feet in Frankstown avenue, near Collier street, Twenty-first ward, valued at $6,500, and 25x100 feet in Madison avenue, Thirteenth ward, valued at $1,200.

Thomas Bigelow has purchased from J. B. Farrell three eight-room frame houses with lots 25x100 feet each at Grandview avenue and Halket street, Thirty-fifth ward, for $12,000.

It is reported that the final details have been arranged in the Pennsylvania Railroad Company's purchase of the Point holdings, which was widely published months ago, by the settlement H. C. Frick is said to have received for about one-half the ground $2,500,000 payable in 25 years and with interest payable semi-annually. It is not stated which part of the property the Pennsylvania has secured.

New Church for Homestead.

The congregation of St. Michael's Roman Catholic church at Homestead has purchased from John J. Ratigan two lots, 30x120 feet each, in the south side of Ninth avenue in the Carnegie plan for $4,000. Plans will be prepared at once for a church to cost $25,000.

Clark street extension: The Aronson Realty Company sold for George A. Barclay to Jacob Tannenbaum, No. 48 Clark street extension, a nine-room brick house, lot 28x130 feet, for $4,500.

Ben Avon: Henry W. Armstrong sold for the estate of James Veesh to Kate Fauntenlager a lot 50x150 feet n the north side of Church avenue, Ben Avon, for $1,250.

Eldora—Williams, Evans & Co. sold for the Eldora Land Company to William Bolser a one-acre plot in Monessen avenue, Eldora, for $1,000.

THE STRENUOUS LIFE

A Great Strain.

No one disputes the fact that we are living in a "rapid" age; it is rush, rush, rush from morning until night, and competition is so fierce that the struggle does not cease until the machine is worn out.

Women, too, even when surrounded by every comfort, become infected by the common spirit, and what with their clubs and many social duties, have no time to give thought to their physical well-being, until they are suddenly brought to a sharp realization of the fact that nothing in their lives is so important as attention to correct or rational living.

It may surprise the reader to learn that women are more prone to piles than men, and in most cases because it is difficult to impress upon them the importance of regular movements of the bowels; irregularity means straining at stool, and straining means with the certainty (under the usual methods of treatment) that the sufferer will "have them always with her;" by "usual methods" is meant the application of salves and lotions, or (as a last resort) a surgical operation.

If there is a complaint which entails more distress and suffering upon those afflicted than piles or hemorrhoids, it is not known to the writer; fortunately, however, these are learning that there is a remedy that effectually cures all forms of piles; it is known as the Pyramid Pile Cure, is in suppository form, is applied directly to the parts, and does its work quickly and painlessly; it is sold by druggists at fifty cents a package, or will be mailed by the makers to any address upon receipt of price.

Mrs. L. M. Jolliff, Pharisburg, Ohio, says: "I feel it my duty to acknowledge the great benefit I have received from the use of Pyramid Pile Cure. For several months I suffered untold agony from the bleeding piles, and was finally advised by a Columbus doctor to get Pyramid Pile Cure at once, which I did, and one box completely cured me. I advise all sufferers to use it." Write the Pyramid Drug Co., Marshall, Mich., for their little book on the cause and cure of Piles.

ANOTHER SPOT FOUND ON SUN

Prof. Brashear Locates Additional Solar Storm 95,000 Miles Long.

TO AFFECT EARTH TOMORROW

Disturbed Portion of the Sun's Surface Will Cross Earth's Meridian at That Time With Resulting Auroras and Telegraph Line Troubles.

Still further electrical disturbances on the earth following the great solar storms now raging, as shown by the "sun spots," are to be expected. The exclusive announcement in The Gazette of a few weeks ago of the discovery by Prof. John A. Brashear of the Western University foretelling the disturbances that were to come can be supplemented now with another. For three days Prof. Brashear has been busied with matters other than the sun. Yesterday he looked at the sun and found that in the meantime a great spot had appeared on its western limb. It is now passing apparently across the face of the sun, this appearance being due to the revolution of the sun on its axis. The large spot is expected to cross the meridian of the earth tomorrow and the electrical disturbances will then be pronounced. More brilliant aurora can be expected, and more troubles with telegraph and telephone lines will result.

Prof. Brashear measured the spot yesterday and discovered that it is about 95,000 miles long, with an almost equal width. The spot can be seen with the naked eye through a piece of blackened glass. The measuring of the extent of the spot is a simple matter. The image of the sun through a small telescope is made to fall on a sheet of white paper. The diameter of the sun being known in miles, the proportion of the spot's image to the whole disc is easily found and the size figured out.

Of the sun spots which appeared last month Prof. Brashear has obtained some excellent photographs. They were not taken with a camera, but with the spectrophotohellograph, an adaption of the spectroscope to photographic purposes. The photographs were taken in the calcium lines of the sun's spectrum.

At the next meeting of Pittsburgh councils Prof. Brashear will make the formal tender of the distinction of honoring the city by naming the new plant "Pittsburghia." When "Allegheniia" was named a few years ago the honor was accepted by formal vote of the city fathers, and the same action is expected in this case.

The recognition of the city in this way is one that is important because of the fact that as long as science exists, men of every language and nation who are students of astronomy will know one of the planets by the name of this city. It will be placed on the new charts and these records are among the most lasting on earth.

Two Killed in L. & N. Wreck.

LOUISVILLE, KY., Nov. 3.—Two Louisville & Nashville freight trains collided at the end of the bridge over Salt river, near Shepherdsville, today. Louis Brown, head brakeman and William Brown, fireman, were killed, and Engineer Farroll hurt. Exploding gasoline fired and destroyed a number of cars.

Distant City Seen in the Sky.

SUPERIOR, NEB., Nov. 3.—A remarkably distinct mirage has been seen at a point north of the town of Nelson. The entire town of Edgar, which is about 14 miles from the point where the mirage was witnessed was reflected in the sky.

Clean Sweep in Atlantic City.

ATLANTIC CITY, N. J., Nov. 3.—(Special.)—Thomas Elvins, Republican, is elected to the assembly from Atlantic county by over 4,000. The Republicans in the city made a clean sweep.

Dividends Declared.

The Second National bank of Pittsburgh has declared quarterly dividend No. 79, being 7½ per cent, payable forthwith.

The American Securities Corporation has declared its 10th monthly dividend at the rate of 5 per cent per annum, upon the preferred stock, payable November 10 to stockholders of record on the first.

The Exchange National bank has declared a semi-annual dividend of 3 per cent, payable forthwith.

The Bank of Pittsburgh has declared a dividend of 4 per cent, payable on demand.

To Make Iceless Refrigerators.

BUTLER, PA., Nov. 3.—(Special.)—The Iceless Refrigerator Company has just been organized here with a capital stock of $49,000, and the following officers: President, John Foukins; vice president, William C. Thompson; secretary, J. M. Wetherall; treasurer, J. C. Hoch; directors, Alford Klein, J. F. Anderson, Thomas J. Shaffin, Louis Eick, D. Harper Sutton, Dr. M. E. Headland and A. F. Lyda. They will manufacture a refrigerator invented by Mr. Wetherall.

OCTOBER FAILURES.

Heaviest Liabilities for October Since 1893—Manufacturing Losses Severe.

R. G. Dun & Co. report 1,086 commercial failures in the United States during October, involving a total indebtedness of $18,857,881, in addition to which 214 banking firms suspended, with liabilities of $13,084,635. In the corresponding month last year there were 962 commercial failures for $10,861,554, and 10 fiduciary insolvencies for $8,402,000. Manufacturing defaults were 316 in number and $11,995,389 in amount, against 287 last year involving $3,870,487. Trading failures numbered 730 and involved $5,306,129, compared with 676 in 1902 for $4,640,592. Commercial lines, not properly included in the two principal divisions, there were 50 failures, with liabilities in excess of $650,000, against 36 a year ago for $531,786. Thus, while there was about the same increase in number of both manufacturing and trading suspensions, most additional liabilities occurred in the manufacturing class, where losses were more than double those of October, 1902, and the increase was still larger when compared with the earlier years of this decade.

Liabilities of commercial failures in the United States for each month are compared below:

	1903	1902	1901
January	$12,978,979	$14,312,501	$11,220,311
February	10,997,454	11,302,020	11,267,211
March	13,458,000	8,117,226	9,165,464
April	11,813,967	7,859,541	5,571,222
May	12,314,206	9,109,840	7,990,423
June	8,020,654	10,172,917	10,580,589
July	15,128,225	6,952,887	7,582,953
August	10,877,782	8,068,925	9,458,865
September	7,220,568	10,031,258	8,261,373
October	18,887,567	19,851,534	10,680,037
November	.....	9,276,776	9,070,446
December	.....	11,841,039	19,780,441

October insolvencies in the Dominion of Canada were much more satisfactory than those of the United States, although the returns usually show a similar condition on both sides of the border. The total number of suspensions in October was 75, compared with 88 in the same month last year and 118 two years ago. Defaulted liabilities amounted to $747,514, against $502,183 in 1902 and $594,070 in 1901. Manufacturing losses numbered 20, with unpaid debts of $474,248, against 17 last year for $91,740. Trading failures were 52 trading suspensions for $260,416, against 70 a year ago involving $401,943.

PRETTY SALESGIRL IS EXPERT SAFEBREAKER

Jersey City Baker the Latest Victim of Clever Thieving Strategy.

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, Nov. 3.—Chief Murphy of Jersey City is looking for a young woman who poses as a model saleslgirl until she gains the confidence of her employer. Then she becomes an expert safe breaker. On Monday this clever person went to work for Henry Engel, a baker, at Webster avenue and South street. She said that her name was Emma Miller and that his aunt resided at No. 911 Washington street, Hoboken. Emma was assigned to a room in the rear of the store. Dressing becomingly and being very petite, she pleased the patrons.

Engel rubbed his hands gleefully and remarked to his wife: "That girl Emma is a peach. I will raise her pay if she will stay with us."

While the baker and his helpers were making bread and rolls in the basement at 4 o'clock this morning, they heard some one moving about the floor of the shop.

"That is Emma," said Engel. "I tell you, boys, she is the hardest worker I ever had in the shop."

An hour passed and went upstairs. The door of the safe was open. Engel gasped. Running to the safe he saw that $517 in bills and silver had been taken. Emma had disappeared.

FRANK A. PARKER.

ARRESTING LYNCHERS.

One Man, However, Claims He Is Innocent of Complicity in Death of David F. Wyatt.

ST. LOUIS, MO., Nov. 3.—Eugene Hay, nephew of County Judge John B. Hay, and a prominent society man of Belleville, appeared voluntarily in the office of Sheriff Thompson in Belleville, Ills., today and surrendered under an indictment brought by the St. Clair county grand jury, charging him with complicity in the lynching of David F. Wyatt. He furnished bond for $300 promptly and was not arrested.

Hay says his indictment is the result of a mistake. He declares that he took no part in the lynching, or in any of the occurrences that led up to it. George Schopp was the first to be arrested under the indictments, which are supposed to be against 14 men. The arrest of William Weimling, Henry Hearry and Albert Weber, laborers, on the same charge, quickly followed.

PREACHERS ARRESTED.

Prominent Denver Clergymen Taken to Police Station in a Patrol Wagon.

DENVER, Nov. 3.—(Special.)—The endeavors of the Rev. Henry W. Pinkham and the Rev. David Utter, two of Denver's foremost clergymen, to see that no frauds were perpetrated with the ballot today, brought them into disrepute by being arrested and sent to the city hall in a patrol wagon by Constable McDonald, who claimed that the pastors failed to keep outside of the election limits.

They were arrested at a precinct in the Fourth ward, which is in the Tenderloin district. After quite a lengthy talk with the police captain, the reverend gentlemen were turned loose. An attempt was made to hush the matter but it leaked out this evening.

Suicide Is Prodigal of Gas.

NEW YORK, Nov. 3.—(Special.)—Joseph Crowley was so thorough in committing suicide today that he almost killed the whole family of Mrs. Peter Connolly with whom he boarded. Crowley turned on the gas and took his own life. Mrs. Connolly happened to wake up just before the gas fumes overcame her and when revived aroused the other members of the family.

Demand of Workmen Rejected.

CHICAGO, Nov. 3.—Union employes of the Chicago City Railway Company, renewed their demands today, at a conference with General Manager McCulloch and other railway officials, and were again informed that no further concessions would be made by the employers. A referendum vote to decide on the question of a strike will now be taken, probably on Saturday.

Engineer of Wrecked Perdue Special Testifies Before the Coroner.

RAILROAD BLAMES THE CREW

Conductor Corroborates Testimony of Engineer Who Claimed Train Order Forced Him to Run at High Rate of Speed.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

INDIANAPOLIS, IND., Nov. 3.—Engineer W. H. Schumaker and Conductor F. M. Johnson of the wrecked Purdue University special on the Big Four railroad, who are held responsible by the company officials for the wreck, were before Coroner Tutewiller this afternoon. They declare that the train was running on a definite train order which they were following implicitly. Engineer Schumaker's testimony was as follows:

"I was running on a schedule order giving me one hour and 40 minutes from Lafayette to the Union station, with 14 cars. I was also given time to be at North Indianapolis, North street and Union station. In order to make this time I had to be running between 18 and 20 miles an hour within the city limits. I had six minutes from North Indianapolis to go to North street, a distance of two miles and three-tenths, and to make this time I had to run at this rate of speed between North Indianapolis and Eighteenth street. In order to reduce my speed and have my train under control, down through the main part of the city and over the crossings from Eighteenth street down. This order also gave me right over all trains and I considered with this schedule order I had the same right of any first-class train."

This testimony was corroborated by Conductor Johnson. General Superintendent Van Winkle made a statement before the coroner, holding the train crew responsible.

Dr. Lavendar's People $1.50

By Margaret Deland

Author of "Old Chester Tales"

Illustrated.

No one who read Mrs. Deland's earlier book has forgotten Dr. Lavendar. In this new volume it is again the lovable Dr. Lavendar whose wide sympathies bring him into the most intimate crises in the lives of his people. This many-sided country minister, whose humor is never failing, whose judgment never errs and whose novel justice is absolute, is the central figure in scenes of both comedy and tragedy—all told with finished art.

Receipts of hay were light yesterday and the market was steady. Oats are holding their own, the advance arrivals yesterday being less than any day for a long time. Shelled corn maintains the advanced position taken a few days ago and car corn is easy. Millfeed is unchanged, with offerings limited in quantity.

Grapes, which were advanced on Monday, are holding firm at the advance on account of the small quantity of stock being offered, demand being moderate on account of the high prices and the poor quality of the fruit. A year ago Concord grapes sold for 16 to 17 cents, instead of 22 to 24 cents as at present, and the quality was better last year. Fresh vegetables are coming in slowly and are firm in price, fancy tomatoes readily bringing $1.25 a chip. Celery is moving better than it did a week ago, but quotations are no higher. There are still a few lima beans coming in and string beans may be found at the advanced quotations, but they are scarce. Retailers have not yet commenced to store potatoes freely and prices are unchanged, with demand steady, but without particular activity.

HORSE MARKET.

The fact that yesterday was election day did not have the usual depressing effect upon the horse and mule auction, as buyers were out in plenty and the bidding as spirited as it was a week ago. Offerings amounted to 200 head and for these prices fully on a par with those which have ruled for a month were realized.

Retail selling continues steady, but without excitement or special feature. While there is a fairly good demand for horses, there are enough of them to keep the market supplied and prices are just about maintained.

GRAINS ALL CLOSED LOWER IN CHICAGO

Bearish Crop Bulletin Caused a Decline in the Price of Wheat.

[By Associated Press to The Gazette.]

CHICAGO, Nov. 3.—There was plenty of wheat for sale today, and but very little demand and as a result prices ruled weak the entire day. Besides the usual weakness due to the poor showing of cables, large receipts in the northwest and southwest, and favorable weather. Outside markets were all lower and with a renewed weak spell in the December option was especially weak and had a declining tendency from the start. The persistent selling, by the big operator caused many recent buyers to turn sellers and this fact aided in the downturn. Primary receipts were 1,530,100 bushels. Minneapolis and Duluth reported receipts of 1,117 cars, which with local receipts of 300 cars of contract grade—made total receipts for the three points of 1,423 cars, against 972 cars last week.

Corn ruled weak, due largely to lower cables and the bearish weekly government report. The market was clearly influenced by the weakness in wheat which not only encouraged short selling by povision interests, but brought out some liquidation by yesterday's buyers. The market got very little support coming from the good cash business of yesterday, and on scattered reports of poor husking. Local receipts were 474 cars, with 81 of contract grade.

Longs were forced to liquidate their holdings in oats owing to the weakness in the cash article yesterday, and to the liberal receipts. Weakness in wheat and corn was also a help in inducing free offerings. Commission houses bought sparingly, but the demand was not sufficient to prevent a small loss. Local receipts were 318 cars.

Provisions held steady in the face of a larger run of hogs than had been expected, and a decline of from 15c to 20c in prices at the yards. Covering by shorts on the big decline in contract stocks was the supporting feature. Packers were credited with selling, but the offerings were readily absorbed and prices showed little change. January pork and lard each closed a shade lower at $12 27½ @12 30 and $6 52½@6 57½, while ribs were 5c lower at $6 37½.

Estimated receipts for tomorrow: Wheat, 135 cars; corn, 280 cars; oats, 195 cars; hogs, 29,000 head.

MINNEAPOLIS, Nov. 3.—Wheat, December, 76; May, 77¾c; on track, No. 1 hard, 81½c; No. 1 northern, 80½c; No. 2 northern, 78¼c; No. 3 northern, 74¾@74½c.

MILWAUKEE, Nov. 3.—Wheat weak, No. 1 northern, 80c; No. 2 northern, 80@81c. December, 79¾@79½c. Corn firm, No. 3, 50@50½c. Barley weaker; No. 2, 46c; sample, 38@46c. Corn, December, 43¾@43¼c.

DULUTH, MINN., Nov. 3.—Wheat to arrive, No. 1 hard, 82½c; No. 1 northern, 80½c; No. 2 northern, 78½c; December, 76c; May, 78¾c.

ST. LOUIS, Nov. 3.—Wheat, No. 2 red, cash, nominal; December, 87½c; May, 81½c. No. 2 hard, 78@78½c. Corn, No. 2 cash, 40½c; December, 40¾c; May, 40½c. Oats, No. 2 cash, 28½c; December, 35½c; May, 36@36½c. No. 2 white, 38½c.

Few Reports from Oil Fields, Election Day Generally Observed

Reports from the lower southwest fields were light yesterday. The purchasing and pipe line offices were closed and many of the oil offices were deserted. The few wells completed were either small or dry. On Church Fork, Church district, Wetzel county, W. Va., the Fisher Oil Company has completed and shot in the Mazon sand, its test on the L. S. Leezer farm and has a 10-barrel pumper. In the same district and on the same farm the Hall Brothers Oil Company has completed its No. 5 on the Santee heirs' farm and has a 50-barrel producer in the same formation. The Fisher Oil Company has also completed its second test on the John Maple farm and the well produced 75 barrels the first 24 hours after it was shot. The initial production of the wells in this territory is very good, but they do not hold up for any length of time.

Northeast of the Pine Grove extension on Morris Run, Wetzel county, the South Penn Oil Company has drilled its test on the Antheny W. Snowalter farm 925 feet into the sand and has no show for a producer. Should this well prove a failure it will be the sixth in this development. In the Salem district, Harrison county, the Southern Oil Company has drilled its second test on the F. R. Clark farm through the Gordon and has a 10-barrel pumper.

In the Fink district, Lewis county, the South Penn Company has completed its test on the John Dilion farm and has a 15-barrel pumper in the Gantz sand. In the Salem district, Harrison county, the South Penn has drilled its test on the Bullskin farm eight feet into the Gordon and the hole has filled up 850 feet with fluid. It will make a small pumper. The same company's test on the T. D. Rogers farm has increased its production to 200 barrels a day.

On Flat run, Marion county, the test on the T. D. Hotbert farm has been put to pumping and is producing 20 barrels of oil per day. In the lower end of the Folsom district, Wetzel county, the South Penn has drilled its No. 47 on the Genine Robinson tract 35 feet into the Gantz and has developed a good gas pressure. The same company's test on the S. D. Higginbotham farm is a gusser in the Gordon. The South Penn Company's No. 17 on the Fairfield Peterson farm has increased its production to 100 barrels a day. No. 5 on the J. L. Price farm is good for 10 or 12 barrels a day.

On Big Run, Ellsworth district, Tyler county, the Linden Oil Company is due in the Big Injun sand at its test on the A. Fridgerman farm. On Point Pleasant creek the McKelvey Oil Company has shut down at its test on the W. B. Clendenning farm. On Days Run, Battelle district, Monongalia county, James McDermott & Co. are drilling at 1,060 feet at their test on the Hall farm. In Clay district, the second district the Blackeville Gas Company is drilling at 900 feet at a test well on the Elizabeth Stroemker farm. In Clay district, the Carter Oil Company has shut down for water at its test on the Lemley farm.

In Lincoln district, Marion county, the South Penn Oil Company is building the rig for a test on the T. & J. Garrison farm. On Meigs creek, Lewis county, the Ohio Fuel Gas Company is due in the sand at a test on the Chris. Hays farm. Myers & Co. are down 900 feet at their test on the C. H. Gotrell farm. In Centerville district, the Philadelphia Company is drilling a second test well on the A. Thomas farm. On Buffalo creek, Mannington district, Marion county, Bonnell & Co. are due in the sand at its test on the O. Hamilton farm. On Hughes Fork a Pittsburgh company has completed the rig for a test on the William Roby farm and the South Penn Company is due in the sand at a test on the G. Hall farm.

On the Ohio side, in the Scottown district, the Haines Gas Company has completed a second test on the S. L. McCurdy farm and has a good gasser in the Berea grit. Phillips & Withington have drilled their No. 5 on the T. Thomas farm into the Big Injun and have a 25-barrel producer.

In the old Cross Creek district, in Jefferson county, H. L. Bateman has completed his test well on the A. B. Gould farm and has a show for a small pumper. North of Dellroy, Allegheny county, the American Natural Gas Company's well on the Leight farm is producing 87 barrels a day.

Owing to it being general election day no runs or shipments were reported yesterday.

The Oil Market.

TOLEDO, O., Nov. 3.—North Lima, $1 32; South Lima and Indiana, $1 27.

HOLIDAY IN FINANCIAL CIRCLES

Domestic banks and stock exchanges were closed yesterday on account of state and municipal elections. The only important market open was the Chicago board of trade. There was nothing doing in foreign markets.

Foreign Money Market.

LONDON, Nov. 3.—Money was in better supply in the market today, the banks lending freely. Discounts were very firm on the purchase of $1,500,000 in gold in the open market yesterday for New York, together with intimations that withdrawals from the Bank of England for the United States will result in a decline in the rate of exchange and the expectation that the balance of the arrivals of $500 from the Cape and Australia will be sent to America. Business on the stock exchange was unsettled, owing to the disquieting far eastern news and to the demand for gold for America, causing talk of dear money and a higher bank rate.

BERLIN, Nov. 3.—On the bourse today iron shares were depressed on reports of heavy American sales of steel in England and prices generally were weak.

PARIS, Nov. 3.—At the opening of the bourse today business was irregular, with a general reaction in prices. At the close the market was calmer. Rio tintos lost 5 francs. The private rate of discount was 2 15-16 per cent.

Condition of the Treasury.

WASHINGTON, D. C., Nov. 3.—Today's statement of the treasury balances in the general fund, exclusive of the $150,000,000 gold reserve held against outstanding United States notes: Available cash balance, $227,500,718; gold, $109,778,471; silver, $14,574,687; United States notes, $5,697,548; treasury notes of 1890, $76,043; national bank notes, $1,209,709; total receipts this day, $1,340,151; total receipts this month, $8,448,145; total receipts this year, $192,886,481; total expenditures this day, $1,650,096; total expenditures this month, $3,809,000; total expenditures this year, $193,588,017; deposits in national banks, $172,500,576.

CHARLESTON, S. C., Nov. 3.—Turpentine steady. Rosin steady.

WILMINGTON, N. C., Nov. 3.—Spirits turpentine firm at 46½c. Rosin firm at $2 15. Tar firm at $1 80. Crude turpentine firm at $2 25 and $3 80.

New Counterfeit Discovered.

WASHINGTON, Nov. 3.—The secret service has announced the discovery of a new counterfeit $5 silver certificate series of 1899; check letter A; plate number 1511; Lyons, register; Roberts, treasurer. The most noticeable defect in this counterfeit is the coarse, blotchy appearance of the Indian head. The paper is of good quality with red lines to imitate the silk threads of the genuine.

RACE RIOT ENDS IN A LYNCHING

One Man Shot Dead, Another Hanged and Three Others Were Wounded.

BLOODY BATTLE IN ARKANSAS

Citizens Assembled by Courthouse Bell and After Discussing the Murder Decided to Lynch Negro Arrested for Complicity in the Crime.

[By Associated Press to The Gazette.]

LAKE VILLAGE, ARK., Nov. 3.—Two people are dead and three wounded as the result of trouble between whites and blacks here today, which was not settled until a lynching had quieted the excited people.

The dead:

FRANK ANDERSON, white, Lake Village, killed in fight.

HENRY JOHNSON, a negro, lynched.

Wounded:

B. VINSON, white, a lawyer of Little Rock.

JOSEPH FRAME, white, of Lake Village.

ELLA M'DOWELL, colored.

A row occurred between some negroes and whites early in the day. It is claimed that during the altercation Ed Coleman, colored, pulled a pistol and began shooting. A fusillade followed and when it ceased it was found that Frank Anderson, one of those in the crowd was dead. Vinson was shot in two places, Joseph Frame wounded in the foot and Ella McDowell, colored shot in the back. Coleman fled and a posse at once started in pursuit. Johnson, one of the negroes in the crowd, was arrested and placed in jail.

Excitement ran high among the people and increased until noon when the court house bell sounded and most of the white citizens assembled. A number of speeches were made and a committee on law enforcement was applied. The question was read as to what should be done with the negro, Johnson. It was announced that Circuit Judge Wood would be in town soon to hold a special term of court and that the case could be heard then, but a large number of those present rushed out of the court house shouting: "Hang him." "Hang him."

Sledge hammers and railroad irons were quickly found and in thirty minutes the doors at the jail had been broken down. The mob quickly secured the negro, took him to the center of the town and hanged him.

MURDERER OF BROTHERS WANTED TO BE SHOT

Pottsville Prisoner Asked Officers to End His Life—Has Waived Hearing.

[By Associated Press to The Gazette.]

POTTSVILLE, PA., Nov. 3.—After the desperate struggle in the darkness in the barn last night when the sheriff's posse succeeded in overpowering the desperate Benjamin F. Weissinger and he had been subdued and safely handcuffed, he declared to his captors, "Now that you have me, shoot me."

He retired into a corner of his cell today and refused to speak of the horrible crime of killing his two brothers. He is as stoical as a stone, and nothing moves or sways him. Warden Williams on the advice of Deputy District Attorney Lyons, refused admission of all except the prison officials to Weissenger's cell.

He sustained several painful bruises upon his hands, and a deep gash upon his head, which was inflicted by one of the posse in the struggle. He, however, seems wholly indifferent to the pain or of his crime, excepting that he suggested today that he should have counsel to defend him. He, at the advice of the prison officials, has waived a hearing.

MRS. BOOTH-TUCKER IS BURIED AT WOODLAWN

1,500 Persons Went to Cemetery on Special Trains—Husband Makes Address.

[By Private Wire to The Gazette.]

NEW YORK, Nov. 3.—The last rites over the remains of Mrs. Emma Booth-Tucker were performed today at the Salvation Army headquarters, in Fourteenth street, and at Woodlawn cemetery. Commander Booth-Tucker made the principal address, which was in the nature of an appeal to his officers to make the occasion one for special renewal of consecration to the work of the army. This, he said, would undoubtedly be the proper way of honoring the memory of the dead woman and would be in accordance with her wishes. He was much affected during the delivery of his address and many of his hearers were in tears when he concluded.

It was estimated that about 2,000 were in line at the depot. Of these more than 1,500 went to Woodlawn on the special train and several extra trains were provided. At the grave the remains were committed to the earth, with the Salvation Army burial service, the playing of a requiem by the staff band and the singing of hymns. Commander Booth-Tucker spoke briefly, pointing out that his wife's body would repose by the side of her two children, who died in infancy.

SUICIDE CLAUSE STANDS.

Missouri Judge Rules That Insurance Companies May Enforce It in Policies.

KANSAS CITY, MO., Nov. 3.—In a decision in the United States district court here, Judge John F. Phillips has held that insurance companies may enforce the anti-suicide clause where previously entered into by the insured. The decision was in the case of James Whitfield, a well-known newspaper sporting editor, who killed himself. Whitfield insured for $5,000, receiving a policy that contained a clause specifying that $500 only should be recovered in case of suicide.

Although the statutes of Missouri declare that insurance companies may not make suicide a defense in defending a policy, Judge Phillips held that "as the pleading of the contract in question voluntarily entered into by the parties, goes merely to the question of the amount of the recovery, and not to defeat a recovery, my conclusion is that the plaintiff is justly entitled to recover the sum of $500."

KILLED HER HUSBAND.

New York Woman Shoots Him Through the Head Then Attempts Suicide.

NEW YORK, Nov. 3.—(Special.)—Morris Lupo, a salesman for a sewing machine company, was found dead on the floor of the front room of his apartments at 270 West Fourth street today with a bullet hole in his brain and another in his left breast. On a divan in a back room was his wife, Dulla, a handsome woman, unconscious from a poison she had taken.

After being attended by a surgeon from St. Vincent's hospital, the woman was sent to Bellevue hospital to be held as a prisoner charged with having killed her husband. A charge of attempting to commit suicide was also placed against her.

PRINCESS CLAIMS RHODES MILLIONS

Radziwill Says She Has Written Contract Entitling Her to Large Sum.

BIG SENSATION IS PROMISED

Woman Arrested for Forging Notes on Late South African Millionaire Said to Have Secret Documents Connecting Chamberlain With the Jamison Raids.

[Special Cable to The Gazette.]

LONDON, Nov. 3.—The Russian princess, Radziwill, who has figured in so many scandalous escapades in England, on the continent and in South Africa, is taking legal steps to secure $7,000,000 from the trustees of Cecil Rhodes, the genius of South Africa, whose last days on earth were made miserable by this same action of nobility. The princess issued a writ today demanding from Lord Rosebery, Earl Grey, Alfred Beit, Dr. Jameson, L. S. Michell and B. A. Hawksley, trustees of the Rhodes estate, the sum of $7,000,000 on the plea of an agreement alleged to have been made about June 20, 1899, between herself and Mr. Rhodes.

This is a sequel to the sensational arrest and imprisonment of the princess at Cape Town in 1902 on the charge of forging Rhodes' signature to bills for several thousands of pounds. The case is expected to lead to many exposures. Friends of Princess Radziwill say she possesses documents of high political importance which were suppressed during the trial at Cape Town, and which will be produced in court dealing with South African matters, particularly with the Jameson raid and the alleged complicity of former Colonial Secretary Chamberlain therein. The princess's lawyers refuse to furnish particulars of her claim, but they assert that the document on which they base their claim is a regular contract in writing.

Rhodes Paid Her Bills.

Princess Radziwill was sentenced to two years' imprisonment by the supreme court of Cape Colony April 30, 1902, for forgery in connection with notes purporting to have been indorsed by the late Cecil Rhodes. She was liberated from prison August 11 last, and started for England. It has come out in court in Cape Town that she went there with letters of introduction to Mr. Rhodes and Lord Milner from Lord Salisbury and other important personages. And that she sought Mr. Rhodes' advice as to how to invest $1,000,000 which she said she had lying idle. But, instead of having so much money at hand Mr. Rhodes had to pay her hotel bills at Cape Town to enable her to leave South Africa.

She is said to have forged his signature not only to notes but also to a number of typewritten love letters, but Mr. Rhodes, being a noted woman-hater, had little difficulty in relieving himself of suspicion of being the author of the love letters.

Princess Radziwill was maid of honor to the late German empress, and now it is surmised that she got her "dit" with Lord Salisbury from having been a secret agent of the British foreign office in Germany ever since the time of the Berlin treaty.

Another Sensational Incident.

She startled London three years ago by what appeared to be a sensational theft from the Carlton hotel of her $300,000 necklace of pearls, but the sequel was still more sensational. Although the princess invoked the aid of Scotland Yard and gave a most circumstantial account of her loss, the detectives discovered that while the pearls were really gone, they had not been stolen but had been pledged by the princess herself.

Why, it was asked, should she have raised a hue and cry? The explanation offered was simple, though romantic. The missing pearls had been given to her by a young aristocratic admirer, who had "annexed" them from his mother's jewel safe, substituting a fac simile suit for them. The loss had been discovered by his mother and he had implored the return of the gems. The princess consented, but when the time came to deliver them she declared that they had been stolen.

The princess left the Carlton hotel, where the affair caused much annoyance to the management.

MRS. STANTON PRAISED BY SUFFRAGE LEAGUE

Memorial Meeting Held by Her Women Admirers and Miss Anthony Speaks.

[By Private Wire to The Gazette.]

NEW YORK, Nov. 3.—In memory of Elizabeth Cady Stanton the New York Equal Suffrage league held a meeting in the Hotel Majestic today. There was hardly any mention in the six slated addresses or the numerous interludes by the presiding officers, of the memorial subject of the gathering, but a splendid picture given to the first 100 of those present, showed the pioneer suffragist, with her daughter and granddaughter.

Her associate in the work of equalizing the status of the sexes, the venerable Susan B. Anthony, spoke of her with affectionate eulogy and in a few remarks, called "A Mile Post," told the old story of that Rochester teachers' convention in 1845, where she made her first public address, and how it was followed by the resolution 10 years later, of the reasons for co-education of the sexes, which Mrs. Stanton wrote while Miss Anthony took care of her house and her babies.

Drawing a contrast of the people of the present with the former of those days on the women's rights question, Miss Anthony said women desired to possess the ballot and to have the power to begin the reform of the world and "to help to make the world better for our living in it." Miss Anthony was given a big bunch of American Beauty roses as she ended, by the daughters of one of her old friends of the pioneer days.

MORE THEORIES IN BECHTEL CASE

Anonymous Writer Says Girl's Mother Committed the Murder.

LETTER IS FROM A WOMAN

Chief of Police of Allentown Given a New Clue by a Supposed Relative of the Family—Suicide to Shield Mother of the Victim.

[Special Telegram to The Gazette.]

ALLENTOWN, PA., Nov. 3.—Was Mabel Bechtel murdered by her mother, and did Thomas Bechtel commit suicide to shield the mother? Is the new question that has come up in Allentown's latest tragedy. The police were put on the new clue today, when Chief Eastman and a local newspaper man received identical anonymous notes from Philadelphia, stating that Mrs. Bechtel was the murderess. The writer of the letters was apparently a woman below the average intelligence, who signs herself "An Interested Party." The police think that the letter may have been written by a relative of the Bechtels. The letter is as follows:

Philadelphia, Pa., Nov. 2, 1903.

"Sir—I read in today's paper you are at a stand on the Bechtel case. I would like to give my view of the case.

"Mrs. Bechtel killed the girl. Tom carried her to the basement and probably the other boys did not know anything about the murder until the body was found. The girls were told next day. This is why when the girl arrived home on Sunday night her mother commenced to quarrel and the girl told her she would leave home for good, which enraged the mother more than ever. Then the girl went up to bed and commenced to disrobe. The hatchet lay on the kitchen floor. The mother picks it up and goes upstairs, thinking the more the girl dies submission. In the quarrel that followed she slaps the girl and they both get into a spat, when the mother, in her excitement, hits the girl with the hatchet and felled her to the floor. Tom in the next room, hears her fall, looks in and sees what the mother has done. When they find she is dead they go out and plan what to do with the body. Next day the news of the girl's death is broken to the sisters. Then they all decide on one course—to defend the mother—and so to Tuesday they are perfectly cool and Tom carries the body to the basement and the alarm is given. If Tom had done the deed he would have confessed to clear the family and killed himself after. Again, if Tom did it, after his death the family would not hesitate to say so, if only to clear themselves and save further trouble. They could even do it anyway, if they only thought of it, but the mother's mind is all herself and the girls are thinking of the mother to shield her and have not time for other thought.

"Tom killed himself rather than see his mother found out and convicted for murder. If a man had done the deed he would have taken the hatchet out of doors and made away with it. A woman would have put it where it was found. It has all the appearance of a frenzied old woman's deed. I suggest you get the old woman to your room alone on some excuse, then send someone to both the girls that she has confessed all and is all broke up and see what will happen.

"AN INTERESTED PARTY."

Not a word that could be construed as even a partial confession has been uttered by any of the Bechtels. Their attorney, James L. Schmidt, today said that they would waive a hearing at the proper time and would give bail for trial. The case is not likely to come up before January. Chief Eastman today declared that no one but those already under arrest, is suspected.

FORGER TRAPPED AT HARRISBURG

Son of Influential Philadelphian Arrested for Changing Money Orders.

HAS OPERATED EXTENSIVELY

The Pittsburgh Gazette Bureau, HARRISBURG, Nov. 3.

The discarded member of a prominent Philadelphia family, who travels under the alias of W. L. Howard was arrested here today by Postoffice Inspector Malone, charged with raising money orders. When confronted with his guilt, Howard confessed that he not only raised three orders, but that last Thursday he purchased another money order in Philadelphia for six dollars, raised it to $60 and had it cashed at the Commercial Exchange National bank.

The authorities refuse to give Howard's real name for the sake of his family and because they believe it would spoil their plans for the apprehension of his alleged accomplices. He came to Harrisburg seven weeks ago with his pretty young wife and lived in fine style at the Commonwealth hotel, which he owes over $100 board bill.

He worked for a time in the office of a local architect in which Malone's son is also employed, and the recent disappearance of a valuable instrument aroused suspicion as his real character. He is said to be the most clever forger and check raiser that has operated in this locality and he has caused the police department endless trouble.

When arrested Howard in his possession, $500 worth of pawn tickets obtained within the past six months on goods he is alleged to have bought in Philadelphia in the name of his wife's father. He claims to be an actor and to have performed in the Garrick theater, Philadelphia.
